Edgar Allan Poes Baltimore Images Of America:

Edgar Allan Poe's Baltimore David F. Gaylin, 2015-06-29 Edgar Allan Poe wrote his great works while living in several cities on the East Coast of the United States but Baltimore's claim to him is special His ancestors settled in the burgeoning town on the Chesapeake during the 18th century and it was in Baltimore that he found refuge when his foster family in Virginia shut him out Most importantly it was here that he was first paid for his literary work If Baltimore discovered Poe it also has the inglorious honor of being the place that destroyed him On October 7 1849 he died in this city then known as Mob Town Edgar Allan Poe's Baltimore is the first book to explore the poet's life in this port city and in the quaint little house on Amity Street where he once wrote **The American Portrait Gallery** Lillian C. Buttre, 1877 *Poe and the Remapping of Antebellum Print Culture* Jerome McGann, 2012-12-19 Edgar Allan Poe 1809-1849 has long occupied the position of literary outsider Dismissed as unrepresentative of the main currents of antebellum culture Poe commented incisively in fiction and nonfiction on nationalism science materialism popular taste and cultural ideology Opposing the pressure to write nationalistic American tales or from a restricted New England perspective he produced a body of work held in greater international esteem than that of any of his U.S. contemporaries In *Poe and the Remapping of Antebellum Print Culture* scholars explore Poe's anti-nationalistic Americanism as they redefine the outlines of antebellum print culture and challenge ideas that situate Poe at the margins of national thought and cultural activity The contributors offer fresh perspectives on an often maligned author including essays on Poe's preoccupation with celebrity his fascination with metropolitan crime and mystery his impact as an observer of racial fear his role as an eccentric cultural icon and his fluctuating reputation in our own era They also argue for new digital approaches that facilitate remapping of print culture Contributors Anna Brickhouse Betsy Erkkila Jennifer Rae Greeson Leon Jackson J. Gerald Kennedy Maurice S. Lee Jerome McGann Scott Peeples Leland S. Person and Eliza Richards *The American Portrait Gallery* Lillian C. Buttre, 1871 *Cartographies of New York and Other Postwar American Cities* Monica Manolescu, 2018-10-03 *Cartographies of New York and Other Postwar American Cities* Art Literature and Urban Spaces explores phenomena of urban mapping in the discourses and strategies of a variety of postwar artists and practitioners of space Allan Kaprow Claes Oldenburg Vito Acconci Gordon Matta Clark Robert Smithson Rebecca Solnit Matthew Buckingham contemporary Situationist projects The distinctive approach of the book highlights the interplay between texts and site-oriented practices which have often been treated separately in critical discussions Monica Manolescu considers spatial investigations that engage with the historical and social conditions of the urban environment and reflect on its mediated nature Cartographic procedures that involve walking and surveying are interpreted as unsettling and subversive possibilities of representing and navigating the postwar American city The book posits mapping as a critical nexus that opens up new ways of studying some of the most important postwar artistic engagements with New York and other American cities Edgar Allan Poe, the Man Mary Elizabeth Phillips, 1926 *Iconotopism* Ellen Spolsky, 2004 The essays in this collection

expand the boundaries of inter art studies claiming that human beings have evolved to draw nourishment from pictures Ellen Spolsky argues in a polemical introduction that the recognition of our embodied need for pictures that is our human iconotropy provides a fresh way of understanding the relationship of works of art to their historical contexts Jacket
