European Founders At Work:

European Founders at Work Pedro Gairifo Santos, 2012-02-02 In *European Founders at Work* several of the top European startup founders and venture capitalists are interviewed to explain their respective paths to building a successful company. It takes a similar approach to *Venture Capitalists at Work* and other books in the Apress elite At Work series but with a focus on the differences between building a successful company in Europe versus the U S. These insightful interviews are presented in a way that will help readers understand the founders' local or a global views, how they competed on the global scale, if and how they got funding, and their main challenges and opportunities. The companies chosen to be interviewed are a mix of unique worldwide ventures, European only ventures, and even a few copycats of already proven concepts. As such, it provides a balanced view on the European scene. This mix also includes companies that started in Europe and moved to the U S, companies who went IPO in their country of origin, companies with European venture capital backing, and companies that bootstrapped their way to success. Foreword by Saul Klein, Founder of LOVEFiLM and The Accelerator Group. Other books in the Apress At Work Series: *Coders at Work* Seibel 978 1 4302 1948 4, *Venture Capitalists at Work* Shah Shah 978 1 4302 3837 9, *CIOs at Work* Yourdon 978 1 4302 3554 5, *CTOs at Work* Donaldson Seigel Donaldson 978 1 4302 3593 4, *Founders at Work* Livingston 978 1 4302 1078 8, *Women Leaders at Work* Ghaffari 978 1 4302 3729 7, *Advertisers at Work* Tuten 978 1 4302 3828 7, *Gamers at Work* Ramsay 978 1 4302 3351 0.

Women and Gender in Postwar Europe Joanna Regulska, Bonnie G. Smith, 2012-03-12 *Women and Gender in Postwar Europe* charts the experiences of women across Europe from 1945 to the present day. Europe at the end of World War II was

a sorry testimony to the human condition awash in corpses the infrastructure devastated food and fuel in such short supply From Soviet Union to the United Kingdom and Ireland the vast majority of citizens on whom survival depended in the postwar years were women This book charts the involvement of women in postwar reconstruction through the Cold War and post Cold War years with chapters on the economic social and political dynamism that characterized Europe from the 1950s onwards and goes on to look at the woman s place in a rebuilt Europe that was both more prosperous and as tension filled as before The chapters both look at broad trends across both eastern and western Europe such as the horrific aftermath of World War II but also present individual case studies that illustrate those broad trends in the historical development of women s lives and gender roles The case studies show difference and diversity across Europe whilst also setting the experience of women in a particular country within the broader historical issues and trends in such topics as work professionalization sexuality consumerism migration and activism The introduction and conclusion provide an overview that integrates the chapters into the more general history of this important period This will be an essential resource for students of women and gender studies and for post 1945 courses *European Cooperation in Higher Education* Iryna Kushnir,2025-04-23 The ebook edition of this title is Open Access and freely available to read online Iryna Kushnir examines the perspectives from the four founding higher education stakeholders of the The European Higher Education Area through the lens of rationale choice neoinstitutionalist view of Europeanisation *Engagement and Disengagement* Howard G. Schneiderman,2017-10-16 Part dialogue part debate between Howard Schneiderman and a small number of social theorists Engagement and Disengagement represents the culmination of a life s work in social theory On the one hand it is about cohesive social cultural and intellectual forces such as authority community status and the sacred that tie us together and on the other hand about forces such as alienation politics and economic warfare that pull us apart With a blend of humanism and social science Engagement and Disengagement highlight this two culture solution to understanding social and cultural history Education of Business Men in Europe Edmund Janes James,1893 **Trübner's American, European, & Oriental Literary Record** ,1883 **Trübner's American, European and Oriental literary record** ,1886 **The Review of Reviews** William Thomas Stead,1912 **Instructor's Manual to Accompany Thompson and Hickey Society in Focus, Second Edition** Jerry Middleton Lewis,1996 **The World's Work** ,1923 **Beeton's Modern European Celebrities. Ginsberg,2007 The European Union_the world s greatest experiment in interstate reconciliation through regional integration_is now fifty years old However it remains a mystery to many people in and outside Europe This clear and comprehensive book is dedicated to demystifying the EU for both introductory and seasoned students of European integration Roy H Ginsberg

begins with the foundation blocks of history law economics and politics to provide the context for understanding integration He then deconstructs the EU into its individual elements to examine them in relation to one another and to the whole before reconstructing the EU as a single polity In doing so he evaluates the EU s scope for agency and its effects on Europeans and non Europeans alike Emphasizing this wider perspective Ginsberg convincingly demonstrates that the EU is a wellspring of support for conflict prevention and resolution throughout the world *The Sociology of Religion* Barbara Hargrove,1989
