greatest protector of human liberty or its worst threat For while these Worldbreakers very definitely have minds of their own the question remains within their iron and superluminal quantum breasts does there lie a faithful heart Stories of world breakers and world makers in the great tradition of Keith Laumer s Bolos from David Weber Larry Correia Wen Spencer and more At the publisher s request this title is sold without Digital Rights Management DRM About Star Destroyers edited by Tony Daniel Christopher Ruocchio spectacular space battles and alien contacts themes of military ethics the uses of artificial intelligence and the limits of the capacity of the human mind it is the human interactions and decisions that ultimately drive the stories will appeal to fans of military and hard science fiction and any readers fascinated by the possibilities of space travel Booklist stories of giant spaceships at war at peace and in the often gray areas between a worthy addition to a long tradition of ship based fiction and its authors portray captains arcane astrogators and civilian child passengers with equal depth It s recommended for fans of military SF and space adventure Publishers Weekly you d probably expect some tight action filled space opera stories of giant space battles and there s some of that But there are also espionage stories rescue missions political conflicts alternate histories even a few humorous tales each author took the premise in a different direction if I had to identify one common feature to all the stories it would be that they re all fun Like it says big ships blowing things up What s not to like Analog
