Explaining Croatia's Noncompliance With EU Conditionality On ICTY Cooperation:

Explaining Croatia's (non)compliance with EU conditionality on ICTY cooperation: Do external incentives make the difference? Christian Menz, 2014-02-01 For the positive experience with tying progress in negotiations with progress in reform in Central and Eastern Europe the European Union made its membership offer to the Western Balkans countries conditional on specific democratic principles most notably full cooperation with the International Criminal Tribunal for the former Yugoslavia ICTY Yet although EU membership is regarded as highly attractive both for political elites and the general public in the region the erratic record of compliance with ICTY related EU conditionality in Croatia since 2000 raises questions about the EU's ability to provide for rule transfer and norm diffusion in the current enlargement round and poses a puzzle to scholars of international relations and EU enlargement alike My findings suggest that EU conditionality was rather inconsistently applied toward Croatia Two main conclusions can be made from this First individual member states have gained in influence over enlargement policy that leads to a more politicized use of the conditionality tool undermining its effectiveness Second it illustrates the need to place politics in time and to go beyond purely rationalist explanations

Explaining Croatia's Compliance with EU Conditionality on ICTY Cooperation Christian Menz, 2013 Bachelor Thesis from the year 2010 in the subject Politics International Politics Topic European Union grade 2.3 University of Passau language English abstract Due to the positive experience with tying progress in negotiations with progress in reform in Central and Eastern Europe CEE the European Union EU made its membership offer to the Western Balkans WB countries conditional on specific democratic principles most notably full cooperation with the International Criminal Tribunal for the former Yugoslavia ICTY and respect for the Dayton Peace Accord Yet although EU membership is regarded as highly attractive both for political elites and the general public in the region the erratic record of compliance with ICTY related EU conditionality raises questions about the EU's ability to provide for rule transfer and norm diffusion in the current enlargement round and poses a puzzle to scholars of international relations and EU enlargement alike As I will demonstrate for the case of Croatia both the Ra an 2000 2003 and Sanader governments since 2003 have seen many ups and downs of ICTY cooperation The core question this study addresses is What factors explain variation in Croatia's compliance with ICTY related EU conditionality The investigation period sets in with the democratic turn in 2000 and ends in December 2005 when the last remaining indictee left for The Hague

Regional Economic Outlook, November 2017, Europe International Monetary Fund. European Dept., 2017-11-13 The European recovery is strengthening and broadening appreciably Real GDP growth is projected at 2.4 percent in 2017 up from 1.7 percent in 2016 before easing to 2.1 percent in 2018 These are large upward revisions 0.5 and 0.2 percentage point for 2017 and 2018 respectively relative to the April World Economic Outlook The European recovery is spilling over to the rest of the world contributing significantly to global growth In a few advanced and many emerging economies unemployment rates have returned to precrisis levels Most emerging market European

economies are now seeing robust wage growth In many parts of Europe however wage growth is sluggish despite falling unemployment

International Criminal Justice and the Politics of Compliance Dr Christopher K Lamont, 2013-03-28 International Criminal Justice and the Politics of Compliance provides a comprehensive study of compliance with legal obligations derived from the International Criminal Tribunal for the former Yugoslavia's ICTY Statute and integrates theoretical debates on compliance into international justice scholarship Through the use of three models of compliance based on coercion self interest and norms Christopher Lamont explores both the domestic politics of war crimes indictments and efforts by external actors such as the European Union the United States and the Tribunal itself to induce compliance outcomes He examines whether compliance outcomes do or do not translate into a changed normative understanding of international criminal justice on the part of target states

The Politics of International Law and Compliance Nikolas Rajkovic, 2011-09 Leading the debate on the domestic effect of the growing influence of international adjudication this invaluable text examines Serbia and Croatia's erratic record of compliance with the International Criminal Tribunal for the Former Yugoslavia ICTY Since the demise of the Milosevic and Tudjman regimes Serbian and Croatian governments have been inconsistent in cooperating with the ICTY despite the conditions of EU membership and US financial incentives This study reconstructs events before during and after extradition to build up a picture of the complex politics involved in ICTY relations and provides a conceptual framework to study compliance in international relations and law Through this analysis a historical tracing of varied factors of political influence and a conceptualization of compliance is provided resulting in a rich interdisciplinary work embracing political science international relations and social theory By scrutinizing the social meanings and political practices which become attached to prescribed norms in compliance processes this book provides a highly relevant insight into contemporary meanings of compliance Politics of International Law and Compliance will be of interest to students and scholars of politics international relations and international law and European politics
