Expanding The Zone Of Peace Democratization And International Security

Jon C. Pevehouse

Expanding The Zone Of Peace Democratization And International Security:

Expanding the Zone of Peace? Alexander V. Kozhemiakin, 2016-01-20 Kozhemiakin examines the impact of democratization on the foreign policy of transitional regimes On the basis of the case studies of four currently democratizing nations Russia Ukraine Serbia and Hungary and a quantitative analysis of several dozen contemporary and historical cases of democratization the book challenges the frequently made assumption that international peace is invariably strengthened by the process of democratization **GLOBAL SECURITY AND INTERNATIONAL POLITICAL ECONOMY - Volume VI**

P.Bilgin, P.D. Williams, M. Sekiguchi, J. K. Galbraith, S. T. Inayatullah, J. Wiener, R. A. Schrire, I.L. Government and Politics - Volume II Masashi Sekiguchi, 2010-08-27 Government and Politics is the component of Encyclopedia of Social Sciences and Humanities in the global Encyclopedia of Life Support Systems EOLSS which is an integrated compendium of twenty one Encyclopedias The Theme on Government and Politics in the Encyclopedia of Social Sciences and Humanities deals with the discipline of general and introductory descriptions on a wide range of political phenomena in rather conventional ways It covers the following topics The first two topics Forms and Modes of Government and Structures of Government deal with institutional and structural aspects of political phenomena The third topic Political Aspects of Government is about dynamic political processes The fourth Ideas and Ideologies in Politics investigates political thoughts and ideologies in the modern world The fifth topic International Politics intend to give readers an international perspective since contexts and systems which have international or transnational characters are obviously important background against which a political aspect of building a sustainable society must be considered These two volumes are aimed at the following five major target audiences University and College students Educators Professional practitioners Research personnel and Policy analysts managers and decision makers and NGOs **PEACE STUDIES, PUBLIC POLICY AND GLOBAL SECURITY - Volume XI** Ursula Oswald Spring, Ada Aharoni, Ralph V. Summy, Robert Charles

Elliot,2010-07-24 Peace Studies Public Policy and Global Security is a component of Encyclopedia of Social Sciences and Humanities in the global Encyclopedia of Life Support Systems EOLSS which is an integrated compendium of twenty one Encyclopedias The Theme on Peace Studies Public Policy and Global Security provides the essential aspects and a myriad of issues of great relevance to our world such as Processes of Peace and Security International Security Peace Development and Environment Security Threats Challenges Vulnerability and Risks Sustainable Food and Water Security World Economic Order This 11 volume set contains several chapters each of size 5000 30000 words with perspectives issues on Peace studies Public Policy and Global security These volumes are aimed at the following five major target audiences University and College students Educators Professional practitioners Research personnel and Policy analysts managers and decision makers and NGOs

Democracy and America's War on Terror Robert L. Ivie,2005 Robert Ivie discusses democracy s centrality to the national identity and how prevailing constructions of democracy constitute a republic of fear in which the threat of foreign and domestic others is chronically exaggerated through rituals of vilification and victimization *The Challenges of Globalization* International Society for Universal Dialogue. World Congress,2007-12-10 This book explores the need to rethink our concepts of nature culture and freedom in an age of increased globalization Topics examined range from global justice international law and human rights to ecoterrorism cultural relativism and the challenges of autonomy

Slavic Review ,2000 American quarterly of Soviet and East European studies varies Strategies for Waging Peace Darryl Lane Clark,2002

Democracy from Above? Jon C. Pevehouse,2000 Abstract In the past 25 years democracy has spread throughout the globe Many scholars have investigated the causes implications and prospects of this global movement towards democracy Most of these scholars have emphasized internal political processes as the driving force of this movement while eschewing international factors I argue that international factors specifically regional organizations can have an important role in both the transition to and the consolidation of democracy I elucidate several theoretically derived causal mechanisms which could link regional organizations to the promotion and or protection of democracy Although the instruments which influence transitions to democracy as opposed to the consolidation of democracy differ the end result is that these organizations can manipulate the costs and benefits of democracy to important societal groups such as business elites or the military Moreover I argue that these domestic elites will utilize membership in or accession to regional organizations to advance the cause of democracy Regional organizations are thus an important policy tool for elites in these nascent democracies I test this argument in two ways First I undertake two statistical analyses using a data set of all countries from 1950 1992 These analyses test for an association between regional organizations and both democratic transitions and democratic consolidation Second I investigate five cases Hungary Peru Greece Paraguay and Turkey to examine the actual causal processes behind any statistical association between regional organizations and democratization I find that there is a strong statistical relationship between membership in certain regional organizations and transitions to

democracy I also find a strong relationship between joining these same regional organizations and the consolidation of democracy The case studies illustrate that all of the hypothesized causal mechanisms function in at least one of the cases although some are more common than others These findings are not only important to international relations theory and comparative politics but provide loose guidelines for policy makers who wish to utilize these regional organizations to promote and or protect democracy

Ukraine and Russia Paul D'Anieri,2023-03-23 Fully revised and updated this book explores the long term dynamics of international conflict between Ukraine Russia and the West revealing the historic background to the invasion of Ukraine

The Journal of Parliamentary Information ,1999

Explaining Change in Russian Foreign Policy Christian Thorun,2009 This book takes stock and asks what patterns have emerged from 1992 to 2007 It argues that only by focusing both on external constraints and changes in the Russian leadership s foreign policy thinking can we explain major facets of Russia s conduct In analysing Russian foreign policy the book develops an original analytical framework for foreign policy analysis illustrates the evolution of the Russian leadership s foreign policy discourse and unravels major threads in Russia s conduct in three case studies The case studies encompass Moscow s approaches towards NATO and its enlargement its responses to the Balkan crises and its reaction to the 11 September 2001 terrorist attacks

BOOK JACKET

Essays in Arts and Sciences ,2004

Building Stable Peace Sean Michael Shore,1998

Bibliographie Internationale de Science Politique ,1998

The Future of U.S. Foreign Policy Robert Jervis,Loren Morales Kando,2008 Discusses the development and implementation of U S foreign policy by examining theories that inform U S strategy responses to U S military and geopolitical power and the role of human rights and civil liberties Provided by publisher

South America and Peace Operations Kai Michael Kenkel,2013-07-18 This volume is the first English language work to focus specifically on South America in the context of peace operations The region of South America has been undergoing significant changes recently with regard to its attitudes towards participation in peace operations Leaving behind a strong reluctance with regard to intervention the states have recently taken on a much stronger presence among UN peacekeepers The foremost showcase of this more robust and responsible stance has been MINUSTAH the current UN mission in Haiti South American contributors provide over half the operation s troops and the Force Commander is provided by Brazil This book is intended as an introduction for researchers to the nexus of issues surrounding South America s increasing influence as a contributor to peace operations The authors provide the reader with a historically and theoretically grounded understanding of what motivates defence policy and decisions on intervention in the region Featuring contributions from prominent thinkers in the field and a broad range of case studies this volume successfully combines practical applicability with diversity of analysis This book will be of much interest to students of peacekeeping South American politics peace and conflict studies security studies and International Relations in general

The Social Sciences and Democracy Jeroen Van Bouwel,2009-11-05 In this book the contributors present an overview of recent developments in philosophy of

science by providing a collection of articles that together constitute a systematic and comprehensive investigation of how to understand the relation between the social sciences and democracy **Political Science Quarterly** ,2007 Regional Mechanisms and International Security in Latin America Olga Pellicer de Brody,1998 A great diversity of points of view on international security one of the most current subjects in the area of international relations coexist in Latin America and the Caribbean This region is immersed in an interesting debate in which reticence and enthusiasm coexist and confront themselves in order to enlarge the functions of regional mechanisms of security or to evaluate experiences acquired either through UN action or recent tendencies of the Security Council The center of debate is also found in the impossible to ignore role of the United States Does the end of the Cold War modify the U S interests in Latin America in the field of security Should existing mechanisms of collective security in the region be strengthened Or should new alternatives be found How far is a shared agenda for security not only with the United States but also between the countries in Latin America itself and among them and the Caribbean possible or desirable How acceptable are the new tendencies of the multilateral organizations in the field of security of the countries in the region These are some of the questions that this book deals with from different points of view It presents a new perspective on the contemporary debate over international security in Latin America and the Caribbean
