Father Hunger Explorations With Adults And Children:

Father Hunger James Herzog, 2013-05-13 James M Herzog's *Father Hunger Explorations with Adults and Children* will quickly take its place both as a landmark contribution to developmental psychology and as an enduring classic in the clinical literature of psychoanalysis. We live in an era when a great many children grow up without a father or worse still with fathers who traumatically abuse them. Yet society continues to ignore the emotional price that children pay and often continue to pay throughout their lives for this tragic state of affairs. *Father Hunger* will change this situation. First drawn to his topic by observing the recurring nightmares of clinic-referred children of newly separated parents, nightmares in which the children's fear of their own aggression was coupled with desperate wishes for their fathers' return, Herzog went on to spend more than two decades exploring the role of the father in a variety of naturalistic settings. He discovered that the characteristically intense manner in which fathers engaged their children provided an experience of contained excitement that served as a necessary scaffolding to the children's emerging sense of self and as a potential buffer against future trauma. A brilliant observer and remarkably gifted caring clinician, Herzog remains true to the ambiguities and multiple levels of meaning that arise in therapeutic encounters with real people. He consistently locates his therapeutic strategies and clinical discoveries within a sophisticated observational framework, thus making his formulations about father hunger and its remediation of immediate value to scientific researchers. A model of humane psychoanalytic exploration in response to a deepening social problem, *Father Hunger* is a clinical document destined to raise public consciousness and help shape social policy. And in the extraordinary stories of therapeutic struggle and restoration that emerge from its pages, it is a stunning testament to the resiliency of the human spirit. *Working With Fathers in Psychoanalytic Parent-Infant Psychotherapy* Tessa

Baradon, 2019-02-07 *Working With Fathers in Psychoanalytic Parent Infant Psychotherapy* interfaces theoretical ideas about fatherhood and their incorporation into the clinical practice of psychoanalytic parent infant psychotherapy. Often when a family attends parent infant psychotherapy, issues of the father are eclipsed by attention to the mother who is usually the identified patient. Until now relatively neglected in the literature, this book attends to both the barriers to psychological work with the father and to ways in which he can be engaged in a therapeutic process. In this book, Tessa Baradon brings together some of the most eminent clinicians and academics in the field of parent infant psychotherapy in a layered collection of theoretical and clinical contributions. She and her co-discussants Björn Salomonsson and Kai von Klitzing conclude with an integration and critique of the themes presented, exploring the ideas of their fellow contributors and expanding on the central themes of the work. *Working With Fathers in Psychoanalytic Parent Infant Psychotherapy* will be of interest to mental health practitioners working with infants who will learn that each individual and the family as a system can benefit from such an inclusive approach. *Fatherhood Scenarios* Rama Rao Gogineni, April E. Fallon, Andres J. Pumariega, Salman

Akhtar, 2024-05-08 *Fatherhood Scenarios* offers a wide range of perspectives including different cultural and ethnic

perspectives and chapters considering the role of the father throughout the lifespan including experiences of gay fathers adoptive fathers and disabled fathers With contributors from around the world representing diverse mental health disciplines these chapters constitute a harmonious gestalt of knowledge information theory and socio clinical dimensions pertaining to fatherhood The emphasis of all these sections is nonetheless the psychosocial tasks of fatherhood as it undergoes subtle and gradual transformation with the offspring s growth through childhood and adolescence to full adulthood including becoming a parent themselves The book also traces the portrayal of fatherhood in popular media including television and movies keeping in mind their evolution and transformation over the past many decades Spanning a vast terrain of psychosocial concern Fatherhood Scenarios will be of great appeal to mental health professionals psychotherapists child psychiatrists and family welfare workers in practice and in training

Handbook of Fathers and Child Development Hiram E. Fitzgerald, Kai von Klitzing, Natasha J. Cabrera, Júlia Scarano de Mendonça, Thomas Skjøthaug, 2020-10-01 This handbook provides a comprehensive review of the impact of fathers on child development from prenatal years to age five It examines the effects of the father child relationship on the child s neurobiological development hormonal emotional and behavioral regulatory systems and on the systemic embodiment of experiences into the child s mental models of self others and self other relationships The volume reflects two perspectives guiding research with fathers Identifying positive and negative factors that influence early childhood development specifying child outcomes and emphasizing cultural diversity in father involvement and examining multifaceted specific approaches to guide father research Key topics addressed include Direct assessment of father parenting rather than through maternal reports The effects of father presence in contrast to father absence The full diversity of father involvement Father s impact on gender role differentiation Father s role in triadic interactions of family dynamics Father involvement in psychotherapeutic family interventions This handbook draws from converging perspectives about the role of fathers in very early child development summarizes what is known and within each chapter draws attention to the critical questions that need to be answered in coming decades The Handbook of Fathers and Child Development is a must have resource for researchers graduate students and clinicians therapists and other professionals in infancy and early child development social work public health developmental and clinical child psychology pediatrics family studies neuroscience juvenile justice child and adolescent psychiatry school and educational psychology anthropology sociology and all interrelated disciplines

Affect Dysregulation and Disorders of the Self Allan Schore, 2013-11-15 This volume one of two is the first presentation of Schore s comprehensive theory in book form as it has developed since 1994 In 1994 Allan Schore published his groundbreaking book *Affect Regulation and the Origin of the Self* in which he integrated a large number of experimental and clinical studies from both the psychological and biological disciplines in order to construct an overarching model of social and emotional development Since then he has expanded his regulation theory in more than two dozen articles and essays covering multiple disciplines including neuroscience psychiatry

psychoanalysis developmental psychology attachment and trauma Affect Dysregulation and Disorders of the Self contains writings on developmental affective neuroscience and developmental neuropsychiatry It is absolutely essential reading for all clinicians researchers and general readers interested in normal and abnormal human development **The Therapist's Answer Book** Jerome S. Blackman, 2012 Author Jerome Blackman confronts the universal common unusual and rare problems that arise for practitioners during psychotherapeutic treatment Lost and Found Paul Florsheim, David Moore, 2020-01-02 Lost and Found shares the stories of several young men becoming parents in an era where family is being re defined while our understanding of what it means to be a father in particular is in flux It offers a model of the good enough father to counter the all or nothing stereotypes of the deadbeat or absentee dad versus the ideal father figure popularized in old sitcoms The authors also offer detailed descriptions of what can be done to help young fathers and mothers create stable home environments for their children whether the parents are together or not **American Journal of Psychotherapy**, 1947 *Adolescence*, 2004 *The Journal of Psychohistory*, 2004 *Families in Society*, 2002 *The Body Image in Psychoanalysis and Art* Elsa Blum, Harold P. Blum, Adolfo Pazzagli, 2007 *Empathic Teaching* Jeffrey Berman, 2004 During the past decade Jeffrey Berman has published widely on the pedagogy of personal writing In *Diaries to an English Professor* 1994 he explored the ways in which undergraduate students can use psychoanalytic diaries to deal with conflicted issues in their lives *Surviving Literary Suicide* 1999 investigated how graduate students respond to novels and poems that portray and sometimes glorify self inflicted death And in *Risky Writing* 2002 Berman considered the ways teachers can encourage college students to write safely on a wide range of subjects often deemed too personal or too dangerous for the classroom from grieving the loss of a friend to confronting sexual abuse on understanding the other can transform the experience of learning Berman begins with a discussion of several well known stories and films featuring literature instructors who exert a formative influence on their students including *Good bye Mr Chips* *The Blackboard Jungle* *Up the Down Staircase* and *Dead Poets Society* He then goes on to examine the pedagogical importance of empathy trauma and forgiveness in helping students cope with the ordinary and extraordinary challenges of everyday life powerful insightful authentic essays about lived experience that reveal both intellectual and emotional growth In the book's final chapter Berman considers the risks and benefits of empathic teaching demonstrating how teachers can play a therapeutic role in the classroom without being therapists Teachers who are regarded as trusting supportive and dependable he argues become attachment figures influencing students to be more sensitive to and connected with their classmates lives Or as Berman succinctly puts it empathic teaching leads to empathic learning an education for life *Teaching One Moment at a Time* Dawn Skorczewski, 2005 Based on the author's longtime experience as an instructor of composition this book explores the delicate negotiation between teacher and student that determines success or failure in writing courses Dawn Skorczewski's focus is on the role of the teacher in shaping this classroom dynamic particularly the ways in which theoretical presuppositions and

personal expectations influence the responses elicited from students Drawing on the insights of psychoanalysis as well as recent infant research Skorczewski argues that the teacher who recognizes the beliefs she brings to the classroom is equipped to listen to her students more carefully than the teacher who holds her beliefs so closely that she can no longer see them as beliefs To show how these unconscious assumptions come into play and to explain their effects Skorczewski looks at a series of key moments in the life of a writing class She examines what it means to enter a classroom and take on the role of a teacher the challenge of leading a discussion the art of designing effective writing assignments the difficulties involved in evaluating student writing the negotiation of issues of authority and the pros and cons of self revelation In each case the author offers not only an analysis of the disruptions that characterize these pedagogical moments but also practical advice for dealing with them Although informed by theory the emphasis throughout is on real issues faced by real teachers in their writing courses Choice ,2002-05 Zero to Three ,2002 *Forthcoming Books* Rose Arny,2001-08 **“The”**
