The Developmental Systems Approach to Early Intervention Michael J. Guralnick, 2005 A more consistent coherent and effective early intervention system is the goal of this enlightening book which describes a state of the art research based developmental systems model to guide programs for children from birth to 5 years of age

Effective Early Intervention Michael J. Guralnick, 2019 After decades of rapid evolution and groundbreaking research the field of early intervention can be understood within a common framework the Developmental Systems Approach DSA Created by a highly influential leader in the field Michael Guralnick this evidence based relationship oriented family centered framework focuses on strengthening the quality of key family patterns of interaction that influence a child s development The overall integration of developmental science our knowledge of risk and disability intervention science and practice provides the structure for the DSA In this important volume Guralnick organizes and analyzes the most current research and developments in early intervention through the lens of the DSA Starting with a clear explanation of the foundations of early intervention the book then applies the DSA to four vulnerable populations children at risk due to biological factors specifically preterm birth children at environmental risk children with developmental delays and children

with autism spectrum disorder Readers will discover how the DSA can guide the development of effective services and supports for diverse young children and families and they TM ll come away with insights on how to use this framework to improve early intervention programs in their own communities An invaluable reference for early childhood researchers faculty and policy makers this forward thinking book is the key to establishing inclusive community based early intervention systems that nurture each family s strengths and promote child development READERS WILL Understand the developmental science that applies to all children Learn how child development is influenced by three critical family patterns of interaction parent child transactions family orchestrated child experiences and parent promotion of child health and safety Explore the influence of family resources as well as child specific risk and protective factors on a child TM s health and development in the context of early intervention Discover ways to select interventions that are most effective for children and families based on intervention science and the DSA conceptual framework Learn the fundamentals of applying the DSA framework to designing and implementing inclusive community based systems of early intervention

Contexts of Early Intervention S. Kenneth Thurman, Janet R. Cornwell, Sheryl Ridener Gottwald, 1997 Beginning with a review of the ecological and sociopolitical factors that influence a child s world the authors scrutinize typical early intervention environments such as homes child care centers and public schools Based on their collective observations they proceed to explore the influence that familial economic and cultural systems have on program outcomes Its illustrative case studies and historical perspective make this text ideal for in service use Scholarly as well as practical *Contexts of Early Intervention* is an important professional development tool for improving early intervention programming today and envisioning a model system of service provision for tomorrow

Pediatric Occupational Therapy and Early Intervention Jane Case-Smith, 1998 Emphasizing a family centered approach to treatment *Pediatric Occupational Therapy and Early Intervention* is a practical guide to providing occupational therapy services to young children Written by a team of expert clinicians this text illustrates the importance of successful early intervention and confronts specific challenges faced by direct service providers Covering both the principles of early intervention and the application of current theory to everyday practice *Pediatric Occupational Therapy and Early Intervention* details focused treatment strategies such as sensory integration assessment assistive technology and the power of play

Success in Early Intervention Arthur J. Reynolds, 2000-01-01 This book is a valuable source of information on the long term effects of early intervention programs on the education of children living in economically disadvantaged areas and in other contexts Early intervention programs such as Head Start enjoy popular and legislative support but until now policymakers and practitioners have lacked hard data on the long term consequences of such locally and federally mandated efforts *Success in Early Intervention* focuses on the Child Parent Center CPC program in Chicago the second oldest after Head Start federally funded early childhood intervention program Begun in 1967 the program currently

operates out of twenty four centers which are located in proximity to the elementary schools they serve The CPC program s unique features include mandatory parental involvement and a single sustained educational system that spans preschool through the third grade Central to this study is a 1986 cohort of nearly twelve hundred CPC children and a comparison group of low income children whose subsequent activities challenges and achievements are followed through the age of fifteen The lives of these children amply demonstrate the positive long term educational and social consequences of the CPC program
