## **Experiences In Groups And Other Papers:**

Experiences in Groups W.R. Bion, 2003-09-02 A classic study which by synthesizing the approaches of psychoanalysis and group dynamics has added a new dimension to the understanding of group phenomena **Experiences in Groups AND OTHER PAPERS** W. R BION, 1961 **Couple Dynamics** Aleksandra Novakovic, 2018-04-24 This book presents psychoanalytic thinking about the phenomenon of the couple and couple dynamics at different levels of organization the couple in the individual's internal world the dynamics between partners in a couple relationship and the dynamics between the couple and the group **The Portuguese School of Group Analysis** Isaura Manso Neto, Margarida França, 2020-12-30 At the time group analysis was emerging in the United Kingdom through the ideas of S H Foulkes one of his followers Eduardo Lu's Cortes o returned to Portugal and founded the Portuguese Society of Groupanalysis with the first group analytic Symposium taking place in Estoril Portugal in 1970 In this vital new book an impressive collection of contributors demonstrate how group analysis in Portugal has always embraced the relational paradigm that has become central to contemporary psychoanalysis The Portuguese school of groupanalysis through several of its senior members has contributed to many of the organizations responsible for the development of group analysis such as EGATIN IAGP and GASi Nevertheless some of the concepts and variations of the Portuguese school of groupanalysis tend to be unknown to the English speaker Their focus is on the pattern allowing transformation of each patient's personal matrix working through primitive relational failures and paving the way to new beginnings always in a transgenerational group context This book will be of tremendous importance to psychotherapists working in group analysis around the world **Bion's Sources** Nuno Torres, R.D. Hinshelwood, 2013-03-12 There are an increasing number of publications concerned with the work of Wilfred Bion 1897 1979 Many have sought new ideas from his writing however little attention has been paid to the intellectual context in which Bion wrote Bion's Sources traces where Bion's new ideas came from what job he required of them how successfully he used his context and how that has fertilised psychoanalysis Expert contributors provide chapters on areas of the intellectual context separate from or adjacent to clinical psychoanalysis in Britain which have clearly influenced the texts Bion left those published in his life time or subsequently Chapters explore the influences deriving from Wilfred Trotter Henri Bergson and process philosophy Kurt Lewin and group dynamics Immanuel Kant R B Braithwaite and the philosophy of science the mathematics of notation and transformation as well as the work of psychoanalysts who have applied their theories to social science psychosomatics and literature and the humanities By contextualising Bion in the wider culture of ideas and removing him from the exclusive world of Psychoanalysis Bion's Sources aims to moderate his genius by showing how it was shaped by very wide influences This book will be of interest to psychoanalysts clinicians and those interested in the history of psychoanalytic ideas W.R. Bion as Clinician R. D. Hinshelwood, 2022-12-29 Underpinned by rigorous close readings of his oeuvre this book provides a comprehensive guide to the development practice and evolution of Wilfred Bion's clinical

psychoanalytic work Starting with the significance of Kant during Bion's years as a student the author traces the key influences on Bion in his psychoanalytic and personal development progressing through Bion's particularly productive pre psychoanalytic work based on social field theory his well known elaboration of Klein's schizoid mechanisms known as the theory of containment all the while with his deeply thoughtful clinical approach inspired latterly by an understanding of literary creativity Extending this unique emphasis on Bion's clinical work rather than his theory Hinshelwood also explores how Bion's early traumatic experiences helped shape his attitudes and approach to effective clinical work With comprehensive coverage of the key tenets of Bion's work this should be essential reading for psychoanalysts and psychotherapists in practice and in training who seek a clear guide to the practical applications of his theory

**Psychoanalytic Memoirs** Jeffrey Berman, 2022-11-17 The first book length study of the psychoanalytic memoir this book examines key examples of the genre including Sigmund Freud's mistitled *An Autobiographical Study* Helene Deutsch's *Confrontations with Myself* An Epilogue Wilfred Bion's *War Memoirs 1917-1919* Masud Khan's *The Long Wait* Sophie Freud's *Living in the Shadow of the Freud Family* and Irvin D Yalom and Marilyn Yalom's *A Matter of Death and Life* Offering in each chapter a brief character sketch of the memoirist the book shows how personal writing fits into their other work often demonstrating the continuities and discontinuities in an author's life as well as discussing each author's contributions to psychoanalysis whether positive or negative
