Ear Acupuncture and Parkinson Lise Couture,2012-03-20 Lise Couture has been in the field of Ear Acupuncture for the last twentyseven years and her work is known in many countries including Canada France Argentina Uruguay U S A Spain and many others by the token of the conferences she gave at the Lyon Symposium in 1994 and in 2006 She was also a guest

speaker at the First Chinese Symposium in Toronto in May of 1986. In 2006 she heard about Dr Ulrich Werth's method with the implants in the ears for treating Parkinson's. It reminded her Dr Paul Nogier's words in one of the Auricular Magazines. One day while treating a man in his clinic he related that he would have liked to crumble the point with many needles rather than only one. The situation was really chronic and the patient needed help. In her practice she had experienced that feeling too and she is amazed that Dr Werth came out with those microimplants inserted in different points of the ear to stop or slow down the destructive process of the Parkinson's. D Lise is now in her third year of practice and research in the field of Ear Acupuncture and Parkinson. At the same time she keeps treating her regular patients but at a lower rhythm. Like Dr Paul Nogier she is all ears to the stories of her patients. The answer of the healing is in their life experiences. That is her truth and living passion. If she can have you walk shell do it. D Lise lives in Ottawa with her son Dannie and husband Michel.
