

Farewell Speech to Students

Good [morning/afternoon/evening], esteemed colleagues, dedicated teachers, supportive staff, cherished parents, and, most importantly, our distinguished students.

Today, as we gather in this assembly to bid farewell, I stand before you with a heart full of emotions. It's a moment of reflection, a moment of joy, and indeed, a moment of goodbyes. As your principal, it has been my profound honor and privilege to witness your journey within these walls that have been more than just a school but a home to us all.

To our departing students, you arrived here with dreams in your eyes and ambitions in your hearts. Over the years, I have watched you grow, not just in stature but in character and intellect. You have faced challenges, celebrated successes, and, through it all, demonstrated resilience and determination that inspire.

The journey through education is akin to planting a tree. In your initial years, we, your teachers and mentors, endeavored to sow the seeds of knowledge, curiosity, and passion for learning. We nurtured these seeds with the water of perseverance and the sunlight of encouragement. Today, we stand in awe of the strong, beautiful trees you have become, ready to offer shade and fruits to the world.

As you prepare to step out into the world, remember that the education you have received here extends beyond the textbooks and classrooms. It is the lessons of life, the values of respect, empathy, and integrity, and the courage to stand up for what is right. These are the tools that will guide you through the challenges ahead.

To our beloved teachers and staff, your dedication and commitment have been the cornerstone of our students' success. You have not only been educators but mentors, guiding lights, and sometimes, friends. Your influence extends far beyond the lessons taught within the confines of this school and will continue to resonate in the lives of these young individuals for years to come.

And to the parents, your unwavering support and trust in us have been invaluable. You have been partners in this educational journey, and your role in your children's achievements cannot be overstated. Thank you for entrusting us with the precious responsibility of guiding your children towards their futures.

International Student of the World Problem of Alcoholism (varies) ,1914 *Culture and Education* Filiz Meseci Giorgetti, Ali Arslan, Craig Campbell, 2020-06-29 This book explores the fascinating and complex interactions between the ways that culture and education operate within and across societies In some cases education is imagined as an integrated part of general cultural phenomena in others educational interventions become the means for transforming the cultural circumstances of different populations The contributors to this volume show how certain educational practices produce new cultural and professional knowledge discuss the impacts of initially foreign educational ideas and institutions on established cultural institutions in very different societies and explore the impacts of modernity and modern educational ideas on more traditional gendered and religious practices and communities The book also provided striking examples of when these impacts were not benign Increasingly powerful twentieth century governments attempted to use education and schools to produce new reformed citizens suitable for their newly created colonial national socialist and fascist states The expectation was that cultural and social transformation might be engineered in major part through schooling This book was originally published as a special issue of *Paedagogica Historica* News Bulletin of the Institute of International Education Institute of International Education (New York, N.Y.), 1952 *Intercollegian* ,1925 **Student Life** ,1955 **Barack and Joe** Steven Levingston, 2019-10-08 A Washington Post 2019 Notable Selection A vivid and inspiring account of the bromance between Barack Obama and Joe Biden The extraordinary partnership of Barack Obama and Joe Biden is unique in American history The two men their characters and styles sharply contrasting formed a dynamic working relationship that evolved into a profound friendship Their affinity was not predestined Obama and Biden began wary of each other Obama an impatient freshman disdainful of the Senate's plodding ways Biden a veteran of the chamber and proud of its traditions Gradually they came to respect each other's values and strengths and rode into the White House together in 2008 Side by side through two

tension filled terms they shared the day to day joys and struggles of leading the most powerful nation on earth They accommodated each other s quirks Biden s famous miscues kept coming and Obama overlooked them knowing they were insignificant except as media fodder With his expertise in foreign affairs and legislative matters Biden took on an unprecedented role as chief adviser to Obama reshaping the vice presidency Together Obama and Biden guided Americans through a range of historic moments a devastating economic crisis racial confrontations war in Afghanistan and the dawn of same sex marriage nationwide They supported each other through highs and lows Obama provided a welcome shoulder during the illness and death of Biden s son Beau As many Americans turn a nostalgic eye toward the Obama presidency Barack and Joe offers a new look at this administration its absence of scandal dedication to truth and respect for the media This is the first book to tell the full story of this historic relationship and its substantial impact on the Obama presidency and its legacy

The Politics of Peace Petra Goedde,2019-01-10 During a television broadcast in 1959 US President Dwight D Eisenhower remarked that people in the long run are going to do more to promote peace than our governments Indeed I think that people want peace so much that one of these days our governments had better get out of the way and let them have it At that very moment international peace organizations were bypassing national governments to create alternative institutions for the promotion of world peace and mounting the first serious challenge to the state centered conduct of international relations This study explores the emerging politics of peace both as an ideal and as a pragmatic aspect of international relations during the early cold war It traces the myriad ways in which a broad spectrum of people involved in and affected by the cold war used altered and fought over a seemingly universal concept These dynamic interactions involved three sets of global actors cold war states peace advocacy groups and anti colonial liberationists These transnational networks challenged and eventually undermined the cold war order They did so not just with reference to the United States the Soviet Union and Western Europe but also by addressing the violence of national liberation movements in the Third World As Petra Goedde shows in this work deterritorializing the cold war reveals the fractures that emerged within each cold war camp as activists both challenged their own governments over the right path toward global peace and challenged each other over the best strategy to achieve it The Politics of Peace demonstrates that the scientists journalists publishers feminists and religious leaders who drove the international discourse on peace after World War II laid the groundwork for the eventual political transformation of the Cold War
