Experiencing Spirituality Ernest Kurtz, Katherine Ketcham, 2015-06-16 A great master once said The shortest distance between a human being and truth is a story In Experiencing Spirituality Ernest Kurtz and Katherine Ketcham take readers on a journey through storytelling as a means of self discovery Recounting and interpreting great wisdom stories from all ages and all cultures as well as telling many of their own the authors shed light on such experiences as awe wonder humor confusion and forgiveness In story after story seekers look to those whose lives reveal a special quality sometimes called spirituality and ask the masters what they must do to attain that same quality The answer is simple Come follow me and see how I live Experiencing Spirituality teaches through the example of human experience Twelve Steps to Religionless Spirituality Ward B. Ewing, 2021-09-09 The Twelve Steps of Alcoholics Anonymous provides a spiritual program dramatically distinct from religion Twelve Step spirituality is based on experience not doctrine it is pragmatic focusing on what works and not on theory it is centered in a community that is inclusive welcoming all who desire to stop drinking it seeks rigorous honesty even when that honesty involves painful questioning and it centers upon service to the still suffering alcoholic The power found in working the Steps is transformational moving participants from despair to hope from self focused resentment to concern for others and from angry efforts to control to gratitude for gifts received It works for atheists and agnostics secularists and free thinkers Christians Jews Muslims and other faiths At a time when more and more people identify themselves as spiritual but not religious and the traditional religious institutions are in decline in Western culture Twelve Step spirituality provides insights that can assist in the renewal and reinvigoration of our churches synagogues and mosques In our time of dramatic social polarization it can provide a foundation for bridging differences Largely unknown outside the recovery community this book examines how this transformative program can be relevant to today Seeking a Higher Power Michael Cowl Gordon, 2025-02-25 Alcoholics Anonymous and other twelve step programs have had great success in restoring the lives of millions of people However millions more fail to grasp the program successfully The biggest obstacle appears to be the requirement of reliance on a higher power Many people are turned off by the frequent mention of God in the meetings and the literature This book offers the reader ways to approach the idea of a higher power and of how to rethink the idea of God that hopefully will overcome prejudice that has built up in the minds of prospective members Gordon has written a collection of 38 essays on topics such as love spirituality Buddhism Native American spirituality and compassion and an offers an extensive bibliography and suggested reading list This book will be a valuable resource for people trying to negotiate their recovery journey **CPR for the Soul** Tom Stella,2017-11-14 **Consumer Health** & Integrative Medicine: A Holistic View of Complementary and Alternative Medicine Practices Linda Baily Synovitz, Karl L. Larson, 2018-10-01 Today being a health consumer encompasses more than being knowledgeable about traditional medicine and health practice but also includes the necessity to be well informed about the expading field of

complementary and alternative medicine Consumer Health and Integrative Medicine Holistic View of Complementary and Alternative Medicine Practices Second Edition was written to expand upon the many alternative modalities that many other consumer health texts overlook It includes chapters on the major alternative medicine systems and healing modalities including Ayurvedic medicine traditional Chinese medicine naturopathy homeopathic medicine chiropractic medicine massage reflexology and herbals or botanicals The authors mission is to increase reader s knowledge base not make up their mind as we all make better choices related to our own personal health care practices when we are informed consumers
