Walden, Henry David Thoreau, 2016-11-07 Economy When I wrote the following pages or rather the bulk of them I lived alone in the woods a mile from any neighbor in a house which I had built myself on the shore of Walden Pond in Concord Massachusetts and earned my living by the labor of my hands only I lived there two years and two months At present I am a sojourner in civilized life again I should not obtrude my affairs so much on the notice of my readers if very particular inquiries had not been made by my townsmen concerning my mode of life which some would call impertinent though they do not appear to me at all impertinent but considering the circumstances very natural and pertinent Some have asked what I got to eat if I did not feel lonesome if I was not afraid and the like Others have been curious to learn what portion of my income I devoted to charitable purposes and some who have large families how many poor children I maintained I will therefore ask those of my readers who feel no particular interest in me to pardon me if I undertake to answer some of these questions in this book In most books the I or first person is omitted in this it will be retained that in respect to egotism is the main difference We commonly do not remember that it is after all always the first person that is speaking I should not talk so much about myself if there were anybody else whom I knew as well Unfortunately I am confined to this theme by the narrowness of my experience Moreover I on my side require of every writer first or last a simple and sincere account of his own life and not merely what he has heard of other men's lives some such account as he would send to his kindred from a distant land for if he has lived sincerely it must have been in a distant land to me Perhaps

these pages are more particularly addressed to poor students As for the rest of my readers they will accept such portions as apply to them I trust that none will stretch the seams in putting on the coat for it may do good service to him whom it fits

Henry David Thoreau born David Henry Thoreau is a philosopher naturalist and American poet born July 12 1817 in Concord Massachusetts where he died May 6 1862 His masterpiece *Walden or Life in the woods* is a reflection on the economy nature and the simple life lived apart from society written during a retreat in a cabin he had built on the edge of a lake His essay *Civil Disobedience* reflecting a personal opposition to the slave of the time authorities inspired collective action by Gandhi and Martin Luther King Jr against racial segregation Thoreau abhors black slavery which demonstrates that Christianity officially prevails is only superstition and that politicians are not motivated by higher law He envisions a moral reform of society through non cooperation with injustice governments as advocated by his contemporary abolitionist William Lloyd Garrison but it almost always stays away from any activity and social organization whatsoever After the failed attempt of John Brown to initiate an insurrection in favor of abolition Thoreau considered a savior and publicly expressed his support It is found at the end of his life at the dawn of the American Civil War in agreement with public opinion increasingly common that was beginning to believe in the abolition of slavery by force gross without getting involved as far more itself¹ Nicknamed the poet naturalist by his friend William Ellery Channing in 1818 1901 Thoreau is fascinated by natural phenomena and life forms particularly botany and he wrote in his diary covering more twenty years his detailed observations and personal feelings they give birth in him He adopted an approach over the years more and more systematic scientific and one who was a surveyor at times could also invent a little forestry and ecology Love and respect for nature

Walden, and On The Duty Of Civil Disobedience (Annotated) Henry David Thoreau, 2019-12-27 Differentiated book It has a historical context with research of the time Thoreau's *Civil Disobedience* espouses the need to prioritize one's conscience over the dictates of laws It criticizes American social institutions and policies most prominently slavery and the Mexican American War Thoreau begins his essay by arguing that government rarely proves itself useful and that it derives its power from the majority because they are the strongest group not because they hold the most legitimate viewpoint He contends that people's first obligation is to do what they believe is right and not to follow the law dictated by the majority When a government is unjust people should refuse to follow the law and distance themselves from the government in general A person is not obligated to devote his life to eliminating evils from the world but he is obligated not to participate in such evils This includes not being a member of an unjust institution like the government Thoreau further argues that the United States fits his criteria for an unjust government given its support of slavery and its practice of aggressive war Thoreau doubts the effectiveness of reform within the government and he argues that voting and petitioning for change achieves little He presents his own experiences as a model for how to relate to an unjust government In protest of slavery Thoreau refused to pay taxes and spent a night in jail But more generally he ideologically dissociated himself from the government washing his hands of it and refusing to participate

in his institutions According to Thoreau this form of protest was preferable to advocating for reform from within government he asserts that one cannot see government for what it is when one is working within it Civil Disobedience covers several topics and Thoreau intersperses poetry and social commentary throughout For purposes of clarity and readability the essay has been divided into three sections here though Thoreau himself made no such divisions *Resistance to Civil Government* Henry David Thoreau,2017-02-14 Resistance to Civil Government Civil Disobedience is an essay by American transcendentalist Henry David Thoreau that was first published in 1849 In it Thoreau argues that individuals should not permit governments to overrule or atrophy their consciences and that they have a duty to avoid allowing such acquiescence to enable the government to make them the agents of injustice Thoreau was motivated in part by his disgust with slavery and the Mexican American War 1846 1848 **Civil Disobedience** Henry David Thoreau,2021-11-09 Resistance to Civil Government also called On the Duty of Civil Disobedience or Civil Disobedience for short is an essay by American transcendentalist Henry David Thoreau that was first published in 1849
