**Unity Field Healing - Volume 1** John G. Ryan, 2019-07-11 T15:02:00-04:00 Humanity is now at the crossroads of a massive transformation in health and healing The opportunity to advance one s personal wellness and awaken an amplified healing potential now exists However this futuristic healing requires an openness to the spiritual and energetic nature of our reality and the consciousness basis of our human experience For the seeker access to deep and sometimes mystical healing can occur through a journey of conscious personal awakening and the biospiritual integration which ensues This mysterious journey kindles an inner power This is a power that can heal and restructure your personal reality in mystical ways But where do you begin the journey And how do you navigate the confusing landscape of

Energy and Spiritual Healing You have found your guide Unity Field Healing Vol 1 provides a powerful catalyst to your healing journey It consolidates a full understanding of all that is needed to understand and benefit from the new healing paradigm It demystifies the confusion experienced as one first encounters and then matures in the new world of spiritual consciousness and energy based healing This foundation provides the springboard to take a giant leap into the future with the introduction of Unity Field Healing a quantum based healing potential that can catalyze healing in a brand new way The book is a one of a kind volume described as the go to source for new consciousness healing Written by a Medical Doctor and healer who works in both traditional and esoteric worlds of healing it is a unique and clear headed consolidation of all you need to know to bring your spirit alive in your healing journey It is a must read book for anyone seeking to awaken or strengthen the mystical potential to heal in body mind and spirit      **Angels and Ascension** Rae Chandran;Robert Mason Pollock,2016-07-01 Much support is available for humanity Angelic support has always been available but people did not know about it because they were looking for a tangible support system something they could see feel or touch In the new consciousness you must learn to believe in the unseen Know support is available if you focus The angels completely support every human soul on the planet as well as all animals plants and trees but you must ask for this support system to be activated We bring the understanding of angels so that you can work with them to find joy peace and freedom in your heart We encourage you to speak with all your friends and family about the benefits of working with angels Work with angels every day and you will see the difference Includes Mudras Breathing Exercises and Intonations Chapters Include Enhance Your Senses and Vitality Boost Your Mental Facilities Expand Your Consciousness Use Numbers to Improve Your Life Find Your Blueprint and Life Plan Clear Karmic Energy Spiritual Cosmology Ascension Practices      Rumi's Songs of the Soul Rae Chandran,2017-11-03 What is not known about me is that I was greatly influenced by the understandings and philosophy of the magi who were the followers of the sacred fire I had thoughts put into my mind while I slept and during times of deep silence about the sacredness of all life and about how to accept things in life without discarding any of it I followed this and never gave up on finding God for in rejecting any part of God I was rejecting God entirely Now in modern times people must carefully examine what supported them before and make adjustments and corrections wherever necessary I wanted to bring my writings in a newer form that would suit your present Earth reality because of the changing times and planetary shift To do this I chose my old student Rae he was one of the students at the seminary in Konya to bring forth this new understanding to help people remember the Law of One and the Family of God I offer these poems in humble gratitude Rumi      *33 Keys to Ascension* Rae Chandran,2019-01-24 This book is for those who seek the light in all its glory for the highest good for themselves and for others in every moment of their lives This book is for the people who say I want to know God within me It is for everybody who seeks communion a oneness with God All on the path seeking higher light will find this material easy to use for there is truth in this book There is energy behind every word Every meditation was shared and experienced by Robert

and others This speaks of the validity of what we are saying the energy behind the words the energy behind the masters The beauty of this book is that after a few chapters the readers will feel that they already know the answers They will already know the next step they need to take So in many ways this book simply states what all of you already know within your beings We are just mirroring back to you your innermost truth CHAPTERS INCLUDE Maintain the Layers of the Aura Retrieve and Reintegrate Soul Fragments Heal with Sacred Temple Energy Integrate Galactic Consciousness Activate the Ascension Codes Connect with the Earth Spirit Purify Layers of Thought Connect All Realities Open to Receive Light Assimilate the Feminine Energy Activate Geometric Patterns Embrace Color Energy Anchor the Balance from Rainbows Download Dragon Ascension Energy Activate and Deactivate Ethereal Codes Heal Physical Trauma from Former Lifetimes Program Sacred Geometry of the Face Elevate Consciousness with Sound Access Heart Wisdom Increase Inner Light Open to New Truths and Realities Connect with the Breath Restore Food s Original Energy Ignite Creation Energies     Ancient Goddess Wisdom Rae Chandran,2024-11-05 We welcome you on this sacred journey of rediscovering the female goddesses with their feminine essences and wisdom Just as the goddesses played a role during ancient times they still play a role now Unfortunately over time their role has been diminished and as a result they have lost their prominence The terms goddess feminine power and shakti have been known for centuries They are mentioned in ancient scriptures all over the world in all civilizations Sometimes the female population was considered equal to the male population and shared practically every responsibility Sometimes the male population dominated and sometimes the female population dominated in the tribe kingdom or society All people carry the traits of the male and female energies but mostly we express the traits of our gender That does not mean that the other traits are not present It only means that generally in the male body male energy is dormant and vice versa Now that the consciousness of planet Earth is evolving it is time that both these energies are balanced Feminine energy is also an aspect of the Creator energy Like gods each goddess has a prominent quality as a master in a specific field and all gods and goddesses collectively support humanity to evolve to higher frequencies Rae was inspired to channel these goddesses and their guidance is provided in this book for the benefit of the people You can use simple modalities to connect with the goddesses to awaken specific qualities in you This will help you to evolve to a higher consciousness The goddesses presented in this book are legendary There are many who have been on the planet for long periods in different cultural settings They were not well known but they played a part in the background to support human thought consciousness and behavior Some of them work through other beings some work while you sleep and others anchor energy As you ascend you become fully aware of your inherent energies and you become conscious that eventually everything every life form on the planet and in the universe is from one source There is no division This information is intended to help seekers along their way to higher dimensions     **Celestial Wisdom** Rae Chandran,2020-11-06 The Family of God We wish to bring forth new understandings to support you in these changing times To achieve what you want from

your day when you wake up in the morning call forth all supportive energies available to you There are many supportive energies and when you call them forth they will flock to you Do not focus on the challenges but rather on the results you want You should acknowledge and observe your body when you wake up Your body is a finely tuned instrument that carries billions of cells It has tremendous wisdom and consciousness Each of your organs along with the muscles tissues blood bones skin hair nails and teeth contains energy karmic as well as deep wisdom Observe the body Then communicate with it to open its inherent wisdom and these energies will support you throughout your day in a much more aware state When you create a friendship with your body it will support you with solutions to the problems you seek to resolve in your daily life Your body is the greatest friend you can have Spirit of Success There are pockets in your body and auric fields that contain codes and embedded energies that when awakened will give you the essence and the power to create what you desire These codes and embedded energies are in everybody and you must awaken to this truth within you so that as you grow spiritually you are also able to create abundantly in your material life Peacocks What I observe in your earthly world is that human beings have great difficulty accepting themselves They always want to be someone else or like someone else It s time to be still and consider Why do I think this way What drives me to want to be like someone else I have observed that many human beings do not accept their physical bodies Some go to great lengths to modify them Everyone has inner beauty for all of you were built with that It is only a matter of finding it When you see a beautiful flower sunset or rainbow you often feel joy or splendor in your heart Where did that appreciation for beauty come in It was always there You focused on it and you found it How about focusing on your inner beauty every moment of the day and night That could become your reality What you focus on is what you create When you are in that space not only will you see beauty everywhere but you will also draw forth beautiful experiences through the law of attraction Know in your hearts that you are all magnificent in the eyes of the Creator There is no judgment other than the judgment you pass on yourselves You often accept the judgment of others as truth In these powerful times you must consciously work on getting rid of false belief systems that keep you prisoners in your own minds
