Finding Your True Calling Valerie Young, 2002-06-01 Have You Found Your True Calling True Calling Yeah True Calling The reason you're alive Your personal mission in life Your raison d'être Your True Calling If you don't have a clue what I'm talking about take a couple seconds to complete this quick quiz Are you doing EXACTLY the kind of work that makes you want to leap out of bed each morning excited to begin a new day Does your work satisfy a need deep within to express yourself your talents your values your unique and precious gifts Does your work allow for a balanced life one that leaves time for family and friends for exercise or hobbies for you Are you doing what you love and loving what you do If you answered yes to all of these questions congratulations There's a good chance that you have achieved what the Buddhists call Right Livelihood If you haven't yet found the work you were meant to do keep reading You're about to find your true calling and when you find that calling that is uniquely yours your life will be transformed Guaranteed The way to find out about your happiness said renowned mythology scholar Joseph Campbell is to keep your mind on those moments when you feel most happy when you are really happy not excited not just thrilled but deeply happy Read that paragraph again It's awesome Now ask yourself how you feel each day as you get ready for work It probably sounds something like this Your alarm clock buzzes you awake You drag yourself out of bed dreading another day at a job that's high on stress and short on satisfaction I guess what I'm asking you is this Are You Truly Happy Working In A Career That's Fulfilling And Enjoyable Because when you really

love your work you greet the day like this You dont need an alarm clock because you cant wait to get out of bed and dive into another workday where your work feels more like play Maybe you think its too late Maybe you believe that youve somehow missed your True Calling and that well youre not getting any younger Nonsense The 19th century writer George Eliot got it right when she said Youre never too old to be what you might have been Beverly Goodman Park from Northampton Massachusetts is a perfect example of what Im talking about Beverly was close to 60 when her marriage ended At an age when most people are contemplating retirement Beverly decided to pursue a long held dream of becoming an attorney A lot of people told her she was too old Undaunted Beverly went to law school while working full time passed the bar exam and at 61 landed a job at a law firm explaining I thought this age stuff was baloney So as you see just because youre all grown up it doesnt mean you cant find your own life mission and live it But this leads me to my next question How Do You Find Work That Will Feed Your Soul When you discover your True Calling you may find your life taking you in unexpected directions You see anyone can get a 9 to 5 or maybe for you its more like 8 to late J O B A job is something that pays the bills but all too often fails to feed the spirit And when your spirit is starved for meaningful satisfying work your happiness suffers But thats not all Did you know that people who love what they do for a living actually live longer Thats right Research conducted by Duke University found that out of 788 factors considered the top predictor of a long life in the U S even more than good health habits or good genes was found to be work satisfaction I guess its not surprising then that the word Vocation comes from the Latin word vocare which means to call And when respond to your TRUE Calling you feel renewed fulfilled and deeply happy So heres your million dollar question Do you believe you were put on this earth to sit in commuter traffic to suffer through the performance evaluations and reorganizations to have to answer to a boss that is well you know Were you really created to spend your life having the Sunday night blues Or Do You Believe As I Do That You Were Put Here To Follow A Calling That Is Uniquely Yours If the idea of loving what you do appeals to you the way I see it here are your options You can keep plodding along week after week hoping that inspiration will somehow someday suddenly strike and in a flash your true calling will be revealed Or you can make a promise to yourself right here right now to take the first bold step on behalf of your dreams This is where Changing Course comes in By the way in case you dont know me Im Valerie Young the Dreamer in Residence here at Changing Course Its been nine years since I abandoned my corporate cubicle and my 90 mile day commute to launch Changing Course Today I am doing work and living a life I love And I want you to too Thats why I went out and pooled together some of the best and the brightest career change experts around to create Finding Your True Calling The Handbook For People Who Still Dont Know What They Want To Be When They Grow Up Experts like Barbara Sher Barbara Winter Patrick Combs and Nicholas Lore have generously allowed me to share with you excerpts exercises and techniques from their thought provoking books Through their collective wisdom experience and know how youll get to benefit from their step by step approach to uncovering your gifts your passion your true calling Simply stated Finding Your True Calling will help you
