Fighting Back the Right David Niose,2014-12-16 The political scene is changing rapidly in America The religious right is on the defensive acceptance of gay rights is at an all time high social conservatives are struggling for relevance and more Americans than ever identify as nonreligious What does this mean for the country and the future With these demographic shifts can truly progressive reason based public policy finally gain traction Or will America continue to carry a reputation as anti intellectual and plutocratic eager to cater to large corporate interests but reluctant to provide universal health care to all its citizens Fighting Back the Right reveals a new alliance in the making a progressive coalition committed to fighting for rational public policy in America and reversing the damage inflicted by decades of conservative dominance David Niose Legal Director of the American Humanist Association AHA examines this exciting new dynamic covering not only the rapidly evolving culture wars but also the twists and turns of American history and politics that led to this point and why this new alliance could potentially move the country in a direction of sanity fairness and human centered public policy The

Founding Myth Andrew L Seidel,2019-05-14 Do In God We Trust the Declaration of Independence and other historical evidence prove that America was founded on Judeo Christian principles Are the Ten Commandments the basis for American law A constitutional attorney dives into the debate about religion s role in America s founding In today s contentious political climate understanding religion s role in American government is more important than ever Christian nationalists assert that our nation was founded on Judeo Christian principles and advocate an agenda based on this popular historical claim But is this belief true The Founding Myth answers the question once and for all Andrew L Seidel a constitutional attorney at the Freedom from Religion Foundation builds his case point by point comparing the Ten Commandments to the Constitution and contrasting biblical doctrine with America s founding philosophy showing that the Bible contradicts the Declaration of Independence s central tenets Thoroughly researched this persuasively argued and fascinating book proves that America was not built on the Bible and that Christian nationalism is in fact un American **The Cult of the Constitution** Mary Anne

Franks,2023-05-25 A powerful challenge to the prevailing constitutional orthodoxy of the right and the left A deeply troubling and absolutely vital book Mark Joseph Stern Slate In this provocative book Mary Anne Franks examines the thin line between constitutional fidelity and constitutional fundamentalism The Cult of the Constitution reveals how deep fundamentalist strains in both conservative and liberal American thought keep the Constitution in the service of white male supremacy Franks demonstrates how constitutional fundamentalists read the Constitution selectively and self servingly thus undermining the integrity of the document as a whole She goes on to argue that economic and civil libertarianism have merged to produce a deregulatory free market approach to constitutional rights that achieves fullest expression in the idealization of the Internet The fetishization of the first and second amendments has blurred the boundaries between conduct and speech and between veneration and violence But the Constitution itself contains the antidote to fundamentalism The Cult

of the Constitution lays bare the dark antidemocratic consequences of constitutional fundamentalism and urges readers to take the Constitution seriously not selectively *The Oxford Handbook of Secularism* Phil Zuckerman, John R. Shook, 2017
