Brennan, Peter Jaworski, 2015-08-20 May you sell your vote May you sell your kidney May gay men pay surrogates to bear them children May spouses pay each other to watch the kids do the dishes or have sex Should we allow the rich to genetically engineer gifted beautiful children Should we allow betting markets on terrorist attacks and natural disasters Most people shudder at the thought To put some goods and services for sale offends human dignity If everything is commodified then nothing is sacred The market corrodes our character Or so most people say In *Markets without Limits* Jason Brennan and Peter Jaworski give markets a fair hearing The market does not introduce wrongness where there was not any previously Thus the authors claim the question of what rightfully may be bought and sold has a simple answer if you may do it for free you may do it for money Contrary to the conservative consensus they claim there are no inherent limits to what can be bought and sold but only restrictions on how we buy and sell      *Speaking of Liberty*, 2003      **The Triumph of Value Investing** Janet Lowe, 2010-12-30 Timely advice from value investing giants such as Warren Buffett William O Neil Charles Brandes and David Iben After the financial chaos and panic of the last few years investors are looking to rebuild confidence and learn from the mistakes that led to the crash In *The Triumph of Value Investing* Janet Lowe urges readers to return to the basic principles of value investing as taught by the legendary Benjamin Graham which remain just as relevant today These lessons can help readers maneuver sanely through any type of economic turmoil and even benefit from further disruptions Lowe also includes interviews with leading value investors such as Warren Buffett William O Neil and Charles Brandes and analyzes dozens of U S and foreign stocks She walks investors through the steps necessary to apply the principles that define value investing with special emphasis on investing in biotech high technology and foreign companies Whether readers are familiar with value investing or are just discovering it they will find plenty of fresh information in *The Triumph of Value Investing* which covers the latest concepts and players in the market As Lowe writes It is always healthy to check up on the validity of your own thinking Considering the market breakdowns of the past decade and the confusion and discouragement many individual investors have suffered this is an excellent time to restudy Benjamin Graham s concepts of value investing and learn how to apply them to a whole range of new challenges      **Love Your God with All Your Mind** J.P. The State of Black Progress Star Parker, 2024-03-19 Black Americans have arguably arrived at the height of their cultural prominence In politics entertainment academia and nearly every sphere of influence black issues dominate the national discussion Yet many black Americans are suffering more than ever from the blight of poverty physical and mental health struggles lack of opportunity and failing schools How do these signs of success on the surface coexist with social stagnation on the ground in the black community This edited volume sponsored by the Center for Urban Renewal and Education and featuring contributions from W B Allen Judge Janice Rogers Brown ret Ian Rowe Sally Pipes Stephen Moore and others addresses this question in light of American values and the history of constitutional jurisprudence In the 1860s black America was promised emancipation but continued to experience subjugation In the 1960s black America was promised equality but was frequently exploited Racial discrimination played a role but in the intervening decades misguided progressive policies and the normalization of victimhood rhetoric has proven even more disastrous By failing to live up to American ideals our nation denied many black Americans their chance at the American Dream The scholars and luminaries who contributed to this volume believe that what has been lost can be recovered If our nation recognizes the history of our current predicament embraces the founding principles that made America an economic powerhouse and commits to an agenda of empowering fiscal educational and faith and family affirming policies then black Americans can overcome the obstacles that most hamper progress in their communities
