Exodus And Revolution:

Exodus And Revolution Michael Walzer, 1986-10-09 A noted political philosopher offers a moving meditation on the political meanings of the biblical story of Exodus from oppression to deliverance and the promised land **Exodus & Revolution** Michael Walzer, 1985-02-10 Noted political philosopher Michael Walzer offers a moving meditation on the political meanings of the biblical story of Exodus Walzer knows his Bible He stands in the growing ranks of contemporary academicians who are discovering in biblical and rabbinic sources a literature rich with significance for modern man Chaim Potok Philadelphia Inquirer Copyright Libri GmbH All rights reserved **Exodus and Revolution** Michael Walzer, 1986-09-01 Examines the political ramifications of Exodus and interprets the biblical story in terms of a framework for modern political radicalism *Exodus und Revolution* Michael Walzer, 1988 **Exodus** Kevin A Carson, 2021-03-25 1 An account of the shift from Old Left strategies of postcapitalist transition based on organizational mass and hierarchy and systemic rupture to strategies based on horizontal organization and the interstitial construction of counter institutions 2 A survey of current projects engaged in building counter institutions within the interstices of capitalism or in the words of the Wobbly slogan building the structure of the new society within the shell of the old *Israelites in Erin* Abby Bender, 2015-12-08 From the late nineteenth century through the early twentieth century the story of the Israelites liberation from bondage in Egypt served as the archetypal narrative for the birth of the Irish nation Exodus was critical to both colonial and anticolonial conceptions of Ireland and Irishness Although the Irish Israelite analogy has been cited often a thorough exploration has never before been documented Bender successfully fills this gap with *Israelites in Erin* Drawing upon both canonical and little known texts of the Literary Revival including works by Joyce plays by Lady Gregory and political writings by Charles Stewart Parnell and Patrick Pearse Bender highlights the centrality of Exodus in Ireland In doing so she recuperates the history of a liberation narrative that was occluded by the aesthetic of 1916 when the Christ story replaced Exodus as a model for revolution and liberation In two concluding chapters Bender deftly maps Exodus throughout Joyce's *Ulysses* revealing how the text plumbs the biblical narrative for its submersed but frank and unsettling story of ambivalent impure ironic origins With extensive research and remarkable insight *Israelites in Erin* inaugurates a compelling new critical conversation **To Heal the World?** Jonathan Neumann, 2018-06-26 Offers a critique of Jewish left wing activism and its use of the concept of tikkun olam or 0 healing the world 0 to justify its agenda of transformative change arguing that the concept has no real Biblical basis and is harmful to Judaism *The New Utopian Politics of Ursula K. Le Guin's The Dispossessed* Laurence Davis, Peter Stillman, 2005-11-22 *The Dispossessed* has been described by political thinker Andre Gorz as The most striking description I know of the seductions and snares of self managed communist or in other words anarchist society To date however the radical social cultural and political ramifications of Le Guin's multiple award winning novel remain woefully under explored Editors Laurence Davis and Peter Stillman right this state of affairs in the first ever

collection of original essays devoted to Le Guin's novel. Among the topics covered in this wide-ranging international and interdisciplinary collection are the anarchist ecological post-consumerist temporal revolutionary and open-ended utopian politics of *The Dispossessed*. The book concludes with an essay by Le Guin written specially for this volume in which she reassesses the novel in light of the development of her own thinking over the past 30 years. **The Exodus Narrative** Lisa Sari Dushkin, 1998 Themes of Exodus and Revolution in Ellison's *Invisible Man*, Morrison's *Beloved*, and Doctorow's *Ragtime* Tracy Peterson Turner, 2000 **A New Israel** Bernard Avishai, 1990 This incisive collection of essays chronicles events in Israel from the aftermath of the war of 1973 to the decline of Golda Meir, the advent of Menachem Begin, the rise of the Likud, and the deeply troubling events of the ongoing Palestine Intifada. *Responsibility Matters* Peter A. French, 1992 Most of us spend a fair amount of time trying to avoid responsibility. That's not too astounding. What is surprising, says Peter French, is that we tend to dodge the good variety as well as the bad. **Visions of the Future in Germany and America** Hermann Wellenreuther, Norbert Finzsch, 2001-10 Predictions about the world have the power to grip whole societies and shape the actions of many groups, whether working in politics, ecology, or religion. At the end of epochs and eras, humans tend to reflect on the shape of things to come. Most recently, fears about the millennium bug had thousands rushing to stock up on candles and food in the weeks before New Year's Eve. Concerns about the future have been expressed differently throughout history. This book explores the historical context surrounding various debates, decisions, and beliefs about the future in recent centuries. Religious, political, literary, and ecological visions of the future in America and Germany are addressed comparatively. In particular, scholars from the United States and Germany explore the meaning of eschatological and utopian thoughts pursued during the last three centuries and tackle subjects ranging from science fiction to religious radicalism, utopian social experiments, and visions of race relations. This book delves into the hopes and fears for the future that have shaped the past and will be of interest to comparative historians as well as to historians of Europe and the United States intrigued by the subject of utopias. *The Magna Carta of Humanity* Os Guinness, 2021-05-11 What kind of revolution brings true freedom to both society and the human soul? Cultural observer Os Guinness contrasts the secular French Revolution with the faith-led revolution of ancient Israel. Arguing that the story of Exodus is the richest vision for freedom in human history, his exploration charts the path to the future for America. **Ethical Monotheism, Past and Present** Wendell S. Dietrich, 2001 In the spirit of Dietrich's work, essays by colleagues and former students of the Brown University professor emeritus explore the boundaries of ethical monotheistic religion historically and as a constructive resource for contemporary religious and ethical thought. Ethical monotheism, the view that monotheistic religion developed toward the prophets' central concern with individual and corporate moral behavior, has dominated modern religious thought since Kant. Dietrich traced its development in Jewish and Christian contexts in his classic monograph *Cohen and Troeltsch and other works*. c. Book News, Inc. *The Rational Bible: Numbers* Dennis Prager, 2024-11-19 If you think the Bible is irrelevant, irrational, or even at times

immoral and you have an open mind The Rational Bible will change your mind and influence your outlook on life You will come to understand why the Bible and especially its first five books the Torah are the most influential books ever written Equally important you will understand how they apply to your life The Rational Bible Dennis Prager s commentary and explanation of these five books rooted in his expertise in biblical Hebrew and its grammar is widely considered the most important modern Bible commentary Read the thousands of reviews on Amazon written by people of many faiths and of no faith and you will appreciate why this is so The Book of Numbers In the Wilderness in the original Hebrew is the fourth book of the Bible Among the many compelling issues addressed in this volume are the following Doubting God What produces faith miracles or effort And if effort what efforts work Arguing with God Ingratitude as a source of evil Why only men could be priests Why the conscience is not morally reliable Is fanaticism ever justified Is there luck in life or is everything determined by God s will The title of this five volume commentary is The Rational Bible because its approach is entirely reason based The reader is never asked to accept anything on faith alone In Dennis Prager s words If something I write is not rational I have not done my job Few people alive today have influenced as many people as has Dennis Prager In the words of the website Powerline Dennis Prager is probably the foremost public intellectual of our time Read The Rational Bible and you will understand why The Jewish Spectator ,1989 The Pluralist Paradigm Sondra Myers,Patrice Brodeur,2006 As recent elections in Iran and Iraq have shown the increasing diversity of religious practices around the world may redefine democracy as we know it leaving many of us to wonder just how compatible religion and democracy really are The Pluralist Paradigm explores this difficult question with essays from a variety of disciplines including theology philosophy political science sociology and ethics It will be an ideal reference for anyone concerned with fostering tolerance in a progressively global society **Performance & Reality** Ben Sonnenberg,1989 Essays discuss literature Dreiser Hemingway Forster opera the Constitution and history *Religion in Society* Ronald L. Johnstone,2015-11-17 For junior senior level courses in Religion and Society in departments of Sociology and Religious Studies Using an unbiased balanced approach the 8th edition of this text puts religion in its social context by discussing the impact of society on religion and helps students understand the role and function of religion in society that occur regardless of anyone s claims about the truth or falsity of religious systems
