*Narrating the Slave Trade, Theorizing Community* Raphaël Lambert, 2018-12-24 In *Narrating the Slave Trade Theorizing Community* Raphaël Lambert explores the notion of community in conjunction with literary works concerned with the transatlantic slave trade The recent surge of interest in both slave trade and community studies concurs with the return of free market ideology which once justified and facilitated the exponential growth of the slave trade The motif of unbridled capitalism recurs in all the works discussed herein however community whether racial political utopian or conceptual emerges as a fitting frame of reference to reveal unsuspected facets of the relationships between all involved parties and expose the ramifications of the trade across time and space Ultimately this book calls for a complete reevaluation of what it means to live together     "'Roots'--by Word of Mouth" [with] "Alex Haley: Tale of a Talker." ,     **Roots - Vol. 4** Alex Haley, 1977 An adaptation of Alex Haley's *Roots* in which he traces his family's history from mid 18th century when one of his ancestors Kunta Kinte was captured and sold into slavery Follows the struggle for freedom that began with the boy's abduction to America and continued throughout the generations that followed     Doctor, Teacher, Terrorist Sajjan M. Gohel, 2023-12-12 Ayman al Zawahiri co founder of al Qaeda and successor to bin Laden was one of the most influential terrorists of the modern era In the first in depth biography of the Egyptian doctor and ideologue Sajjan M Gohel meticulously unpacks al Zawahiri's long career which spanned over 50 years in the growth and evolution of transnational terrorism From an illustrious Egyptian family al Zawahiri chose to rebel against his own society and the international order Through his travels across multiple continents the Egyptian found himself in many of the places where history was made A pioneer of terrorist strategies and tactics al Zawahiri left an indelible legacy for al Qaeda and other terrorists to build upon     **Roots by Alex Haley** Juliane Weuffen, 2004-10-18 Seminar paper from the year 2000 in the subject American Studies Literature grade 2 B Ernst Moritz Arndt University of Greifswald Anglistics American Studies course Voyage Through Death Representing the Transatlantic Slave Trade language English abstract In this work about the book *Roots* by Alex HALEY the author will show that the book *Roots* is not non fictional like it is said on the cover of the book chapter 3 The analysis of dialogues and characteristics of persons in the book will prove it For the task was to prove the fictionality of the book in comparison to the representation of the characters in the film these two means of style of fictionality were chosen dialogue and representation of characters The author did actually not compare with the film because it was not clearly visible if the directors of the film were black or white and so the analysis could have led in a wrong way About the importance of the race will be said more in the analysis One important point for proving the fictionality comes from Alex HALEY himself in chapter 120 In the years of the writing I have also spoken before many audiences of how *Roots* came to be naturally now and then someone asks How much of *Roots* is fact and how much is fiction To the best of my knowledge and of my effort every lineage statement within *Roots* is from either my African or my American families carefully preserved oral history much of which I

have been conventionally to corroborate with documents Since I wasn't yet around when most of the story occurred by far most of the dialogue and most of the incidents are of necessity a novelized amalgam of what I know took place together with what my researching led me to plausibly feel took place 1 Further on the work will tell about Alex HALEY himself chapter 1 For this part the Microsoft Encarta of the year 1996 was used Further the Einführung in die Anglistik from Sammlung Metzler<sup>2</sup> the Arbeitsbuch Literaturwissenschaft from UTB<sup>3</sup> and the Einführung in die Literaturinterpretation<sup>4</sup> build the scientific basis for this work 1 HALEY A *Roots* Dell Publishing New York 1974 p 726 727 2 KORTE B K P M LLER J SCHMIED Einführung in die Anglistik Verlag J B Metzler Stuttgart Weimar 1997 3 EICHER T V WIEMANN Hrsg Arbeitsbuch Literaturwissenschaft UTB Paderborn München Wien Zürich 1997 4 SCHUTTE Jürgen Einführung in die Literaturinterpretation Verlag J B Metzler Stuttgart Weimar 3 Auflage 1993

Flexible India Shameem Black, 2023-12-19 Yoga has offered the Indian state unprecedented opportunities for global media savvy political performance Under Modi it has promoted yoga tourism and staged mass yoga sessions and Indian officials have proposed yoga as a national solution to a range of social problems from reducing rape to curing cancer But as yoga has gone global its cultural meanings have spiraled far and wide In *Flexible India* Shameem Black travels into unexpected realms of popular culture in English from India its diaspora and the West to explore and critique yoga as an exercise in cultural power Drawing on her own experience and her readings of political spectacles yoga murder mysteries court cases art installations and digital media Black shows how yoga's imaginative power supports diverse political and cultural ends Although many cultural practices in today's India exemplify culture wars between liberal and conservative agendas *Flexible India* argues that visions of yoga offer a culture peace that conceals without resolving such tensions This flexibility allows states corporations and individuals to think of themselves as welcoming and tolerant while still in many cases supporting practices that make minority populations increasingly vulnerable However as Black shows yoga can also be imagined in ways that offer new tools for critiquing hierarchical structures of power and race Hindu nationalism cultural appropriation and self help capitalism
