Easy Researcher How To Research And Write College Papers With Ease:

Easy Researcher Elizabeth Ferszt, 2015-07-11 This intention of this little book is to make the college writing process easy it is a book for both teachers and students of writing The activities at the end of each chapter are designed to build traditional lesson plans around for teachers and are designed so that students can practice the skills in each chapter The writing skills are scaffolded building from chapter to chapter toward a full paper This book relies on the work of other college writing texts which also intended to demystify the writing process I have gleaned the best practices from each in hopes that short segments of a variety of approaches will respond to differences in learning styles and to a range and scope of methods It values synthesis above self determination

Busting the Myth of the Communication Metaphor Sarah Read, 2025-07-01 Traces the linguistic rhetorical historical cultural and economic origins of our most basic beliefs and practices for successful technical writing to initiate a reckoning about who they serve and who they harm Busting the Myth of the Communication Metaphor is a transdisciplinary approach to making visible and explaining the multiple origins of why our most basic beliefs about what makes scientific and technical writing successful are wrong ineffective and harmful These tacitly held beliefs and practices collectively called the Communication Metaphor stand in as symbolic for a messier more reality based understanding of how writing and communication works By starting from conventional statements made by scientists technical professionals and standard textbooks that successful technical writing is short and to the point with the facts only no opinions the book traces the histories and structures of the multiple elements of the Communication Metaphor The text synthesizes survey results multiple strands of scholarship personal experience and original illustrations into a powerful argument for imagining a more just approach to scientific and technical writing
