Caught on Camera: A Modern Romantic Thriller KELAKKIYAR SIDDHAR, 2025-11-16. In *Caught on Camera*, a single frame changes everything for Maya Ellis. What begins as a routine day in her family's quiet repair shop turns into a spiraling mystery when she discovers footage that shouldn't exist: images that shift when no one is watching and reflections that don't match the person holding the lens. As strange patterns emerge, Maya is drawn deeper into the life her late uncle tried desperately to protect her from: uncovering secrets buried behind walls, beneath floors, and inside memories she didn't know she had lost. Every step pulls her further into a maze of shadows where trust blurs, danger hides in familiar shapes, and someone or something studies her with an unnerving precision. The more she uncovers, the more the world around her begins to twist, forcing her to confront not only what haunts the shop but what has been quietly haunting her own past. Driven by raw fear, determination, and the need to understand the truth her uncle left behind, Maya must navigate darkness that adapts faster than she can run from it. Each revelation tightens the grip of a presence that wants more than her image; it wants her identity. And once it captures her, escape may no longer be possible.
