The Quick-Start Library Guide Kelly Mayfield, Amy O. Milstead, 2025-09-04 Helps paraprofessionals and new school librarians begin their first school year with confidence New librarians and paraprofessionals often come to school library positions with little or no experience in library work and there s a gap in instructional information available for those who want to quickly increase their skill level This book helps professionals and paraprofessionals learn what they need to know to get started as well as pointing them to additional resources in areas where they might want more advanced information This practical guide teaches librarians and paraprofessionals to develop systems and create plans for programs and partnerships with teachers and other professionals to set them up for success during their first year in the library A timeline helps map out the rhythm of a school year The Quick Start Library Guide introduces paraprofessionals to library science topics such as cataloging collection development and weeding It covers topics specific to the school library such as reading levels book fairs and author visits Each section includes suggested resources for more in depth learning Librarians and paraprofessionals will be able to use this valuable straightforward guide to hit the ground running in their new role *How to Publish Academic Books: A Guide to Publishing Monographs, Edited Volumes, Textbooks, and Theses* Nitin Liladhar Rane, Saurabh Choudhary, Jayesh Rane, 2024-12-05 The academic book publishing sector has a key function when it comes to knowledge production and dissemination across various disciplines For researchers scholars and educators the process of moving from concept to publication is rarely a trivial task and often involves the use of imagination perseverance and teamwork Publishing a monograph an edited volume or a textbook or turning your thesis into a book can be painful This book will help you demystify the world of academic book publishing offering authors a guide to navigating the complicated process with success This guide aims to provide authors with the knowledge of tools and resources needed to publish a book that reflects their research If you want a sneak peek into the workings of scholarly publishing it features advice from senior authors publishers and academics with an intimate familiarity with the academic publishing process Divided into chapters the book covers the major elements of the publishing journey steps to writing the proposal advice on working with publishers and challenges of the current moment like open access and new fields of study The first step to getting published is learning to write a scholarly manuscript or book proposal Writers need to know how to present their research in front of potential publishers It necessitates then not just a firm grasp on the work in question but a facility for conveying the relevance of the work and its potential to make a difference Therefore it is very important to tread carefully through the relationship with the publishers as the success of publishing partnerships relies heavily on trust collaboration and shared vision for the book Open access publishing for scientific journals has played an increasingly important role in the ever evolving academic world There are new ways for authors to disseminate their work and increase the accessibility of research through open access It is an exciting time to be an author but it is also a challenging time in terms of financial viability and finding new publishing models

This section deeply studies the influence of open access so that authors can better develop books around it. Many students work years on their theses and getting them published can greatly aid their academic careers. It is not simply editing this means changing the format to suit for wider academic publication and conforming to the expectations of the publisher. This book is a road map for authors making this transition. For authors in emerging or interdisciplinary fields publishing can bring unique challenges. There may not be established publishing pathways in these fields or the intended audience may be smaller and more specialized. Despite these challenges there are great rewards to publishing in such fields and this book outlines strategies to achieve their success. Authors will discover how to seek the ideal publisher, determine their target market and how to frame their work to have a noteworthy effect in their area. Technological advancements, global trends and academic expectations have all combined to shape the future of academic book publishing. By the end of this book readers will be equipped with a fundamental understanding of the academic publishing process. From preparing manuscripts and working with publishers to navigating new models of publishing this guide arms authors with practical advice and strategies to ensure their research becomes a published book. It is our goal that this book helps those who hope to disseminate their research through publication of scholarly books.

Song of the Land Sarah Layzell, Tammy L. Mielke, Michelle H. Martin, 2025-08-04

Contributions by Jennifer Ansbach, Jani L. Barker, Melissa Bedford, Helen Bond, Wanda M. Brooks, Susan Browne, Sabrina Carnesi, Emily Cardinali, Cormier Y. Falami, Devoe Bahar, Eshraq Latrice, Ferguson Catharine, Kane Michelle H. Martin, Devika Mehra, Ngozi Onuora, Lauren Rizzuto, Shelly Shaffer, Bryanna Tidmarsh, Ann Van Wig, Annette Wannamaker and Raen Parker Washington. A major figure in African American children's literature, Mildred D. Taylor (b. 1913) has been publishing groundbreaking, award-winning books for

fifty years including *Roll of Thunder Hear My Cry*, *Song of the Trees*, *Let the Circle Be Unbroken*, *The Friendship The Road to Memphis* and *The Land*. Taylor's renowned Logan family saga has become a staple in classrooms and libraries resonating internationally with its profound impact on readers. Her significance in literature extends beyond captivating storytelling. She has effectively illuminated the struggles and triumphs of African American families, challenging societal norms and shedding light on historical injustices. Through compelling narratives rooted in personal experiences and family history, Taylor has enriched the literary landscape and sparked crucial conversations about race, resilience, and the enduring power of love and courage in the face of adversity. Yet her significant literary contributions have not received the critical recognition they deserve. Seeking to fill that gap, *Song of the Land: Celebrating the Works of Mildred D. Taylor* brings together creative and critical responses to Taylor's work and ongoing legacy. The chapters in this anthology represent an array of disciplines and theoretical lenses, highlighting the impact of African American children's literature. *Song of the Land* is an invitation to learn more about Taylor's work, which lays bare the dangers of white supremacy and racism in American society.

The Reading Lives of Teens Chin Ee Loh, 2024-11-04 In these changing times of global flows of media and technologies and reports of declining reading enjoyment, researchers, policymakers, and educators need to engage anew with essential issues of what counts as reading, what kinds of reading matter, and how to support teen reading engagement in school and out of school settings. Bringing together contributions from well-known and emerging adolescent literacy researchers from different disciplinary perspectives, this edited collection consolidates contemporary research on teens' volitional print and digital reading, whether in school or out of school contexts. The first part of the book offers overviews of what teens are reading, followed by chapters on community support on reading and new ways of researching teen reading. With chapters from North America, Europe, Australia, Asia, and the Middle East, the collection will offer multifaceted and complex insights into what, how, and why teens read in different contexts. Reflection questions at the end of each chapter encourage readers to consider how the research can be applied in their own research, policy, and practice contexts. This book will be of interest to researchers, policymakers, and educators who are invested in supporting adolescent engaged reading with evidence-based policies and strategies.

Retooling Study Abroad Carmen Granda, 2023-11-02 Study abroad is the ideal option for world language students to immerse themselves in the target language and culture. However, circumstances beyond control may make travel challenging, even impossible. Technology has the potential to engage students and provide an opportunity for linguistic and cultural immersion from home. In addition to immersing students in the target language and culture, Carmen Granda shows that technology can be implemented in all world language courses to foster connections and comparisons and, most importantly, create community in and outside of the classroom. She demonstrates that digital tools have the power to make language learning inclusive of and accessible to all students, fulfilling diversity, equity, and inclusion (DEI) goals of higher education.
