**Earth Under Fire** Paul A. LaViolette, 2005-10-25 In *Earth Under Fire* Paul LaViolette investigates the connection between ancient world catastrophe myths and modern scientific evidence of a galactic destruction cycle demonstrating how past civilizations accurately recorded the causes of these cataclysmic events knowledge of which may be crucial for the human race to survive the next catastrophic superwave cycle      **MAJOR ARCANA TAROT CARDS' Secrets Esoterically Revealed** William John Meegan, 2020-01-17 *Eucharist Delivered directly from the altar of Christ*      [Beyond 2012: Catastrophe or Awakening?](#) Geoff Stray, 2009-05-21 An illustrated encyclopedic overview of the prophecies calendars and theories that indicate the year 2012 is a threshold of great change for humanity Looks at the scientific and anthropological evidence for the rare galactic alignment due to occur in December 2012 Sifts through the catastrophic theories to show what we might really expect in 2012 In December of 2012 the Mayan Calendar's Great Cycle will come to an end Opinion remains divided as to whether apocalyptic scenarios of worldwide destruction or utopian visions of a spiritually renewed humanity will prevail after this key date has passed What is certain however is that a rare galactic alignment will occur one so unique that it is found at the core of many wisdom traditions from around the globe Geoff Stray has been collecting the vast amounts of data relating to the 2012 phenomena since 1982 Far from confining his research to the Maya who provide the most prominent predictions indicating this date will herald significant changes for humanity he has studied the prophetic traditions of other cultures including the Tibetan Chinese Jewish Ethiopian and tribal cultures from around the globe to show the kind of convergence of cosmic purposes happening along a number of parallel tracks This book offers an extensive study of many modern theories including Terence McKenna's timewave zero and Maurice Cotterell's sunspot research as well as anomalous phenomena such as near death experiences and crop circles Sifting through all the scientific research and speculation that the year 2012 has inspired Geoff Stray provides an encyclopedic look at what we might really expect on this pivotal date      [Traditional Cosmology, vol. 5: Solar and Lunar Anomalies](#) Marinus Anthony van der Sluijs, 2018-01-01 This work in 6 volumes is a compendium of traditional cosmologies worldwide The material includes the global mythology of creation and destruction but also comprises information drawn from other areas of traditional knowledge ritual iconography shamanism costume and dance Relying on original sources universal points of agreement are identified often on counter intuitive ideas These suggest a single template a blueprint for a universal mythology of origins with local variations Volume 5 documents a large number of traditions concerning unusual and often undesirable properties and activities of the sun and moon To name just a few examples prominent beliefs were that the moon was originally brighter than the sun and that the earth once succumbed to the heat caused by the sun's former proximity its greater strength its failure to move or the appearance of multiple luminaries      [Atlantis Rising Magazine Issue 28 - Searching the Andes for Atlantis PDF Download](#) atlantisrising.com, In this 88 page download LETTERS EARLY RAYS THE NEW HERETIC Infinite Energy Editor Eugene
