The Scriptures of Charles Dickens Vincent Newey, 2016-12-05 This study focuses on Dickens's response to questions of identity conduct and social organization that emerged in an era of major cultural unsettlement and change not least with the decline of religious certainty and the rise of materialism An analysis of *A Christmas Carol* as a paradigm of his concerns and strategies in these fields is followed by close readings of novels from different stages of his career *Oliver Twist* *David Copperfield* *Great Expectations* and *Our Mutual Friend* These and other works by Dickens are seen to reflect ideologies currently at work in his society but also more importantly to participate in the construction of needful value systems and codes for regulating behaviour Liberal humanism and middle class hegemony feature largely in this process of culture formation where Dickens played a crucial role in formulating and promulgating such salient guiding principles as those of sympathy marriage and the family economic responsibility and hierarchy within and between groups His treatment of the self is on one level driven by this project in shaping and stabilizing attitudes among a confederacy of readers in that it offers positive models of development of how to function and fit in yet on another especially in his sustained imaginative

preoccupation with the figure of the outsider or misfit this is one pre eminent area where his writing transcends purposes of enculturation and paradoxically challenges its own ideological positions His female characters in particular as well as more obviously his anti heroes criminals and other dissidents are shown to question and subvert the moulds in which they are formally cast The novels are confirmed not only as great creative achievements an aspect this book consistently salutes nor simply as a primary site of the evolving Victorian dispensation and revolution of ideas but as a territory that predicts engages and illuminates our own complex modernity Reference is made throughout the volume to other contemporary writings including sociological philosophic and medical discourse to recent cognate theory and to traditions like that of Puritan spiritual autobiography which Dickens adapted to new ends *Contemporary Literary Criticism* Tom Burns,Jeffery Hunter,2004-08 Covers authors who are currently active or who died after December 31 1959 Profiles novelists poets playwrights and other creative and nonfiction writers by providing criticism taken from books magazines literary reviews newspapers and scholarly journals *The Clive Cussler Adventures* Steven Philip Jones,2014-05-14 The author of more than 50 books 125 million copies in print Clive Cussler is the current grandmaster of adventure literature Dirk Pitt the sea loving protagonist of 22 of Cussler s novels remains among the most popular and influential adventure series heroes of the past half century This first critical review of Cussler s work features an overview of Pitt and the supporting characters and other heroes an examination of Cussler s themes and influences a review of his most important adventures such as Raise the Titanic and Iceberg and a look at adaptations of his work in other media Cussler joins the pantheon of such as Rudyard Kipling Sir Arthur Conan Doyle and Ian Fleming and this overdue volume demonstrates that beneath Cussler s immense popularity lies a literary depth that well merits scholarly attention *The Encyclopedia of Best Films* Jay Robert Nash,2019-10-23 This all inclusive A Z encyclopedia by one of the world s foremost experts on cinema provides comprehensive annotations of the best films produced from 1914 on The work offers more than 5 000 three to five star entries three stars good four stars excellent five stars masterpiece and yes author Jay Robert Nash has viewed every single one of them as well as many more that did not make the cut In addition to a precis each film s entry also includes a listing of the cast as well as the key principles involved in production from the director to the hair stylist Especially unique to this book is a rating system that helps parents determine whether or not a film is appropriate for their children Unlike the industry rating system which can be influenced by studio lobbying Nash objectively evaluates each film and confers upon it one of four recommendations for viewing recommended acceptable cautionary and unacceptable Backmatter includes a list of top films by genre i e animated drama sports mystery adventure etc as well as an annotated name index listing all persons mentioned along with their dates of birth and death Rounding out this essential volume for the film buff are over 500 still photos from the author s private collection *The Complete Actors' Television Credits, 1948-1988* James Robert Parish,Vincent Terrace,1989 Chronicles the individual performances of 1 587 performers from 1948 to 1988 including cartoon pilot variety
