ever chapter on couple therapy in the leading ADHD clinical guide edited by Russell Barkley PhD Since 2008 she's reported major original stories at her award winning blog the first and longest running website on Adult ADHD ADHDRollerCoaster.org Her first book *Is It You Me or Adult ADHD* broke new ground and won four book awards It has been translated into Turkish and Spanish Her second book with psychologist Arthur Robin is *Adult ADHD Focused Couple Therapy Clinical Interventions* It presents the first therapeutic model for helping these couples It is a flexible approach based on strategies that research has proven to work for Adult ADHD and for couple therapy Known as an innovative researcher and engaging speaker Gina has long provided education and support for the ADHD community She has led workshops internationally and facilitates Adult ADHD discussion groups in Silicon Valley as well as an international online group for the partners of adults with ADHD Previously Gina was an award winning newspaper and magazine journalist She has recently launched an online training site for consumers and professionals ADHDSuccessTraining.com Her blog ADHDRollerCoaster.org From the Author Gina Pera ADHD is a highly variable syndrome that affects individuals not clones Your experience of ADHD might look little like Your friend's ADHD Your parent's ADHD That blogger's or podcaster's ADHD Any stereotypes about ADHD I wrote this book to help everyone affected by Adult ADHD the adults themselves their partners and other loved ones and professionals learn to recognize ADHD related challenges When you know what you are dealing with you have a better chance of creating positive change When couples learn about ADHD and work as a team to address misinterpretations and dysfunctional interaction cycles life typically improve dramatically Even when relationships do not continue healing takes place Lessons are learned about digging deep into the human capacity for strength love and compassion and learning new ideas I sincerely wish that you find this guide helpful even life changing and that it might inspire you to share your knowledge with others Thank you for reading Professional Endorsements Reviews Most books on marriage offer insights and help to common marital problems such as the traditional problems of conflict around sex money children time and in laws They offer credible solutions such as conflict management improved communication and problem solving skills This book is different For some couples these problems are exacerbated by the often unnoticed presence of a particular neural wiring in the brain called Attention Deficit Hyperactivity Disorder that makes traditional solutions very ineffective This book describes ADHD in detail and with empathy and helps couples with this added challenge find hope and solutions I recommend it highly to all couples whose troubles seem incomprehensible and for all couples therapists it should be required reading to help them distinguish between ordinary conflict and the roller coaster effect of this syndrome Harville Hendrix PhD renowned couples therapy expert and author of *Getting the Love You Want A Guide for Couples* In this lucid provocative and authoritative book Gina Pera lets the reader know at a visceral level what it's like to be the partner of an adult with ADHD Alternately humorous and deadly serious the book is deeply empathic with the experience of such partners Along the way Pera provides important information about ADHD's causes and treatments and provides empowerment to those who have for too long been blamed

for the relationship issues engendered by AD/HD. By showing the reality of AD/HD in relation to those who must live with its consequences every day, she provides a message of real hope. Stephen Hinshaw, Ph.D., Professor and Chair of the Psychology Department at the University of California Berkeley: "Wow! What a roller coaster ride! Is It You, Me, or Adult ADD contains information that is just not available anywhere else. This book is sure to become the authoritative guide for couples dealing with ADD and the baggage that accompanies it. Packed with information but not overwhelming, it is a unique and valuable resource." Patricia O'Quinn, M.D., Cofounder and Director, The National Center for Girls and Women with AD/HD: "Insightful, helpful, witty, and very practical. This book can change your life." Daniel G. Amen, M.D., author, *Change Your Brain, Change Your Life*: "Having a spouse or partner with ADHD and its attendant conditions often means dealing with painful, disastrous, and heartbreaking issues: financial catastrophes, verbal and even physical abuse, substance addiction, and many others. The spouse feels overwhelmed and desperate while struggling in a swirl of chaos. But help is often nowhere to be found. Most books on ADHD completely ignore the more serious issues brought on families, and even health care providers sometimes have no understanding of it. Many group members have been in relationships for 20 to 30 years, never knowing why their lives are so different from other couples loving their partners but living lives of frustration and emotional abandonment. As co-moderators for nearly 10 years of an online support group, we've seen our members grapple with these painful issues with nowhere else to turn for advice, help, and hope except each other. We've seen this book emerge from a plea from group members for a resource that addresses their needs." Gina Pera has completed a monumental undertaking of blending our stories with the latest medical advisories on treating ADHD and its many co-existing conditions. Real answers on the painful realities. We expect this book will be the bible for all of us dealing with adult ADHD. Elizabeth Weathers and Diane Hartson, Co-moderators, ADD Spouse support group: "My first response to the publication of Gina's book was, 'At last! Something for the significant other you hate to use the cliché long overdue, but as a physician who treats dozens of ADHD patients until now there's just been nothing available.' Is it You, Me, or Adult ADHD lives up to all expectations. I can safely predict it will become an industry standard. As father to a son and husband to a wife with ADHD, I can professionally and personally attest to the value of Gina's important new book." David Edelberg, M.D., Medical Director, WholeHealth Chicago: "For all the couples who are struggling with ADHD in their relationship, Gina Pera has written a wonderful guide to help you navigate these treacherous marital waters. Is it You, Me, or Adult ADD has the unique distinction of including the perspective of the partner without ADHD, which has been neglected for far too many years. The book is well researched, reader friendly, and includes insights and perspectives from a Who's Who of professionals in the field. For couples struggling with ADHD, it's the season's new must-have book and bound to become a classic." Michele Novotni, Ph.D., author of *What Does Everyone Else Know that I Don't?* "Even today, people often surprisingly ask, 'Do you believe in Adult ADHD?' Confirmatory brain neuroscience answers this speculation about Adult ADHD. It's a real problem with real and painful challenges, not a belief system. And nowhere is Adult ADHD more evident, more fully

identifiable than in our most important valued relationships In any long term relationship with increasing exposure over time ADHD patterns endure unabated They grind partners into a thin paste The reason it took so long to recognize Adult ADD is simple Its expression is cunning and well rationalized With Gina Pera s help the subtlety of recognizing and the complexity of intervening on these puzzling ADHD predicaments is refreshingly simplified Gina translates big questions into useful practical and understandable answers Her book provides not only a good starting place for the ADHD discussion but also detailed follow through for the real recovery process Charles Parker DO Medical Director CorePsych While there is increasing awareness of how common and difficult ADHD can be there are no resources available to help explain the nature of ADHD to those who live closest to it in adulthood the spouse Gina Pera has combined a real feel for the disorder with sound reporting skills and the spice of those who tell the story best the couples themselves This is a book based on science but it captures the art of helping couples cope with and move beyond the challenges that ADHD creates Margaret D Weiss M D Ph D Director of Clinical Research in Child Psychiatry at Cambridge Health Alliance Cambridge MA Gina Pera has written a stunning book that should be a must read for all couples where one or both partners have ADHD Combining her own experiences a thoughtful synthesis of the clinical and research literature and a creative study of her own design she has grasped the complex ways in which ADHD affects relationships and has translated her comprehensive expertise into a highly readable and extraordinarily helpful guide Using the metaphor of riding a roller coaster she describes the ups and downs of intimate relationships in frank and open ways including rich descriptions of all too common scenarios that inevitably stymie couples and offers solutions that are both imaginative and practical Her prose is extremely effective at times funny and at other times poignant and her ability to capture the subtle dynamics of partnerships affected by ADHD is nothing short of extraordinary What is particularly stunning about her achievement is the way Ms Pera has captured the intricacy of ADHD including its far reaching effects on executive function and emotional regulation Equally impressive is her talent for framing the issues in comprehensible language with answers to frequently asked questions quotes from partners with and without ADHD and snippets of dialogues that are completely genuine Best of all this book offers hope and guidance to the millions of adults whose lives have been challenged by ADHD by providing clear and useful ideas and a richly elaborated framework for addressing the myriad stresses that ADHD imposes upon intimacy and friendship Kudos and thanks to Ms Pera I will make this book required reading for all my patients It is nothing short of a tour de force Anthony L Rostain M D MA Medical Director University of Pennsylvania Adult ADHD Treatment and Research Program Professor of Psychiatry and Pediatrics University of Pennsylvania School of Medicine As any partner of an adult with ADHD can attest research clearly shows ADHD s pervasive effects on a person s ability to manage life s many demands This often leaves the partner to pick up the pieces despite the ADHD person s seemingly good intentions When an adult has ADHD his or her romantic partner has it too Alternately confused optimistic and resentful the partner rides a roller coaster as he or she tries to understand why the

relationship seems so unbalanced Gina Pera has been there and has authored a guide that offers understanding for the confused practical strategies for the frustrated and hope for the despondent This book will be a lifesaver for both partners as they strive to create a more satisfying relationship and a happier more productive life together Ari Tuckman Psy D M B A From the Back Cover Is Someone You Love Forgetful Disorganized Distractible Procrastination prone Easily bored Irritable A couch potato or always on the go Suffering from sleep problems Prone to mis hearing or mis remembering Addicted to shopping tobacco videogames work or worse Learn Why Most adults with ADD aren t physically hyperactive Many can focus when their interest level is high Many therapists and physicians fail to recognize the signs of ADHD or know how to provide evidence based treatment Symptoms can sabotage your finances intimacy and even your health Externally supporting Executive Functions can help people with ADHD show what they know ADHD awareness can save your relationship and maybe even your life For all couples therapists it should be required reading to help them distinguish between ordinary conflict and the roller coaster effect of this syndrome Harville Hendrix Ph D author of Getting the Love You Want Insightful helpful witty and very practical This book can change your life Daniel G Amen M D author of Healing ADD Until now however no books existed that combined both a scientific understanding of adult ADHD with pragmatic recommendations to guide these adults and their partners in coping problem solving and otherwise addressing the difficulties they face in sharing a life and a home Gina Pera s book does so with an admirable balance of current scientific information mixed with sage advice and wise practical strategies based on the current science There is no better book now that addresses such relationship difficulties and with such sensitivity to the complex issues inherent in them Thank you Gina for writing such a useful book Russell A Barkley Ph D author of Taking Charge of Adult ADHD and Adult ADHD What the Science Says About the Author Gina Pera is an internationally respected author speaker and educator on Adult ADHD especially as it affects relationships For 22 years she has researched and written about Adult ADHD while also passionately advocating for better treatment standards She wrote two highly praised books and the first ever chapter on couple therapy in the leading ADHD clinical guide edited by Russell Barkley PhD Since 2008 she s reported major original stories at her award winning blog the first and longest running website on Adult ADHD ADHDRollerCoaster org Her first book Is It You Me or Adult ADHD broke new ground and won four book awards It has been translated into Turkish and Spanish Her second book with psychologist Arthur Robin is Adult ADHD Focused Couple Therapy Clinical Interventions It presents the first therapeutic model for helping these couples It is a flexible approach based on strategies that research has proven to work for Adult ADHD and for couple therapy Known as an innovative researcher and engaging speaker Gina has long provided education and support for the ADHD community She has led workshops internationally and facilitates Adult ADHD discussion groups in Silicon Valley as well as an international online group for the partners of adults with ADHD Previously Gina was an award winning newspaper and magazine journalist Excerpt Reprinted by permission All rights reserved Foreword from a preeminent international ADHD

expert Only within the last 15 years has adult ADHD been recognized as a valid clinical disorder Yet at least 40 years ago and possibly a century the scientific and clinical literature acknowledged its existence Today we know ADHD to be more impairing than most other conditions seen in outpatient psychiatric and psychological clinics including anxiety disorders dysthymia and major depression In short the scientific evidence is overwhelming for this adult version of a disorder long associated with childhood In particular current research details how ADHD can adversely affect all major life activities including marriage or cohabiting relationships and the skills intimately involved in maintaining a household and raising a family including driving an automobile working a job managing money taking care of one's health and parenting Until now however no books existed that combined both a scientific understanding of adult ADHD with pragmatic recommendations to guide these adults and their partners in coping problem solving and otherwise addressing the difficulties they face in sharing a life and a home Gina Pera's book does so with an admirable balance of current scientific information mixed with sage advice and wise practical strategies based on the current science There is no better book that addresses such relationship difficulties and with such sensitivity to the complex issues inherent in them Thank you Gina for writing such a useful book
