Evil And The Augustinian Tradition:

Evil and the Augustinian Tradition Charles T. Mathewes, 2001-09-06 This explores the family biography of the Augustinian tradition by looking at Augustine's work and its development in the writings of Hannah Arendt and Reinhold Niebuhr Mathewes argues that the Augustinian tradition offers us a powerful though commonly misconstrued proposal for understanding and responding to evil's challenges The book casts light on Augustine Niebuhr and Arendt as well as on the problem of evil the nature of tradition and the role of theological and ethical discourse in contemporary thought *Evil and the God of Love* J. Hick, 2010-04-09 When first published *Evil and the God of Love* instantly became recognized as a modern theological classic widely viewed as the most important work on the problem of evil to appear in English for more than a generation Including a foreword by Marilyn McCord Adams this reissue also contains a new preface by the author

Hannah Arendt and Theology John Kiess, 2016-02-25 Hannah Arendt is regarded as one of the most important political philosophers of the twentieth century Famous for her account of the banality of evil her wide ranging work explored such themes as totalitarianism the Holocaust statelessness and human rights revolutions and democratic movements and the various challenges of modern technological society Recent years have seen a growing appreciation of her complex relationship to theological sources especially Augustine the subject of her doctoral dissertation and a thinker with whom she contended throughout her life This book explores how Arendt's critical and constructive engagements with theology inform her broader thought as well as the lively debates her work is stirring in contemporary Christian theology on such topics as evil tradition love political action and the life of the mind A unique interdisciplinary investigation bridging Arendt studies political philosophy and Christian theology *Hannah Arendt and Theology* considers how the insights and provocations of this public intellectual can help set a constructive theological agenda for the twenty first century *Encountering Cruelty: The Fracture of the Human Heart* Michael R. Trice, 2011-04-21 Interest in recent years in reconciliation and conflict transformation has witnessed a great deal of attention to building a future through forgiveness and preventative measures in order to impede egregious wrongdoing This effort for a reconciled future is absent reflection on the nature of cruelty Cruelty has always been apparent in massive acts of wrongdoing and yet is repeatedly concealed in our assessment of the acts themselves This book is a theologically honest and deep structure exploration of cruelty in its personal communal and institutional encounters in human life Drawing on Nietzsche's challenge of cruelty to the western tradition the work offers a comprehensive study of how cruelty undermines care trust respect and justice all those elements of human reciprocity that mark our lives as interdependent beings The work concludes with a tightly written Epilogue on interpreting the theological meaning and accessibility of reconciliation today ***The Westminster Handbook to Evangelical Theology*** Roger E. Olson, 2004-01-01 *The Westminster Handbook to Evangelical Theology* is a comprehensive critical survey of the main persons events controversies concepts and institutions of twentieth century evangelical theology It will introduce readers to and be a

reference work for the study of evangelicalism's distinctive theological vision in its unity and diversity Roger Olson explores evangelical theology through five lenses The Story of Evangelical Theology Movements and Organizations Related to Evangelical Theology Key Figures in Evangelical Theology Traditional Doctrines in Evangelical Theology and Issues in Evangelical Theology The Westminster Handbook to Christian Theology series provides a set of resources for the study of historic and contemporary theological movements and Christian theologians These books are intended to help students and scholars find concise and accurate treatments of important theological terms Secularization, Desecularization, and Toleration Vyacheslav Karpov, Manfred Svensson, 2020-10-22 This book challenges the modern myth that tolerance grows as societies become less religious The myth inseparably links the progress of toleration to the secularization of modern society This volume scrutinizes this grand narrative theoretically and empirically and proposes alternative accounts of the varied relationships between diverse interpretations of religion and secularity and multiple secularizations desecularizations and forms of toleration The authors show how both secular and religious orthodoxies inform toleration and persecution and how secularizations and desecularizations engender repressive or pluralistic regimes Ultimately the book offers an agency focused perspective which links the variation in toleration and persecution to the actors of secularization and desecularization and their cultural programs **The Best Effect** Ryan Darr, 2023-12-06 For over two centuries

consequentialism has been among the most influential approaches to ethics and public policy in the Anglophone world It is often seen as the paradigmatic rational and secular ethic In **The Best Effect** Ryan Darr reveals that a consequentialist approach to ethics is not as is often assumed self evidently rational once religious morality is stripped away Rather consequentialist morality itself had to be invented In this new account of the origins of consequentialism Darr traces the development of this new consequentialist morality revealing its decidedly theological history The Best Effect portrays the emergence in the mid seventeenth century of the consequentialist moral cosmology a richly theological vision of a world created by a consequentialist Creator through to its eventual breakdown in the early eighteenth century in the face of a new version of the theological problem of evil The book concludes with an intervention in contemporary debates about consequentialism in both religious ethics and moral philosophy arguing for an alternative approach to teleological ethics

The Augustinian Tradition Gareth B. Matthews, 1999 Augustine probably the single thinker who did the most to Christianize the classical learning of ancient Greece and Rome exerted a remarkable influence on medieval and modern thought and he speaks forcefully and directly to twentieth century readers as well The most widely read of his writings today are no doubt his Confessions the first significant autobiography in world literature and The City of God The preoccupations of those two works like those of Augustine's less well known writings include self examination human motivation dreams skepticism language time war and history topics that still fascinate and perplex us 1 600 years later The Augustinian Tradition like a number of recent single authored books expresses a new interest among contemporary philosophers in

interpreting Augustine freshly for readers today These articles most of them written expressly for the book present Augustine's ideas in a way that respects their historical context and the long history of their influence Yet the authors among whom are some of the best philosophers writing in English today make clear the relevance of Augustine's ideas to present day debates in philosophy literary studies and the history of ideas and religion Students and scholars will find that these essays provide impressive evidence of the persisting vitality of Augustine's thought

The Republic of Grace Charles

Mathewes, 2010-10-12 With *The Republic of Grace* Charles Mathewes aims to supply a primer of politics and the public square to help Christians in these dark times find hope in public life He asks such questions as How should our Christian convictions lead us to see the world differently than those who do not share them What are the categories that believers should use to act on the challenges of the world Mathewes uses theological virtues best loved by Augustine faith hope and love to provide an analogical mirror for Christian citizenship in a post 9 11 American world He examines not how religion has shaped our politics but rather how politics has shaped and mis shaped our religious life and how we can begin to correct that shape *The Republic of Grace* will help reignite and inform a fierce commitment to the common good of our society caring concern for the least and most vulnerable and the use of each person's gifts power and wealth as a force for good and justice in the world In short this book will enable readers to realize the sacramental possibilities of political life

Milton and Augustine Peter

Amadeus Fiore, 1981 The first complete study of the influence of Augustine the most judicious of all the Church Fathers on Milton's epic of the Fall of Man this book presents a detailed investigation of the principal dogmatic concepts in *Paradise Lost* studied against the background of Augustinian theology Professor Fiore shows how Milton unlike most other Puritans and like Augustine always emphasized the hope in God's infinite mercy Both men were fundamentally optimists This study concentrates mainly on Augustine's and Milton's teaching on the Fall of the Angels preternatural Adam and Eve Original Sin The Incarnation Christology and Redemption Man despite Original Sin still retained an intellect which could judge right from wrong and a freedom whereby he could choose between right and wrong Just as man like Lucifer was free to fall so too is he free to choose salvation This pattern of free will dominates the whole of Milton's epic and as Fiore argues very Augustinian

Fiore concludes that Milton like many humanists Christian philosophers Reformers and theologians of every variety in the early seventeenth century drew widely from Augustine and that such indebtedness gave a richer and fuller theological dimension to his epic of lost paradise and enhanced the meaning of the poem Christianity and the Mass Media in America Quentin J. Schultze,2003-10-31 The mass media and religious groups in America regularly argue about news bias sex and violence on television movie censorship broadcast and film content rating systems and government regulation of the media This work shows how religion and media in America have borrowed each other s rhetoric *Medieval Studies* George Gordon Coulton,1922 **Medieval Studies: Infant perdition in the Middle Ages** George Gordon Coulton,1922 **Studies** ,1927 An Irish quarterly review **Augustine on Evil** Gillian R.
