Gershons Monster A Story For The Jewish New Year:

Gershon's Monster ,2000 When his sins threaten the lives of his beloved twin children a Jewish man finally repents of his wicked ways *Gershon's Monster* Eric A. Kimmel,2009-05 An unforgettable story for the Jewish New Year or any time of year about facing our own monsters and beginning anew Gershon sometimes made mistakes But unlike most people he never regretted them or asked anyone s forgiveness Why should he He merely swept them up and tossed them into the cellar Then every year on Rosh Hashanah he would put them into a sack and cast them out to sea Little did he know that his thoughtless behavior would come back to haunt him Was there a still a chance for him to change Kimmel s skillfully crafted text and Muth s sensitive expressive watercolors capture all the drama and wonder of this traditional Hasidic legend An Assoc of Jewish Libraries Sydney Taylor Winner Reinforced binding *The Jewish Story Finder* Sharon Barcan Elswit,2012-08-02 Storytelling as oral tradition and in writing has long played a central role in Jewish society Family educators and clergy employ stories to transmit Jewish culture traditions and values This comprehensive bibliography identifies 668 Jewish folktales by title and subject summarizing plot lines for easy access to the right story for any occasion Some centuries old and others freshly imagined the tales include animal fables supernatural yarns and anecdotes for festivals and holidays Themes include justice community cause and effect and mitzvahs or good deeds This second edition nearly doubles the number of stories and expands the guide s global reach with new pieces from Turkey Morocco Libya Tunisia and Chile Subject cross references and a glossary complete the volume a living tool for understanding the ever evolving world of Jewish folklore **Even Higher!** Eric A. Kanarek,Simon J. Bronner,2017-08-01 Most Jews will feel intimately familiar with and attached to the figure of the Jewish mother yet few have questioned representations of mothers and motherhood in Jewish culture This volume aims to fill this gap by bringing to the fore the vast network of symbols and images which Jews have associated with mothers from the Bible to the modern period It demonstrates the complex ways in which the Jewish mother has been used to construct and frame Jewish religion and culture **Best Jewish Books for Children and Teens** Silver,2011-01-01 Linda Silver selected the titles that represent the best in writing illustration reader appeal and authentically Jewish content in picture books fiction and non fiction for readers ranging from early childhood through the high school years P 4 of cover *Days of Awe* ,1991 Three tales that show how repentance prayer and charity are the soul of the Jewish High Holy Days *Multicultural Picturebooks* Sylvia S. Marantz,Kenneth A. Marantz,2005 Picturebook spelled as a single word to identify its unique qualities and to differentiate the genre from other books with illustrations is one that tells a story either in pictures alone or in almost equal partnership with text The picturebook has great potential for bridging the differences among us the concept of a story is one common to all a shared experience that sets the stage for communication

And the goal of multiculturalism is to emphasize the positive attributes of human society the outstanding rather than the stereotype Because children born today will interact with people from different cultures much more than previous generations it is important that they are taught about other cultures starting at a young age Multicultural picturebooks are therefore an excellent teaching tool for meeting this educational challenge The picturebooks profiled are appropriate for children in grades K 4 but can be used with older children depending on the curriculum and the students comprehension level Books covering Asia and the Pacific The Middle East Africa South America North America Native Americas Inuit etc and books specific to the immigrant experience are profiled Each book is described in one paragraph that includes an engaging review of the story line special features of the content the look and style of the artwork interior design and layout of the book The authors emphasize that the visual qualities of picturebooks affect their ability to tell stories about people whose values and behaviors are different from those of the reader The analyses therefore used in selecting the books include not only the informational content but also the emotional content the feelings generated by the text and art In choosing books for this volume the authors have used the following criteria Does the book tell an engaging story Do the illustrations convincingly portray and represent humans animals and objects Is the use of the media consistent Do the text and the pi
