Expanding The American Mind Books And The Popularization Of Knowledge:

Expanding the American Mind Beth Luey, 2010 A lively exploration of how nonfiction books have kept Americans learning long after leaving college

Companion to the History of the Book Simon Eliot, Jonathan Rose, 2019-08-08 The celebrated text on the history of the book completely revised updated and expanded The revised and updated edition of The Companion to the History of the Book offers a global survey of the book's history through print and electronic text Already well established as a standard survey of the historiography of the book this new expanded edition draws on a decade of advanced scholarship to present current research on paper printing binding scientific publishing the history of maps music and print the profession of authorship and lexicography The text explores the many approaches to the book from the early clay tablets of Sumer Assyria and Babylonia to today's burgeoning electronic devices The expert contributions delve into such fascinating topics as archives and paperwork and present new chapters on Arabic script the Slavic Canadian African and Australasian book new textual technologies and much more Containing a wealth of illustrative examples and case studies to dramatize the exciting history of the book the text is designed for academics students and anyone interested in the subject

Author in Chief Craig Fehrman, 2021-02-16 One of the best books on the American presidency to appear in recent years The Wall Street Journal and based on a decade of research and reporting a delightful new window into the public and private lives America's presidents as authors Most Americans are familiar with Abraham Lincoln's famous words in the Gettysburg Address and the Emancipation Proclamation Yet few can name the work that helped him win the presidency his published collection of speeches entitled Political Debates between Hon Abraham Lincoln and Hon Stephen A Douglas Lincoln labored in secret to get his book ready for the 1860 election tracking down newspaper transcripts editing them carefully for fairness and hunting for a printer who would meet his specifications Political Debates sold fifty thousand copies the rough equivalent of half a million books in today's market and it reveals something about Lincoln's presidential ambitions But it also reveals something about his heart and mind When voters asked about his beliefs Lincoln liked to point them to his book In Craig Fehrman's original illuminating and entertaining Jon Meacham work of history the story of America's presidents and their books opens a rich new window into presidential biography From volumes lost to history Calvin Coolidge's Autobiography which was one of the most widely discussed titles of 1929 to ones we know and love Barack Obama's Dreams from My Father which was very nearly never published Fehrman unearths countless insights about the presidents through their literary works Presidential books have made an enormous impact on American history catapulting their authors to the national stage and even turning key elections Beginning with Thomas Jefferson's Notes on the State of Virginia the first presidential book to influence a campaign and John Adams's Autobiography the first score settling presidential memoir Author in Chief draws on newly uncovered information including never before published letters from Andrew Jackson John F Kennedy and Ronald Reagan to cast fresh light on the private drives and self doubts that fueled our nation's leaders We see Teddy Roosevelt as a

vulnerable first time author struggling to write the book that would become a classic of American history We see Reagan painstakingly revising *Where's the Rest of Me* and Donald Trump negotiating the deal for *The Art of the Deal* the volume that made him synonymous with business savvy Alongside each of these authors we also glimpse the everyday Americans who read them If you're a history buff a presidential trivia aficionado or just a lover of American literary history this book will transfix you inform you and surprise you *The Seattle Review of Books* *Reading Beyond the Book* Danielle Fuller, DeNel Rehberg Sedo, 2013 This volume offers the first critical analysis of mass reading events and the contemporary meanings of reading in the UK USA and Canada based on original interviews and surveys with readers and event organisers The authors interrogate the enduring attraction of an old technology for readers community organizers and government agencies exploring the social practices inspired by the sharing of books in public spaces and revealing the complex ideological investments made by readers cultural workers institutions and the mass media in the meanings of reading *The Pleasures of Reading* Catherine Sheldrick Ross, 2014-06-27 Based on years of ground breaking research this book supplies a look at the unique relationship between each text and the individual reader that results in a satisfying pleasurable and even life changing reading experience Following up on her critically acclaimed *Reading Matters What the Research Reveals about Reading Libraries and Community* Catherine Sheldrick Ross takes a new look at pleasure reading through 30 thought provoking essays based on themes arranged from A to Z In short lively chapters she discusses topics ranging from Alexia Bad Reading and Changing Lives to Romance Fiction Self help Titles Vampires and Year of Reading Drawing on her own research as well as other published sources Ross comments on the significance of each theme provides examples of the phenomenon and develops the topic chronologically through further examples or through reversals The essays are unified by an underlying theory of reading that views readers as sense makers actively engaged in reading themselves into the text and reading the texts back into their own lives It gives educators and librarians insights into their roles with readers and offers a message about the importance of pleasure reading A short list of resources for further reading is supplied with each topic

Journal of the American Statistical Association American Statistical Association, 1927 A scientific and educational journal not only for professional statisticians but also for economists business executives research directors government officials university professors and others who are seriously interested in the application of statistical methods to practical problems in the development of more useful methods and in the improvement of basic statistical data *Papers and Proceedings of the ...
