Early Christianity And Hellenistic Judaism:

Early Christianity and Hellenistic Judaism Peder Borgen, 1998-01-01 These studies break new ground in the exploration of early Christianity and Judaism towards the end of the Second Temple period Professor Borgen introduces fresh perspectives on many central issues in the complexity of Judaism both within Palestine and in the Diaspora He also examines the variety of tendencies which existed within Christianity as it emerged within Judaism and spread out into other nations An invaluable study for all scholars teachers and students of the New Testament in general and of Judaica Classics and Hellenism

Christian Origins and Hellenistic Judaism Stanley E. Porter, Andrew Pitts, 2012-10-23 In Christian Origins and Hellenistic Judaism Stanley E Porter and Andrew W Pitts assemble an international team of scholars whose work has focused on reconstructing the social matrix for earliest Christianity through reference to Hellenistic Judaism and its literary forms

Scripture and Traditions Patrick Gray, Gail R. O'Day, 2008-12-31 This volume contains twenty two essays in honor of Carl R Holladay whose work on the interaction between early Christianity and Hellenistic Judaism has had a considerable impact on the study of the New Testament The essays are grouped into three sections Hellenistic Judaism the New Testament in Context and the History of Interpretation Among the contributions are essays dealing with conversion in Greek speaking Judaism and Christianity 3 Maccabees as a narrative satire retribution theology in Luke Acts church discipline in Matthew the Exodus and comparative chronology in Jewish and patristic writings corporal punishment in ancient Israel and early Christianity and Die Judenfrage and the construction of ancient Judaism

The 'Hellenization' of Judea in the First Century after Christ Martin Hengel, 2003-03-14 This short but highly significant study is the first real sequel to Professor Martin Hengel's classic and monumental work Judaism and Hellenism It demonstrates from a wealth of evidence much of it made readily available here for the first time that in the New Testament period Hellenization was so widespread in Palestine that the usual distinction between Hellenistic Judaism and Palestinian Judaism is not a valid one and that the word Hellenistic and related terms are so vague as to be meaningless The consequences of this for New Testament study are of course considerable

Hellenism, Judaism, Christianity Pieter Willem van der Horst, 1994 In 1990 the author published two volumes of collected essays The first one Essays on the Jewish World of Early Christianity focused on the relevance of Jewish themes and writings for the study of early Christianity the second one Studies on the Hellenistic Background of the New Testament centered on pagan Hellenistic material elucidating various aspects of the New Testament and Early Christianity In the present volume these threads come together In 20 essays most of them published over the last few years some of them new several aspects of pagan Hellenistic and Judeo Christian cultures are investigated in their various forms of interaction Disparate though the copies may seem at first sight the underlying unity is to be found in the fact that the author wrote all these essays in the framework of the Utrecht University Faculty of Theology's research project The Cultural Milieu of Early Christianity The study of the New Testament was the starting point and remains the impetus for the research that lies behind

most of all of these contributions In the Utrecht tradition inaugurated by W C van Unnik New Testament problems are studied in their ancient context in the widest sense of the word This inevitably leads to thorough research of both Jewish and Hellenistic cultures in the period from Alexander the Great to Justinian in their various interactions This is why the book has a fourfold division 1 Hellenism and Judaism 2 Judaism and Christianity 3 Hellenism and Christianity and 4 Hellenism Judaism Christianity The author hopes that reading these studies will create a greater awareness of how much there is yet to be discovered in these still largely unexplored areas of the interrelationships of Graeco Roman Jewish and Christian cultures in antiquity Whatever important research has already been done in this field there is little doubt that this kind of investigations is still very much in its infancy If these contributions however modest make other scholars and students enthusiastic for pursuing this line of research the author will have attained his goal

By the Same Word Ronald Cox, 2009-02-26 Middle Platonism explained how a transcendent principle could relate to the material world by positing an intermediary modeled after the Stoic active cause that mediated the supreme principle's influence to the world while preserving its transcendence Having similar concerns as Middle Platonism Hellenistic Jewish sapientialism early Christianity and Gnosticism appropriated this intermediary doctrine as a means for understanding their relationship to God and to the cosmos However these traditions vary in their adaptation of this teaching due to their distinctive understanding of creation and humanity's place therein The Jewish writings of Philo of Alexandria and Wisdom of Solomon espouse a holistic ontology combining a Platonic appreciation for noetic reality with an ultimately positive view of creation and its place in human fulfillment The early Christians texts of 1 Cor 8:6 Col 1:15-20 Heb 1:2-3 and the prologue of John provide an eschatological twist to this ontology when the intermediary figure finds final expression in Jesus Christ Contrarily Poimandres CH 1 and the Apocryphon of John both associated with the traditional rubric Gnosticism draw from Platonism to describe how creation is antithetical to human nature and its transcendent source

Early Christian Ethics in Interaction with Jewish and Greco-Roman Contexts Jan Willem van Henten, Joseph Verheyden, 2012-11-29 In Early Christian Ethics in Interaction with Jewish and Greco Roman Contexts experts from various fields analyze the process of transformation of early Christian ethics because of the ongoing interaction with Jewish Greco Roman and Christian traditions

Hellenism, Early Judaism, and Early Christianity Radka Fialová, Jiří Hoblík, Petr Kitzler, 2022-11-07 Papers collected in this volume try to illuminate various aspects of philosophical theology dealt with by different Jewish and early Christian authors and texts e.g. the Acts of the Apostles Philo Origen Gregory of Nazianzus rooted in and influenced by the Hellenistic religious cultural and philosophical context and they also focus on the literary and cultural traditions of Hellenized Judaism and its reception e.g. Sibylline Oracles Prayer of Manasseh including material culture Elephant Mosaic Panel from Huqoq synagogue By studying the Hellenistic influences on early Christianity both in response to and in reaction against early Hellenized Judaism the volume intends not only to better understand Christianity as a religious and historical phenomenon with a profound impact on the development of European

civilization but also to better comprehend Hellenism and its consequences which have often been relegated to the realm of political history

Hellenization Revisited Institute for Christian Studies, 1994 This volume focuses on the role of Judaism particularly that of Philo and of Gnosticism as two important forces shaping the response of early Christianity to the Hellenistic Greco Roman culture of its time The sections which examine Hellenistic Judaism investigate themes from Greek philosophy like reason controlling the passions which are also crucial in shaping Philo's perception of the feminine The manner in which Jewish authors of this period attempt to synthesize Old Testament with Greek philosophical themes like creation cosmology receives specific treatment Essays dealing with Gnosticism re-examine themes from Greek philosophers like Plato and Aristotle in Gnostic documents but also look at the role of Hellenistic Judaism with its interests in Sophia Co published with the Institute for Christian Studies

Aspects of Wisdom in Judaism and Early Christianity Robert Louis Wilken, 1975 Papers presented at a seminar sponsored by the Dept of theology University of Notre Dame in 1973 Bibliography p 201-210 Includes indexes

Studia in Veteris Testamenti pseudepigrapha Daniel C. Harlow, 1996 This study addresses the chief critical issues in the interpretation of 3 Baruch including text genre setting literary integrity and original authorship and offers a reading of the document as both a Jewish and a Christian text

Jewish Sources in Early Christianity David Flusser, 1987

The New Testament and Hellenistic Judaism Søren Giversen, Peder Borgen, 1995 A substantial portion of the New Testament was either written in the Jewish Diaspora or addressed to members of the Diaspora This means that Hellenistic Judaism outside of Palestine was to a great extent the matrix from which New Testament thought developed so that New Testament teachings and presuppositions about the relationship of the followers of Jesus to the Old Covenant must be understood in terms of Hellenistic Jewish understandings of that covenant These papers which were presented at a conference held at the University of Aarhus Denmark in 1992 investigate different aspects of the relationship of formative Christianity to its Hellenistic Jewish matrix Contributors are European scholars such as the volume editors and Marinus de Jonge and Americans including James Charlesworth and Adela Yarbro Collins Topics include ownership of the covenant according to the Epistle of Barnabas Alexandrian Jewish religious life as seen in texts prior to Philo the universality of Torah in Hellenistic Judaism as a preparation for gentile Christianity the Jewishness of the Testaments of the Twelve Patriarchs and of certain magical texts the Jewish background of Mark's empty tomb account Mark's theios aner christology and the New Testament love command comparisons of Philonic and Pauline biblical exegesis the role of Hellenistic philosophy in the Corinthian conflict the influence of passion traditions on Pauline hardship catalogs and the semiotics of the Adam Christ typology in Romans All articles are in English including one newly translated from German for this edition

Philo, John, and Paul Peder Borgen, 1987

Early Christianity and Hellenistic Judaism Peder Borgen, 2000-11-14 These studies break new ground in the exploration of early Christianity and Judaism towards the end of the Second Temple period Professor Borgen introduces fresh perspectives on many central issues in the complexity of Judaism both within Palestine and

in the Diaspora He also examines the variety of tendencies which existed within Christianity as it emerged within Judaism and spread out into other nations An invaluable study for all scholars teachers and students of the New Testament in general and of Judaica Classics and Hellenism **By the Same Word** ,2009 *On Hellenism, Judaism, Individualism, and Early Christian Theories of the Subject* Guillermo M. Jodra,2022-11-17 This first of a two volume work provides a new understanding of Western subjectivity as theorized in the Augustinian Rule A theopolitical synthesis of Antiquity the Rule is a humble yet extremely influential example of subjectivity production In these volumes Jodra argues that the Classical and Late Ancient communitarian practices along the Mediterranean provide historical proof of a worldview in which the self and the other are not disjunctive components but mutually inclusive forces The Augustinian Rule is a culmination of this process and also the beginning of something new the paradigm of the monastic self as protagonist of the new medieval worldview In this volume Jodra takes one of the most influential and pervasive commons experiments Augustine s Rule and gives us its Mediterranean backstory with an eye to solving at last the riddle of socialism In volume two he will present his solution in full as a kind of Augustinian communitarianism for today These volumes therefore restore the unity of the Hellenistic and Judaic world as found by the first Christians proving that the self and the other are two essential pieces in the construction of our world Anti-Judaism in Early Christianity: Separation and polemic Peter Richardson,David M. Granskou,Stephen G. Wilson,Canadian Corporation for Studies in Religion,1986-10-09 The second volume in this two volume work studying the initial developments of anti Judaism within the church examines the evolution of the Christian faith in its social context as revealed by evidence such as early patristic and rabbinic writings and archaeological findings **Religions of the Hellenistic-Roman Age** Antonia Tripolitis,2002 This insightful read traces the development of the principal Western religions and their philosophical counterparts from the beginnings of Alexander the Great s empire in 331 B C E to the emergence of the Christian world in the fourth century C E *Hellenistic Jews and Consolatory Rhetoric* Christine R. Trotter,2023-12-08 Christine R Trotter elucidates how Hellenistic Jewish writers attempted to comfort those living in the midst of and in the wake of persecution and violence While past scholarship has explored this question primarily in terms of the development of Jewish apocalypticism and afterlife beliefs Christine R Trotter takes a comprehensive approach by investigating how Hellenistic Jewish authors engaged with ancient consolatory rhetoric that is the means of persuasion intended to move a suffering person out of grief and into joy Through studies on 2 Maccabees the Wisdom of Solomon 1 Thessalonians and Hebrews the author explicates how Hellenistic Jewish authors navigated the diverse traditions of consolation within their biblical heritage and Greco Roman culture Her work has important implications for the genre of 1 Thessalonians and the dates of composition of the Wisdom of Solomon and Hebrews
