Explorations In Metaphysics Being God Person

Jorge N. Ferrer, Jacob H. Sherman

Explorations In Metaphysics Being God Person:

Explorations in Metaphysics W. Norris Clarke S.J., 1992-01-31 This collection of essays is a compilation of the thought and work of W Norris Clarke S J a philosopher inspired by the Thomistic tradition who in 45 years of teaching and writing has delved into many of the central problems of perennial philosophy and made a significant contribution to the ongoing history of American Thomism The essays presented here reflect an internal unity each essay deliberately building on the positions put forth in the preceding ones as they progress systematically through the themes of metaphysics and philosophy of God Clarke begins with an overall survey of what in Aquinas s metaphysics is most relevant for today and then suggests the most fruitful starting point for a contemporary presentation of such a metaphysics The next five essays discuss key positions in metaphysics and are followed by two essays on the philosophy of God The final essay illuminates key themes in Clarke s most recent work on the human person Clarke s examination of topics in all these areas is especially concerned with the notions of action and participation in existence as being central to the metaphysical study of reality This then leads to a close study of the often misunderstood Thomistic doctrine of analogy and how it functions in the construction of a viable philosophy of God The overall spirit that permeates the volume is Clarke s firm conviction that the philosophical thought of St Thomas Aquinas is an inexhaustibly rich and profound resource and his purpose is to share this conviction with contemporary philosophers In so doing Clarke both reflects and triggers significant new directions in contemporary Thomistic thought *Explorations in Metaphysics* William Norris Clarke, 1994 This collection of essays is a compilation of the thought and work of W Norris Clarke a philosopher inspired by the Thomistic tradition Each essay offers arguments built on the points made in previous ones as they address the themes of the metaphysics of reality and the philosophy of God *Explorations in Metaphysics* W Norris Clarke, 1995-01-31 **The Philosophical Approach to God** William Norris Clarke, 2007 Includes three lectures delivered by the author at Wake Forest University in 1979 this book is a useful resource for scholars and teachers of the philosophy of religion **The Philosophical Approach to God** William Norris Clarke, 2007 This book is a revised and expanded edition of three lectures delivered by the author as the centerpiece of a symposium on the philosophy of God at Wake Forest University in 1979 Long out of print in its new edition it should be a valuable resource for scholars and teachers of the philosophy of religion The first two lectures after a critique of the incompleteness of St Thomas Aquinas s famous Five Ways of arguing for the existence of God explores two lesser known resources of Aquinas s philosophical ascent of the mind to God The first is the unrestricted dynamism of the human spirit both intellect and will reaching toward the fullness of being as both true i e intelligible and good The second is the strictly metaphysical ascent to God from finite to infinite in the line of Aquinas s later more Neoplatonically inspired metaphysics of participation The third lecture is a critique of Whitehead s process philosophy It asks Is process philosophy compatible with Christian theism This article is heavily revised from its earlier version distinguishing Aquinas more sharply and critically from Whitehead than in the first edition *The*

Participatory Turn Jorge N. Ferrer, Jacob H. Sherman, 2008-10-23 Can we take seriously religious experience spirituality and mysticism without reducing them to either cultural linguistic by products or simply asserting their validity as a dogmatic fact The contributors to this volume argue that we can and they offer a new way the participatory turn which proposes that individuals and communities have an integral and irreducible role in bringing forth ontologically rich religious worlds They explore the ways this approach weaves together and gives voice to a number of robust trends in contemporary religious scholarship including the renewed study of lived spirituality the postmodern emphasis on embodied and gendered subjectivity the admission of alternate epistemic perspectives the irreducibility of religious pluralism and the pragmatist emphasis on transformation all trends that raise serious challenges to the currently prevalent linguistic paradigm The first part of the book situates the participatory turn in the context of contemporary Religious Studies the second part shows how this approach can be applied to various global traditions ancient and contemporary from Western esotericism to Jewish mysticism Christianity Hinduism Sufism and socially engaged Buddhism

God's Being in Reconciliation Adam J. Johnson, 2012-03-01 One of the most pressing issues in the doctrine of the atonement today is the question of the unity and diversity of the work of Christ What are we to make of the diversity within the biblical witness and the history of doctrine when it comes to explanations of the meaning and significance of Jesus death and resurrection Without a grasp of the unity of his work our understanding and use of the diversity runs the risk of becoming haphazard and disordered Proposals regarding the unity of Christ's work today tend to focus on the metaphorical nature of language the role of culture and various possible conceptual schemes rarely reflecting on unity and diversity proper to the being God To fill this gap Johnson draws on Karl Barth's integrated account of the doctrines of God and reconciliation harnessing the resources contained within the doctrines of the Trinity and divine perfections to energize a properly theological account of the unity and diversity of the atonement

The Metaphysical Thought of Thomas Aquinas John F. Wippel, 2000 Written by a highly respected scholar of Thomas Aquinas's writings this volume offers a comprehensive presentation of Aquinas's metaphysical thought It is based on a thorough examination of his texts organized according to the philosophical order as he himself describes it rather than according to the theological order In the introduction and opening chapter John F Wippel examines Aquinas's view on the nature of metaphysics as a philosophical science and the relationship of its subject to divine being Part One is devoted to his metaphysical analysis of finite being It considers his views on the problem of the One and the Many in the order of being and includes his debt to Parmenides in formulating this problem and his application of analogy to finite being Subsequent chapters are devoted to participation in being the composition of essence and esse in finite beings and his appeal to a kind of relative nonbeing in resolving the problem of the One and the Many Part Two concentrates on Aquinas's views on the essential structure of finite being and treats substance accident composition and related issues including among others the relationship between the soul and its powers and unicity of substantial form It then considers his understanding of matter

form composition of corporeal beings and their individuation Part Three explores Aquinas's philosophical discussion of divine being his denial that God's existence is self-evident and his presentation of arguments for the existence of God first in earlier writings and then in the Five Ways of his *Summa theologiae* A separate chapter is devoted to his views on quidditative and analogical knowledge of God The concluding chapter revisits certain issues concerning finite being under the assumption that God's existence has now been established John F Wippel professor of philosophy at The Catholic University of America was recently awarded the prestigious Aquinas Medal by the American Catholic Philosophical Association In addition to numerous articles and papers Wippel has coauthored or edited several other works including *Metaphysical Themes in Thomas Aquinas* and *The Metaphysical Thought of Godfrey of Fontaines* both published by CUA Press PRAISE FOR THE BOOK The quality of Wippel's historical research and interpretation and the detail of his argumentation make this a work that will have to be taken account of in any further studies of this topic John Boler International Studies in Philosophy A carefully and solidly argued presentation of Aquinas's metaphysics by a scholar of medieval philosophy and a superb metaphysician It should stand on the library shelf of every student of medieval philosophy sharing the stage with Wippel's other dependable works Prof Stephen F Brown Boston College In Wippel we have a master of medieval metaphysics who is at the height of his powers and who can bring to bear on this work of interpretation years of study not only of Aquinas but also of the whole context of medieval metaphysics in which Aquinas thought and wrote The result is a monumental work which will quickly become the definitive work on Aquinas's metaphysics Prof Eleonore Stump St Louis University Wippel proposes to set forth Thomas Aquinas's metaphysical thought based on his own texts in accord with the philosophical order This is a bold even audacious proposal but one that Wippel succeeds in realizing thanks to his expansive and detailed knowledge of a field in which he has worked for more than twenty years He has total command not only of the works of Thomas of his sources and of his earliest commentators but also of the secondary literature of this century in English Italian French German and Spanish Gregorianum A positively magisterial account of its subject *In the Shadow of Christ* Derek Joseph Wiertel, 2025-05-29 *In the Shadow of Christ* presents a fresh theological interpretation of nature's violent and suffering character as determined by God's self-interpretation in Jesus Christ Grounded in the rich spiritual tradition of premodern natural theology Wiertel retrieves a figural reading of nature that interprets the entire span of created existence through Scripture's symbolic landscape This restored vision of the two books rooted in God's creative and redemptive word establishes an interpretive framework that sees all of creation its beauty its strangeness and its tragedies through the creative dynamics of God's revelatory speech In this essay Wiertel critically embraces scriptural figuration with its profoundly Christocentric metaphysical orientation to offer a rich theological vision of creational suffering By engaging Scripture and the natural world figurally and in critical dialogue with contemporary philosophy ethics and biology Wiertel unfolds an expansive theological narrative He maps creation's suffering within the mystery of Jesus Christ inviting readers to

see all of natural history as a divine gift ordered toward its eschatological transformation *The Continuum Companion to Hume* Alan Bailey, Dan O'Brien, 2012-03-08 With chapters written by internationally renowned experts in their field this is an authoritative reference guide to the work thought and influence of David Hume *God After Metaphysics* John Panteleimon Manoussakis, 2007-05-23 A new way of thinking about God and religious experience *An Introduction to the Metaphysics of St. Thomas Aquinas* Saint Thomas Aquinas, 1997-06 An accessible and solid entry into the metaphysics of St Thomas Aquinas **Aquinas, Ethics, and Philosophy of Religion** Thomas Hibbs, 2007-05-31 In *Aquinas Ethics and Philosophy of Religion* Thomas Hibbs recovers the notion of practice to develop a more descriptive account of human action and knowing grounded in the venerable vocabulary of virtue and vice Drawing on Aquinas who believed that all good works originate from virtue Hibbs postulates how epistemology ethics metaphysics and theology combine into a set of contemporary philosophical practices that remain open to metaphysics Hibbs brings Aquinas into conversation with analytic and Continental philosophy and suggests how a more nuanced appreciation of his thought enriches contemporary debates This book offers readers a new appreciation of Aquinas and articulates a metaphysics integrally related to ethical practice **The Review of Metaphysics**, 2006 **Wesley, Aquinas, and Christian Perfection** Edgardo Antonio Colón-Emeric, 2009 Employing fresh readings the author examines underscores the centrality of the concept of perfection for the theologies of Thomas Aquinas John Wesley finds them to be largely complementary **The Creative Retrieval of Saint Thomas Aquinas** W. Norris Clarke, 2009-08-25 W Norris Clarke has chosen the fifteen essays in this collection five of which appear here for the first time as the most significant of the more than seventy he has written over the course of a long career Clarke is known for his development of a Thomistic personalism To be a person according to Saint Thomas is to take conscious self possession of one's own being to be master of oneself But our incarnate mode of being human involves living in a body whose life unfolds across time and is inevitably dispersed across time If we wish to know fully who we are we need to assimilate and integrate this dispersal so that our lives become a coherent story In addition to the existentialist thought of Etienne Gilson and others Clarke draws on the Neoplatonic dimension of participation Existence as act and participation have been the central pillars of his metaphysical thought especially in its unique manifestation in the human person The essays collected here cover a wide range of philosophical ethical religious and aesthetic topics Through them sounds a very personal voice one that has inspired generations of students and scholars *Philosophical and Ideological Voices in Education* Gerald Lee Gutek, 2004 *Philosophical and Ideological Voices in Education* contains clearly written analyses of major philosophies ideologies and theories of education and includes a primary source selection representative of each topic treated in the book Each chapter addresses the nature principles and applications of each philosophy ideology and theory to education schooling and curriculum and instruction The book provides a philosophical and ideological grid that helps students locate analyze and criticize the leading ideas in the theoretical foundations of education Publisher description **The New Scholasticism**

The book delves into Explorations In Metaphysics Being God Person. Explorations In Metaphysics Being God Person is a crucial topic that needs to be grasped by everyone, from students and scholars to the general public. The book will furnish comprehensive and in-depth insights into Explorations In Metaphysics Being God Person, encompassing both the fundamentals and more intricate discussions.

1. This book is structured into several chapters, namely:
 - Chapter 1: Introduction to Explorations In Metaphysics Being God Person
 - Chapter 2: Essential Elements of Explorations In Metaphysics Being God Person
 - Chapter 3: Explorations In Metaphysics Being God Person in Everyday Life
 - Chapter 4: Explorations In Metaphysics Being God Person in Specific Contexts
 - Chapter 5: Conclusion
 2. In chapter 1, the author will provide an overview of Explorations In Metaphysics Being God Person. This chapter will explore what Explorations In Metaphysics Being God Person is, why Explorations In Metaphysics Being God Person is vital, and how to effectively learn about Explorations In Metaphysics Being God Person.
 3. In chapter 2, the author will delve into the foundational concepts of Explorations In Metaphysics Being God Person. This chapter will elucidate the essential principles that must be understood to grasp Explorations In Metaphysics Being God Person in its entirety.
 4. In chapter 3, the author will examine the practical applications of Explorations In Metaphysics Being God Person in daily life. This chapter will showcase real-world examples of how Explorations In Metaphysics Being God Person can be effectively utilized in everyday scenarios.
 5. In chapter 4, this book will scrutinize the relevance of Explorations In Metaphysics Being God Person in specific contexts. The fourth chapter will explore how Explorations In Metaphysics Being God Person is applied in specialized fields, such as education, business, and technology.
 6. In chapter 5, the author will draw a conclusion about Explorations In Metaphysics Being God Person. This chapter will summarize the key points that have been discussed throughout the book.
- This book is crafted in an easy-to-understand language and is complemented by engaging illustrations. It is highly recommended for anyone seeking to gain a comprehensive understanding of Explorations In Metaphysics Being God Person.
