Swing Trading Lucas Bunn, 2020-02-13 You Are About To Enter Into A New Phase Of Your Life Where You Make Lots Of Money In The Financial Markets Through Swing Trading While Keeping Your Exposure To Risks Low You've been getting a

raw deal in the form of the returns you've been getting from holding buying stocks and holding them for years expecting their prices to increase to benefit from capital gains or to earn dividends from the same. Just think about it: you could make much more than what you've been making by buying and selling stocks within shorter periods, think buying and holding stocks and other securities for a few days, weeks or months, then selling them by leveraging the power of different swing trading strategies that have been proven to work countless times. Some profit here, profit there, and from several other financial assets earned every single day or every couple of days or weeks could literally mean you could make a full time income through swing trading. And do you know what's even better? The fact that swing trading gives you some freedom of time that day trading, its close cousin, can't give you, which means you don't have to spend hours looking at the charts and doing analysis. And the fact that you can use different systems to automate some parts of your business makes it even easier and more manageable even for a complete beginner. I know you are wondering: How exactly do you get started as a swing trader? What skills do you need to become a swing trader? Why should you consider engaging in swing trading rather than other forms of trading? How do you keep your costs low and profits high as a swing trader? What tools will make everything easier to manage for you? How do you make buying and selling decisions as a swing trader? And what are some of the best techniques and principles you should apply in swing trading? If you have these and other related questions about swing trading, this book is for you, so keep reading. More precisely, the book will teach you: The basics of swing trading including what it is, what it entails, how it works, as well as the language used in swing trading; the pros and cons of swing trading; The difference between swing trading and other types of trading; How to nurture the right psychology for swing trading; The different swing trading systems you should know about before getting started; The concept of price of action including what price action tells you as a swing trader; Tips that will make you a better swing trader regarding price action including valuable steps to consider when becoming a price action trader; swing strategies and the pros and cons of swing trading stocks; The reasons as to why most people lose money and how you can avoid it; Cash and risk management for swing trading including how to create a risk management plan and the amount of money you need to become a swing trader; Specialized analysis for swing trading; Swing trading strategies for beginners and advanced; Candlestick analysis and chart patterns for swing trading; How to leverage the power of technical analysis and fundamental analysis in swing trading; How to use tools and indicators in swing trading; And much more. If you want to add a new income stream fast, this book will hold you by the hand throughout the journey, even if you are a complete beginner. Don't wait any longer.
