

## Create a Spirit Guide Symbol Book

Spirit guides are beings that are working in conjunction with your Higher Self with the goal of keeping you on your soul contract path. They work to alert you when you are off track, give you messages that can help and heal yourself and others, and create pathways of open communication between Spirit and yourself. (Revisit Part I for more on spirit guides and the Higher Self.)

As you begin this journey of becoming psychic, you will need new tools to communicate with your guides. After all, you are becoming more fluent in the language of Spirit. To gain further perspective and information, consider a symbol book your new dictionary! Because your spirit guides are celestial energies, they do not always communicate in words. Symbols are their more common way to get your attention and deliver messages. And because you are an individual being with unique spirit guides, you will have your own unique set of symbols. Creating a symbol book is helpful not only for deciphering future messages but also for strengthening the meaning of each symbol given to you. This book will be shared by you and your spirit guides. Every time you make an entry, you are sealing the meaning for all time.

### GETTING READY

Get a journal large enough to be used for many years. This is an ongoing manifesto of work that will take a long time to create and will never be quite completed. So prepare for creating your

book; you must identify symbols that are meaningful to you. Perhaps you've always seen certain symbols such as feathers, dimes, or particular animals. So as to not overwhelm yourself, create a list of things you feel connected to symbolically. They all will have meaning for you, even if that meaning isn't solidified just yet.

As you continue along with this journal, you will want to add new symbols to your list. Prepare for Spirit to send you many more symbols once Spirit knows you are paying attention and in a space to receive them. These symbols will come suddenly and without a lot of warning. You may see them in your third eye (see more on the third eye chakra in the "Open Your Third Eye" and "Balance Your Chakras" activities) or feel compelled to blurt out what you feel, see, or are reminded of. Perhaps during a conversation with a new friend you are suddenly compelled to remember a song you heard. You could also see a shape or even a place you've once visited. You may see random items, mythical creatures, or funny memories from your past. All these things can have meanings beyond the literal sense. For example, being reminded of a location, like New York, when you're around someone can mean they are from there or have ties there.

### How to Create a Spirit Guide Symbol Book

1. Choose a symbol from your list.
2. Sit in a meditative state with your eyes open or closed. You may wish to sketch or draw the symbol in your spirit guide journal during this step.
3. Ask the question out loud—"What does this mean?"—and trust whatever answer you immediately receive.
4. If an answer doesn't seem to be coming to you right away, sit with it. Ask your guides to be more specific in showing you its meaning.
