**The End All Around Us** John Walliss, Kenneth G. C. Newport, 2014-12-05 The Apocalypse or end times are a recurrent theme within contemporary popular culture The End All Around Us presents a wide ranging exploration of the influence of the apocalypse within art literature music and film The essays draw on representations of the apocalypse in heavy metal music science fiction disaster movies and anime The book examines key apocalyptic texts focusing on their relevance to today It will be invaluable to all those interested in the religious and cultural impact of apocalyptic thought [Liminal Fiction at the Edge of the Millennium](#) Jessica A. Folkart, 2014-10-08 Liminal Fiction at the Edge of the Millennium The Ends of Spanish Identity

investigates the predominant perception of liminality identity situated at a threshold neither one thing nor another but simultaneously both and neither caused by encounters with otherness while negotiating identity in contemporary Spain Examining how identity and alterity are parleyed through the cultural concerns of historical memory gender roles sex religion nationalism and immigration this study demonstrates how fictional representations of reality converge in a common structure wherein the end is not the end but rather an edge a liminal ground On the border between two identities the end materializes as an ephemeral limit that delineates and differentiates yet also adjoins and approximates In exploring the ends of Spanish fiction both their structure and their intentionality Liminal Fiction maps the edge as a constitutive component of narrative and identity in texts by Najat El Hachmi Cristina Fern ndez Cubas Javier Mar as Rosa Montero and Manuel Rivas In their representation of identity on the edge these fictions enact and embody the liminal not as simply a transitional and transient mode but as the structuring principle of identification in contemporary Spain

**Worlds Ending. Ending Worlds** Jenny Stümer, Michael Dunn, 2023-12-04 The notion of apocalypse is an age old concept which has gained renewed interest in popular and scholarly discourse The book highlights the versatile explications of apocalypse today demonstrating that apocalyptic transformations the various encounters with anthropogenic climate change nuclear violence polarized politics colonial assault and capitalist extractivism navigate a range of interdisciplinary views on the present moment Moving from old worlds to new worlds from world ending experiences to apocalyptic imaginaries and finally from authoritarianism to activism and advocacy the contributions begin to map the emerging field of Apocalyptic and Post Apocalyptic Studies Foregrounding the myriad ways in which collective imaginations of apocalypse underpin ethical political and sometimes individual experience the authors provide key points of reference for understanding old and new predicaments that are transforming our many worlds

In the second installment of *The End* series, not even Joshua Jordan's anti-nuclear technology can stop global events moving to catastrophic as terrorist missiles take down an American plane and a bomb explodes in the Mall of America. Joshua Jordan's reputation is on the line when his controversial anti-nuclear system fails to protect a commercial flight as it takes off from Chicago and is shot down by a terrorist missile. The government is taking no chances and starts an investigation of Joshua's entire defense program. The Israelis, longtime allies of the United States, are desperate for the technology. When Joshua flies to the Middle East to assure them of the Return to Sender reliability, he is captured by Iranians who want the secret for the defense tool for their own use. With Joshua out of the country, Abigail Jordan is left in charge of the Roundtable and sets out to defend her husband to the media and to the commission set up to investigate RTS. But America is under attack: a bombing in the Mall of America and rumors of even more potential atrocities have this covert team desperate to find additional bombs before they are set off. As world events begin setting the stage for the end of days foretold in Revelation, Joshua Jordan must weigh the personal price he must pay to save the nation he loves.

An unauthorized biography of Francis Coppola.      *The Gothic in times of crisis* John Whatley, 2025-12-02. *The Gothic in times of crisis* reflects contemporary society showing how the Gothic modes continually reset their own forms to encompass each new reality, each new apocalypse, each new plague or crisis. This collection expands on current scholarship to show how the Gothic challenges our understanding of both older and recent crises and in turn disturbs all genre complacencies to expose and confront the problems and contradictions in what our world has been, has become, or is in danger of becoming. This collection explores Gothic's current relevance to the contestations of

ideas and the underlying and visible conflicts it dramatizes across a wide range of media In various ways it reveals what happens to Gothic modes now they confront the increasingly Gothic realities of our times sometimesby recalling earlier crises and ideological contestations leading up to them     *The Edge of the Millennium* Susan Yelavich,1993     *The End of the World?* Národní galerie v Praze,2000     *On the Sixties Edge-imaginary* Madeline McDonald Lane,2010     **Studies in Mark's Gospel** A.
