Robinson,2020-10-12 This book meets the need to revise the standard interpretations of an apparently aporetic dialogue full of eloquent silences and tricky suggestions as it explores among many other topics the dramatis personae including Plato s self references behind the scene and the role of Socrates on stage the question of method and refutation and the way dialectics plays a part in the dialogue More especially it contains a set of papers devoted to perception and Plato s criticism of Heraclitus and Protagoras A section deals with the problem of the relation between knowledge and thinking including the aviary model and the possibility of error It also emphasizes some positive contributions to the classical Platonic doctrines and his philosophy of education The reception of the dialogue in antiquity and the medieval age closes the analysis Representing different hermeneutical traditions prestigious scholars engage with these issues in divergent ways as they shed new light on a complex controversial work Music with Stanley Cavell in Mind David LaRocca,2024-08-08 Why

does Stanley Cavell's philosophical thought matter for music And how did Cavell's musical practice and appreciation of music give shape to his indelible philosophical claims about cinema human speech opera the expression of skepticism and ordinary language philosophy Music with Stanley Cavell in Mind provides a first of its kind intervention by leading philosophers and scholars of music into an intellectual landscape in need of such charting As a performer who then trained as a philosopher the arc of Cavell's wide ranging investigation of music maps consistently with a proximate concern for the features of human experience that involve music and sound including the sound of prose authorial voice its possession its divestment its arrogation the presence problem potentiality of silence in communication and related features of sonic phenomena central to life lived at the scale of the everyday Despite widespread scholarly fascination with the intersection of Cavell and music that music is famously a core theme for him no book like this has yet appeared Moreover our efforts here are addressed to the serious student at all levels and the general reader alike arriving from many precincts of thought and practice musical performance literary theory cultural studies musicology and philosophy

Readings of Plato's Apology of Socrates Oda E. Wiese Tvedt, Vivil Valvik Haraldsen, Olof Pettersson, 2017-12-28 In Plato's Apology of Socrates we see a philosopher in collision with his society a society he nonetheless claims to have benefited through his philosophic activity It has often been asked why democratic Athens condemned a philosopher of Socrates character to death This anthology examines the contribution made by Plato's Apology of Socrates to our understanding of the character of Socrates as well as of the conception of philosophy Plato attributes to him The 11 chapters offer complementary readings of the Apology which through their different approaches demonstrate the richness of this Platonic work as well as the various layers that can be discerned in its presentation of Socrates While the contributions display variety in both topics and angles they also share common features An awareness of the importance of the literary aspects of Plato's courtroom drama as well as a readiness to take into consideration the historical context of the work Thereby they provide contributions to a manifold understanding of the aims and impact of the work without losing sight of the philosophical questions that are raised by Socrates confrontational and unrepentant defense speech Allowing the character of Socrates to take center stage the chapters of this volume examine the philosopher in relation to ethics and to politics and democracy as well as to the ideology religion and virtue shared by the Athenians Readers will also find reflections on classical Platonic subjects such as the nature of Socratic philosophical inquiry and of philosophy itself as well as on the notoriously ambiguous relationships between philosophy sophistry and rhetoric and their several relationships to truth and justice The anthology emphasizes and explores the equivocal and sometimes problematic aspects of Socrates as Plato presents him in the Apology illuminating why the Athenians let the verdict fall as they did while drawing out problematic features of Athenian society and its reaction to Socrates philosophic activity thereby encouraging reflection on the role philosophy can play in our modern societies

Signs and Demonstrations from Aristotle to Radulphus Brito Costantino Marmo, Francesco Bellucci, 2023-07-31 In the Posterior Analytics Aristotle

contrasts demonstrations with syllogisms through signs In the Prior Analytics he defines a sign as a demonstrative premise One is thus led to ask is a sign a demonstration This book reconstructs the history of the notion of demonstration through signs from roughly the third through to the thirteenth century It examines the work of Aristotle s Greek Arabic and Latin commentators both within and outside the tradition of the Posterior Analytics **Plato** Constance Meinwald,2016-05-05 In this engaging introduction Constance Meinwald shows how Plato has shaped the landscape of Western philosophy She provides much needed historical context and helps readers grapple with Plato s distinctive use of highly crafted literary masterpieces for philosophical purposes Meinwald examines some of Plato s most famous discussions of human questions concerning er s the capacities and immortality of our psyche human excellence and the good life and Plato s controversial ideas about culture society and political organization She shows how Plato makes a sketch of his theory of Forms foundational in this work and she offers illuminating readings of texts concerned with the development of the theory and its relationship to Greek science and mathematics Throughout Meinwald draws expertly on Plato s dialogues to present a lively and accessible picture of his philosophy Including a chronology glossary of terms and suggestions for further reading Plato is an ideal introduction to arguably the greatest of all Western philosophers and is essential reading for students of ancient philosophy and classics ...
