made more references than may now seem needful the thought occurred to me that a full list of the books published up to the present time on the subject of a future life arranged according to their definite topics and in chronological order would greatly enrich the work and could not fail often to be of vast service Accordingly upon solicitation a valued friend Mr Ezra Abbot Jr a gentleman remarkable for his varied and accurate scholarship undertook that laborious task for me and he has accomplished it in the most admirable manner N O reader however learned but may find much important information in the bibliographical appendix which I am thus enabled to add to this volume Every student who henceforth wishes to investigate any branch of the historical or philosophical doctrine of the immortality of the soul or of a future life in general may thank Mr Abbot for an invaluable aid About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at [www.forgottenbooks.com](http://www.forgottenbooks.com) This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works
