Fiske, 2023-10-17 An ethnography of the Ecuadorian Amazon that demonstrates the need for a relational place based contingent understanding of harm and toxicity Reckoning with Harm is a striking ethnographic analysis of the harm resulting from oil extraction Covering fifty years of settler colonization and industrial transformation of the Ecuadorian Amazon Amelia Fiske interrogates the relations of harm She moves between forest courtrooms and oily waste pits farms and toxic tours to explore both the ways in which harm from oil is entangled with daily life and the tensions surrounding efforts to verify and redress it in practice Attempts to address harm from the oil industry in Ecuador have been consistently confounded by narrow technocratic understandings of evidence toxicity and

responsibility Building on collaborators work to contest state and oil company insistence that harm is controlled and principally chemical in nature Fiske shows that it is necessary to refigure harm as relational in order to reckon with unremediated contamination of the past while pushing for broad forms of accountability in the present She theorizes that harm is both a relationship and an animating feature of relationships in this place a contingent understanding that is needed to contemplate what comes next when living in a toxic world *Generation Rising* Shawn Katz,2015-04-01T00:00:00Z First there was the Arab Spring then the Indignados then Occupy Wall Street And then there was the Printemps rable the Maple Spring In 2011 proclaiming the need for austerity Qu bec s governing Liberal Party announced a draconian increase in tuition fees Enraged that the government would destroy a legacy of public education so hard won during the 1960s Quiet Revolution a legacy from which they themselves had reaped benefits the youth of Qu bec took to the streets in a student strike under the banner of the carr s rouges They fought not merely for education but for the future a future they watch being destroyed by the unrelenting march of capitalism intent on the merciless exploitation of citizens and natural resources *Generation Rising* is the story of the most important mass mobilization in Qu bec s and Canada s history It is the story of six months of brutalization of youth by the police forces of the capitalist class as the students went toe to toe against the corrupt and autocratic elite in an effort to construct a horizontal participative and grassroots democracy It is the story of the Internet generation deploying its mastery of social media to harness the forces of hundreds of thousands and ultimately defeat a battle hardened premier At the end of it all Qu bec s first social media mobilization had laid the foundations for a brave new future where the old world of order and authority might finally be swept aside to make way for a new twenty first century democracy Le combat est avenir the fight is the future and the battle has just begun **Référentiel de compétences pour la gouvernance et le leadership en milieu universitaire** Yamina Bouchamma,Abdelali Kaaouachi,Monique Lambert,2025-03-26T00:00:00-04:00 Voici un r f rentiel con u pour assurer l acquisition et le d veloppement des comp tences requises par les gestionnaires d tablissement d enseignement sup rieur afin de r pondre aux exigences de leur fonction *Экономические очерки по редким землям* Boris Iosifovich Kogan,1961 **Who's who in France** ,2016 *Repère* ,2003 **Point de repère** ,2003
