## **Existentialisme Een Doortocht Door Filosofisch Frontgebied:**

**Choices and Conflicts** Hans van Stralen, 2005 This book approaches literary existentialism 1935 1960 from a philosophical point of view and provides a semantic frame through which the primary works of this movement can be interpreted Readings of Sartre S bato Camus B ll De Beauvoir Nooteboom and others emphasize the place and themes specific to each writer within literary existentialism as a whole One of the most original features of this study is its focus on the central notion of engagement after 1960 Having highlighted its waning in postmodernism van Stralen then demonstrates the vigorous resurgence of this pivotal concept in postcolonial discourses Existentialisme Hans Redeker, 1949

**Volume 19, Tome I: Kierkegaard Bibliography** Peter Šajda, Jon Stewart, 2017-03-31 The long tradition of Kierkegaard studies has made it impossible for individual scholars to have a complete overview of the vast field of Kierkegaard research The large and ever increasing number of publications on Kierkegaard in the languages of the world can be simply bewildering even for experienced scholars The present work constitutes a systematic bibliography which aims to help students and researchers navigate the seemingly endless mass of publications The volume is divided into two large sections Part I which covers Tomes I V is dedicated to individual bibliographies organized according to specific language This includes extensive bibliographies of works on Kierkegaard in some 41 different languages Part II which covers Tomes VI VII is dedicated to shorter individual bibliographies organized according to specific figures who are in some way relevant for Kierkegaard The goal has been to create the most exhaustive bibliography of Kierkegaard literature possible and thus the bibliography is not limited to any specific time period but instead spans the entire history of Kierkegaard studies Gehoor Geven, Een Discursieve Benadering Van de Religieuze Bekering Hans van Stralen, 2009 Diverse disciplines hebben zich met het fenomeen bekering beziggehouden maar vaak ontbreekt de aandacht voor het verhaal van de bekeerling In dit proefschrift wordt de bekering als een discursieve verschuiving van de ene religieuze taalfamilie naar de andere gezien Daarbij maakt de bekeerling gebruik van literaire proced s om zijn ervaring te verwoorden en zijn overgang naar de nieuwe gemeenschap te bewerkstelligen De teksten thematiseren de relatie met God bekeerlingen proberen dit op expressieve wijze uit te drukken in de hoop de lezer tot religieuze inzichten te bewegen De vaststelling van een turning point speelt een belangrijke rol Vanuit dit punt poneert de bekeerling een aantal opposities waarmee hij zijn leven wil reorganiseren Daarnaast maakt hij gebruik van witte retorica hij verdraait de feiten en rechtvaardigt dit onder verwijzing naar een hogere doelstelling Toch zal de bekeerling altijd een vreemdeling binnen de nieuwe taalfamilie blijven De auteur analyseert de conversieverslagen van Gabriel Marcel en Gerard Reve *Jan Walravens en het experiment* Lars Bernaerts, Hans Vandevoorde, Bart Vervaeck, 2012 Jan Walravens 1920 1965 played a central role in Flemish literature as he introduced and facilitated literary experiments after the Second World War He was a leading essayist and literary critic who wrote thousands of reviews showing the younger generation the way to French existentialism and to the international avant garde In addition

to novels and shorter fiction he published in depth philosophical essays on Kierkegaard Sade and Sartre His international network of artistic relations turned him into a central figure in the Flemish literary world a position he held until his untimely death at the age of forty five Jan Walravens and the Experiment presents ten essays that chart the various aspects of Walravens immense activity his philosophical thinking on Sade his relation with the visual arts his position as an avant gardist his defense of poetry old and new his view on the French nouveau roman his novels and his propagation of a new kind of literary diary The authors have used the Walravens archive and unearthed some material that has never before been brought to the public s attention most notably the facsimile of a cadavre exquis Walravens created with Albert Bontridder and Florent Welles The Idea of Transcendence in the Philosophy of Karl Jaspers Robert Donald Knudsen,1958
