Evidence Based Practices In Mental Health Debate And Dialogue On The Fundamental Questions:

Evidence-based Practices in Mental Health John C. Norcross, Larry E. Beutler, Ronald F. Levant, 2006 Mental health professionals comprise a nation of differences Those differences do not necessarily make us weak differences can serve as sources of creativity strength and progress if constructively harnessed In this volume we have tried to constructively harness the active interplay of these various tenaciously held views to find the harmony among these diverse voices on EBPs in mental health In terms of process informed dialogue and respectful debate are surely the ways to progress In terms of outcome we should remember that the overarching goal of EBPs however defined and disseminated is to enhance the effectiveness of patient services and to improve public health Book PsycINFO Database Record c 2006 APA all rights reserved

Music therapy in mental health for illness management and recovery Michael J. Silverman, 2015-05-21 Many music therapists work in adult mental health settings after qualifying For many it will be a challenging and even daunting prospect Yet until now there has been no psychiatric music therapy text providing advice on illness management and recovery This essential book fills the gap in the literature providing the necessary breadth and depth to inform readers of the psychotherapeutic research base and show how music therapy can effectively and efficiently function within a clinical scenario The book takes an illness management and recovery approach to music therapy specific to contemporary group based practice It is also valuable for administrators of music therapy providing innovative theory based approaches to psychiatric music therapy developing and describing new ways to conceptualize psychiatric music therapy treatment educating music therapists stimulating research and employment and influencing legislative policies An important aim of the book is to stimulate both critical thought and lifelong learning concerning issues ideas and concepts related to mental illness and music therapy Critical thinking and lifelong learning have been and will likely continue to be essential aspirations in higher education Moreover contemporary views concerning evidence based practice rely heavily upon the clinician s ability to think critically seek a breadth of contradicting and confirmatory evidence implement meta cognition to monitor thoughts throughout processes and synthesize and evaluate knowledge to make informed clinical decisions relevant and applicable to idiosyncratic contextual parameters For both students and clinicians in music therapy this is an indispensable text to help them learn develop and hone their skills in music therapy
