An Introduction to Ecclesiology Veli-Matti Kärkkäinen, 2021-03-02 What is the church In this thoroughly revised and updated text Veli Matti Kärkkäinen provides a wide ranging survey of ecclesiology in the midst of rapid developments and new horizons This unique primer not only orients readers to biblical historical and contemporary ecclesiologies but also highlights contextual and global perspectives

Unity in Mission Mitzi Budde, Donald A. D. Thorsen, 2013

Trinity and Revelation Veli-Matti Kärkkäinen, 2014-04-19 In this book Pentecostal theologian Veli Matti Kärkkäinen develops a constructive theology of triune revelation and the triune God in dialogue with Christian tradition with contemporary theology in its global and contextual diversity and with other major living faiths Kärkkäinen's Constructive Christian Theology for the Pluralistic World is a five volume project that aims to develop a new approach to and method of doing Christian theology in a pluralistic world at the beginning of the third millennium With the metaphor of hospitality serving as the framework for his discussion Kärkkäinen engages Judaism Islam Buddhism and Hinduism in sympathetic and critical mutual dialogue while remaining robustly Christian in his convictions Never before has a fullscale doctrinal theology been attempted in such a wide and deep dialogical mode

The Church and Other Faiths Douglas Pratt, 2010 This book investigates the coming to be principal features and theological outcomes of interreligious dialogue as an activity of the World Council of Churches WCC and the Roman Catholic Church Vatican The embrace of dialogical engagement represents a dramatic departure from almost two millennia of hostile Christian regard toward other faiths The development of this phenomenon is outlined and explored with research focussed on the work of relevant offices of the WCC and the Vatican during the final four decades of the 20th century A principal task has been to construct a comparative narrative that provides the basis for a close analysis and assessment of policy and practice together with theological reflection and critique A hypothesis of three dimensions or theological moments that constitute a theology of dialogue has both informed and been tested by the undergirding research The conclusion suggests that the more inclusive term interfaith engagement today better encapsulates the ongoing field of concern action and theological reflection with respect to Christian relations to other religions and that a model of transcendental dialogue is now requisite for the future of this engagement

The Church from Every Tribe and Tongue Gene L. Green, Stephen T. Pardue, K. K. Yeo, 2018-07-05

The Book of Revelation describes a church from every tribe tongue people and nation glorifying the Lamb that was slain As the church expands in the Majority World and Christianity becomes an increasingly global faith this vision is an increasingly visible reality The insights found in The Church from Every Tribe and Tongue are not commonplace Written by nine theologians and biblical scholars from Africa Asia Latin America and North America each provides fresh perspectives surveying the most pressing ecclesiological issues in their various regions The end result is a prescient analysis and constructive proposal detailing how the worldwide church can bear witness in a diverse and changing world **The**
