Eden Built By Eves The Culture Of Womens Music Festivals:

Eden Built by Eves Bonnie J. Morris, 1999 Women's music festivals have been an integral part of both the shaping of lesbian culture and the emergence of women as a musical force. This new book takes the reader on a remarkable backstage tour of the rollicking legendary world of these festivals and presents an exhilarating insider's journey through this cultural phenomena that has made an important contribution to both musical history and women's history. **The Michigan Womyn's Music Festival** Laurie J. Kendall, Ph. D. Laurie J. Kendall, 2008 This book is a five year ethnographic study of the lesbian culture built at the Michigan Womyn's Music Festival. The study explores the construction of an Amazon consciousness and its manifestation in symbol, myth and ritual performance at the Festival. It also explores the ways womyn build homes, families and sacred traditions during the Festival. Reader's Guide to Lesbian and Gay Studies Timothy Murphy, 2013-10-18 The Reader's Guide to Lesbian and Gay Studies surveys the field in some 470 entries on individuals, Adrienne Rich, arts and cultural studies, Dance, ethics, religion and philosophical issues, Monastic Traditions, historical figures, periods and ideas, Germany between the World Wars, language, literature and communication, British Drama, law and politics, Child Custody, medicine and biological sciences, Health and Illness and psychology, social sciences and education, Kinsey Report. Music in Black American Life, 1945-2020, 2022-08-23 This second volume of Music in Black American Life offers research and analysis that originally appeared in the journals American Music and Black Music Research Journal and in two book series published by the University of Illinois Press: Music in American Life and African American Music in Global Perspective. In this collection, a group of predominately Black scholars explores a variety of topics with works that pioneered new methodologies and modes of inquiry for hearing and studying Black music. These extracts and articles examine the World War II jazz scene, look at female artists like gospel star Shirley Caesar and jazz musician/arranger Melba Liston, illuminate the South Bronx milieu that folded many forms of Black expressive culture into rap, and explain Hamilton's massive success as part of the tanning of American culture that began when Black music entered the mainstream. Part sourcebook and part survey of historic music scholarship, Music in Black American Life 1945-2020 collects groundbreaking work that redefines our view of Black music and its place in American music history. Contributors: Nelson George, Wayne Everett Goins, Claudrena N. Harold, Eileen M. Hayes, Loren Kajikawa, Robin D. G. Kelley, Tammy L. Kernodle, Cheryl L. Keyes, Gwendolyn Pough, Bernice Johnson Reagon, Mark Tucker, and Sherrie Tucker. **Women's Studies** Linda Krikos, Cindy Ingold, 2004-08-30 This truly monumental work maps the literature of women's studies, covering thousands of titles and Web sites in 19 subject areas published between 1985 and 1999. Intended as a reference and collection development tool, this bibliography provides a guide for women's studies information for each title, along with a detailed, often evaluative review. The annotations summarize each work's content, its importance or contribution to women's studies, and its relationship to other titles on the subject. Core titles and titles that are out of print are noted, and reviews indicate which titles are appropriate as texts or supplemental texts. This

definitive guide to the literature of women's studies is a must purchase for academic libraries that support women's studies programs and it is a useful addition to any academic or public library that endeavors to represent the field. Songs in Black and Lavender Eileen M. Hayes, 2010-02-26. Drawing on fieldwork conducted at eight women's music festivals, Eileen M. Hayes shows how studying these festivals, attended by predominately white lesbians, provides critical insight into the role of music and lesbian community formation. She argues

that the women's music festival is a significant institutional site for the emergence of black feminist consciousness in the contemporary period. Hayes also offers sage perspectives on black women's involvement in the women's music festival scene, the ramifications of their performances as drag kings in those environments, and the challenges and joys of a black lesbian retreat based on the feminist festival model. With acuity and candor, longtime feminist activist Hayes elucidates why this music scene matters. Veteran vocalist, percussionist, producer, and cultural historian Linda Tillery provides a foreword.

Women's Culture in a New Era Gayle Kimball, 2005-11-04 In this follow-up to *Women's Culture: The Women's Renaissance of the 70s*, editor Gayle Kimball and more than 15 distinguished contributors, including novelist and poet Marge Piercy and artist Judy Chicago, assess women's culture in the 21st century. This new volume reveals how these creative women have changed over the last decades and how they've influenced young third-wave feminists.

Great Events from History: 1848-1983 Lillian Faderman, 2007 *Gay Lesbian Bisexual Transgender Events* selects events that help to mark the definition of gender, the emergence of social, cultural, and political movements, and the struggles to gain civil rights. In some cases, one event represents and offers discussion of many. For example, the article on Illinois becoming the first state to abolish its laws against consensual homosexual acts in 1961 also discusses the effect of this action on other states. In particular, essays also include, see also, cross-references to related articles within the set.

Women and Music in America Since 1900 Kristine Helen Burns, 2002 The 20th century heard a rich sound coming from America: women making music. Other works may be strictly biographical or cover only one type of musician. This two-volume A to Z encyclopedia represents the first major effort to describe the role of women in all forms of music in the United States since 1900. The significance of an individual's contribution rather than their popularity determined who was featured in this collection. Included individuals must also have been born in, been a resident of, or made most of her contributions in the United States. Each entry concludes with a short list of further readings. Photos accompany nearly 100 entries. A preface, an introductory historical overview, a chronology, a guide to related topics, a list of contributors, a general bibliography, and an index help to present the full spectrum of American women who changed the face of music in the 1900s. Girlfriends, 1999

They're Playing Our Songs Ann M. Savage, 2003-10-30 This book offers a unique and fascinating vehicle for women's voices to be heard on the subject of women's music and how it affects their lives. Author Ann M. Savage explores 15 women's engagements with what might be called feminist rock music, including that of such noted artists as Ani DiFranco, Tori Amos, the Indigo Girls, and Melissa Etheridge. The women interviewed here tell deeply personal stories of how

songs by these musicians have helped them survive and cope with turbulent life experiences such as difficult work environments depression and abusive relationships These accounts of personal transformation make for a book that is at once compelling and dynamically political revealing the myriad ways in which art polemics and life intertwine to create a side of womanhood that few ever get to see **The Advocate** ,1999 **Feminist Periodicals** ,1999
