## **Ed McGivern's Book Of Fast And Fancy Revolver Shooting:**

Ed McGivern's Book of Fast and Fancy Revolver Shooting Ed McGivern, 2007-10-17 Ed McGivern needs no introduction to gun enthusiasts and serious marksmen. For more than 50 years he was revered as one of the top authorities in the field of small firearms. A world champion marksman who made *The Guinness Book of World Records*, he trained scores of law enforcement officers and developed a system of teaching that is as effective today as it was when this book was originally published. It resulted from years of experimentation and research conducted by McGivern who utilized electric timers and other devices to determine the angles and techniques that would produce the fastest, most accurate revolver shooting. Packed with handgun lore and original photographs from the first edition, this much sought-after classic contains a wealth of facts for marksmen everywhere. The U.S. Army Combat Pistol Training Handbook FM 3-23.35 reflects current Army standards in weapons qualification and can be a guide for the instructor to develop training programs, plans, and lessons that meet the objectives of the U.S. Army Marksmanship program for developing combat-effective marksmen. The first part focuses on the components and functions of the pistols where readers will learn about components, ammunition, maintenance, and assembly; clearing procedures; preventive maintenance; operation; loading; unloading; and clearing; troubleshooting; and much more. The second part is where things get fun and where readers will find instructions on topics such as basic marksmanship, grip and aiming, breath control, trigger squeeze techniques, firing, target engagement, combat reloading techniques, coaching, and safety among others. Finally, the appendixes include a thorough explanation of the U.S. Army qualification courses and training schedules. This compact guide will tell you everything you need to know about training with an M9 or M11 pistol. Loaded with illustrations and charts, this handbook shows as well as tells how to be the best pistol shooter in the Army. **Fast and Fancy Revolver Shooting and Police Training** Ed McGivern, 1957
