Explorations In Consciousness A New Approach To Out Of Body Experiences:

Explorations in Consciousness Frederick Aardema, 2012-04 In *Explorations in Consciousness* Frederick Aardema a clinical researcher provides a profound in depth account of the out of body experience during which the explorer of consciousness is able to transcend the boundaries of time and space In his quest for knowledge the author seamlessly weaves in his own travels into different fields of consciousness These include experiences in the personal field where he is confronted with the constructs of his own psyche as well as visitations to collective fields of consciousness that appear to have an independent existence beyond the eye of the beholder Highly original and groundbreaking *Explorations in Consciousness* presents a model of reality in which nothing can ever be taken for granted It proposes that consciousness is embedded within a wider field of possibilities that become real depending on our interaction with the world around us Regardless of what you believe about the out of body state this book will challenge and excite you to become an explorer of consciousness It provides you with all the tools you need for your own journey **Renegade Mystic Sean**

McNamara, 2020-11-28 This is the second edition with added chapters described at the bottom Readers interested in Out of Body experiences Lucid Dreaming Remote Viewing Psychokinesis Energy Healing Mediumship and contact with UFOs will gain tremendous insights and practice tips by reading this book Paranormal researchers and parapsychologists will find ample anecdotes to enrich their fields of inquiry The intersection of modern physics and ancient mysticism becomes apparent inside these pages This is very much about the traps of spiritual identity and how certain groups or teachers can lead one astray from one's true path This also about self empowerment after leaving one's teacher or group In this groundbreaking work the author reveals his core psychological drives and the events of his life which caused him to question everything and look into the deeper nature of reality Follow him on his travels around the world and learn about his experiences good and bad while under the tutelage of various teachers By the end he shares experiences he's never revealed publicly Though spiritually minded McNamara keeps his feet firmly on the ground and abstains from succumbing to mere beliefs His writing leaves it open for you to come to your own Even better he introduces the reader to a variety of methods of exploring consciousness and reality for themselves A series of essays follows the epilogue delving even deeper into the complex topics and personal experiences shared by the author His story begins with the realization that spiritual teachers are as human as the rest of us and that we don't need to surrender our personal authority to anybody else in order to find the answers we seek Learn how he reclaimed his power and how you can too Finally this book will help the reader prepare for when it's time to cross over as much as it will prepare them to engage a deeper part of life now in this world Intelligent entertaining inspiring provocative and educational This work is sure to be controversial among those who've yet to have their own non ordinary experience Traditionalists beware If you are on a spiritual search or seeking self empowerment you're not alone This book is not only about the author's personal quest it's about yours The book comes with a companion website which

includes the original color versions of the book's photos and artwork. It also hosts private videos and links to public ones which will enrich the reader's experience of the book. The web addresses to these pages are found inside the book itself in their appropriate chapters. The Second Edition includes new chapters with step by step instructions for having Lucid Dreams and Out of Body Experiences. Readers who already bought the First Edition can get the new chapters separately in the book *Renegade Mystic's Concise Instructions for Lucid Dreaming and the Out of Body Experience*. The Power of the Healing Field Peter Mark Adams, 2021-11-23. Illustrates the role of transpersonal fields of consciousness in healing a range of issues from inherited family and ancestral problems to past lives and womb trauma to near death experiences, merged identities and spirit attachment. Shares remarkable cases of healing and personal transformation from the author's more than 20 years of energy healing work as well as experiences from other gifted healers, psychics and shamans. Provides diagrams of the human energy body, the spectrum of states of awareness, the multilayered fields of consciousness and the psychoenergetic dynamics of the transformation process. Sharing remarkable cases of healing and personal transformation from his and his wife's more than 20 years of intensive professional energy healing work as well as experiences from other gifted healers, psychics and shamans. Peter Mark Adams illustrates the role of transpersonal fields of consciousness in healing a range of issues from inherited family and ancestral problems to past lives and womb trauma to near death experiences, merged identities and spirit attachment. Drawing on esoteric tradition as well as scientific research such as Rupert Sheldrake's morphic field studies, the author maps out the human energy field in all its subtleties, providing diagrams of the human energy body, the spectrum of states of awareness, the multilayered fields of consciousness and the psychoenergetic dynamics of the transformation process. Through compelling testimonials of powerful healings, Adams demonstrates how the processes of healing and of peak spiritual experience are closely aligned with harmony within the larger energetic field of consciousness. Proposing a new model of consciousness, reality and energy healing that incorporates the anomalous phenomena that occurs on the outermost edges of human experience, the author draws these many strands together to outline not only a multilayered approach for different kinds of energy healing modalities such as Reiki, breathwork, EFT and remote healing, but also a useful program of self-help that anyone can follow to make lasting improvements to their physical, emotional and spiritual health.

A Constructionist Clinical Psychology for Cognitive Behaviour Therapy Kieron P. O'Connor, 2015-02-11. Most clinical psychologists and cognitive behaviour therapists adopt a perspective which assumes that a client's distress arises from inaccurate perceptions of the external world and that these perceptions are due to the problematic filtering of information about the external world through internal perceptual biases and schemas. *A Constructionist Clinical Psychology for Cognitive Behavioural Therapy* provides a timely and innovative critique of the dominant trends in CBT theory and practice. It applies a constructionist framework to treatment and offers a constructionist philosophy and methodology to complement existing clinical approaches in cognitive behaviour

therapy Kieron O Connor presents a much needed alternative constructionist framework addressing both individual and social constructionist ideas which is laid out in a clear fashion for the clinician He shows how the framework can be integrated into practice and offers an alternative to viewing psychopathology as an isolated problem which focuses on pathology as a response to internal or external events He reveals how the new constructionist framework can encourage clinicians to look at the client centred context which creates psychopathology and explore areas and experiences not easily accessible to traditional cognitive behaviour approaches but which are rendered understandable through a constructionist approach to experience Using extensive case studies *A Constructionist Clinical Psychology for Cognitive Behavioural Therapy* provides a constructionist framework approach which complements existing CBT approaches and shines new light on questions as to why some techniques work and others do not With new tools for case formulation and evaluation and trainee exercises for beginners the book will appeal to clinical psychologists clinical researchers psychotherapists and other health and mental health professionals

Out-of-Body Experiences Samantha Treasure, 2025-05-01 This illuminating guide investigates the incredible phenomena of out of body experiences including why they happen how to make sense of them as well as how to pursue or avoid these experiences Breaking free from the usual template of astral projection manual or personal account this book takes an eclectic approach weaving together anthropology science spirituality and fascinating accounts It takes a neutral and holistic approach while refusing to shy away from the stranger aspects of this phenomena This includes fieldwork with Eckankar a new religious movement interviews with Korean and Siberian shamans participation in neuroscience experiments a year interviewing alien contactees and attendance at various workshops retreats and lectures that are increasingly marketed within the growing spiritual marketplace Based on interviews the author has conducted since 2015 the book will also explore how astral projection changes over the course of an episode or lifetime taking into consideration generational cultural and biological differences For example utilising her background in medical anthropology Samantha Treasure explores the links between OBEs and sleep paralysis epilepsy and Charles Bonnet Syndrome interviewing both experiencers and specialists This book will also aim to reclaim OBEs from their growing commodification within social media and the wellness industry and will challenge definitions that privilege certain types of experience or narratives While including evidence for their potential as a healing or spiritual tool the author will also include the voices of experiencers and researchers who think otherwise exploring their rationale while avoiding either sugar coating or fear mongering This is the definitive guide to this fascinating phenomenon

Awakened Soul Sharon Sananda Kumara, 2025-10-02

In Awakened Soul My Near Death Journey Home Through Christ's Infinite Love we follow the extraordinary story of Sharon a woman whose life was forever changed by a harrowing accident After a tragic fall from a moving bus that left her crushed and lifeless Sharon found herself journeying through realms beyond imagination In the moments between life and death she was greeted by a familiar presence Jesus himself With his guiding hand Sharon embarked on a remarkable voyage to a water world known as Opus As Sharon traversed the ethereal landscapes of Opus she discovered a profound connection to this distant planet a connection that stirred memories deep within her soul With Jesus as her companion she explored the wondrous sights and sounds of Opus encountering beings of light and experiencing a sense of belonging unlike anything she

had ever known This is only one of the fascinating and transformative experiences shared Explore the unseen realms understand the workings of soul retrievals and witness an unshakable bond with Christ that transcends all dimensions Prepare to be captivated by Sharon s extraordinary journey and inspired by the profound truths she uncovers in the celestial realms beyond our own “Is this a Dream?” - Evolutionary, Neurobiological and Psychopathological Perspectives on Lucid Dreaming Sérgio Arthuro Mota-Rolim,Roumen Kirov,Katie Moraes de Almondes,2021-03-12 The Journal of the American Society for Psychical Research ,2000 List of members in v 1 6 12 South African Medical Journal ,1993 *Encyclopedia of World Problems and Human Potential* Union of International Associations,1994 The destruction of wildlife habitats organized crime AIDS illiteracy acid rain these are among the 130 000 topics documented and discussed in the new edition of the Encyclopedia But its truly unique goal is to present this complex set of issues in ways that facilitate an organized response To this end the book also focuses on the complex relationship between problems and society s own ideological relationship with these problems How do human priorities and perceptions aggravate or enable problems What are the established and alternative responses The Encyclopedia contains over 158 000 cross references between entries an extensive 91 000 practical key term index bibliographies and full cross referencing to the Yearbook of International Organizations For anyone concerned with the world community here are the means to explore and participate in today s most crucial endeavors Volume 2 Human Potential Transformation and Values contains 7 700 entries reflecting a spectrum of problem solving approaches based on such human development issues as self learning creativity and modes of awareness The volume also focuses on specific religious beliefs value systems and thought patterns TransCoding - From ›Highbrow Art‹ to Participatory Culture Barbara Lüneburg,2018-07-15 Between 2014 and 2017 the artistic research project TransCoding From Highbrow Art to Participatory Culture encouraged creative participation in multimedia art via social media Based on the artworks that emerged from the project Barbara L neburg investigates authorship authority motivational factors and aesthetics in participatory art created with the help of web 2 0 technology The interdisciplinary approach includes perspectives from sociology cultural and media studies and offers an exclusive view and analysis from the inside through the method of artistic research In addition the study documents selected community projects and the creation processes of the artworks Slices of Life and Read me **Inner Development** Cris Popenoe,1979 Parapsychology Review ,1984 *Books for Inner Development* Cris Popenoe,1976 *On the Nature of Consciousness* Antti Revonsuo,1995 **Experimental and Theoretical Studies of Consciousness** CIBA Foundation Symposium,1993-04-27 Discusses the various theories of consciousness from different perspectives psychological neurophysiological and philosophical Theories regarding the interaction of pain schizophrenia the brain and the nervous system with consciousness are included Also includes a discussion of the relative merits of the different theories together with the latest data from the experimental disciplines The Roots of Consciousness Jeffrey Mishlove,1975 *Handbook of Indian Psychology* K. Ramakrishna Rao,A.

C. Paranjpe, Ajit K. Dalal, 2008 Indian psychology is a distinct psychological tradition rooted in the native Indian ethos. It manifests in the multitude of practices prevailing in the Indian subcontinent for centuries. Unlike the mainstream psychology, Indian psychology is not overwhelmingly materialist reductionist in character. It goes beyond the conventional third person forms of observation to include the study of first person phenomena such as subjective experience in its various manifestations and associated cognitive phenomena. It does not exclude the investigation of extraordinary states of consciousness and exceptional human abilities. The quintessence of Indian nature is its synthetic stance that results in a magical bridging of dichotomies such as natural and supernatural, secular and sacred, and transactional and transcendental. The result is a psychology that is practical, positive, holistic, and inclusive. The Handbook of Indian Psychology is an attempt to explore the concepts, methods, and models of psychology systematically from the above perspective. The Handbook is the result of the collective efforts of more than thirty leading international scholars with interdisciplinary backgrounds. In thirty-one chapters, the authors depict the nuances of classical Indian thought, discuss their relevance to contemporary concerns, and draw out the implications and applications for teaching, research, and practice of psychology. **The Journal of Transpersonal Psychology**, 2005
