España Invertebrada Contemporánea:

España invertebrada José Ortega y Gasset, 1921 Literatura española contemporánea (1898-1950) Juan Chabás, Carmen Valcárcel, 2001-01-01 Esta edición rescata una de las realizaciones más ambiciosas del exilio republicano y por extensión de la España de posguerra Publicada en La Habana en 1952 La obra no puede comprenderse en su total significación sin atender al compromiso sociopolítico que representa así como al método que aplica que no son otros en primer lugar que la concreción de una crítica militante y en segundo la coherente conjunción de la Estilística y los principios de la doctrina marxista **La historia contemporánea en España** Antonio MORALES MOYA, Mariano ESTEBAN DE VEGA, 1996 Este volumen reúne un conjunto de estudios que en ciertos casos versan sobre determinados aspectos centrales en la Historia de la España Contemporánea el Estado las principales crisis y transformaciones y en otros se centran de forma explícita en la reflexión sobre el estado presente y el futuro de nuestra disciplina El título del libro pretende subrayar precisamente el carácter crítico de la mayoría de ellos su voluntad de discutir los logros y límites de nuestra producción historiográfica lo que hace de esta obra una especie de balance de situación del contemporáneo español Los textos que aquí se editan coinciden con la totalidad de los ponencias presentadas al Primer Congreso de Historia Contemporánea de España celebrado en Salamanca entre el 7 y el 9 de abril de 1992 aunque muchos de ellos han sido posteriormente reelaborados El éxito de aquel Congreso que convocó a más de 700 participantes fue desde luego una prueba de la extraordinaria vitalidad de nuestra Asociación de Historia Contemporánea Sin embargo como otras muchas manifestaciones de los últimos años vino a poner de relieve un fenómeno mucho más general la Historia vive hoy nos parece muy claro un buen momento Lejos de estar concluida se abre al futuro recobrando sus viejos fueros oscuridad sorpresas sorpresas desafío a las previsiones humanas Si alguna disciplina ha quedado arrumbada ha recordado un ilustre profesor de Derecho Administrativo es la prospectiva El carácter abierto del futuro su indeterminación su libertad en fin es realmente la propia libertad del hombre Estamos en definitiva asistiendo a la recuperación de la Historia como realidad y como disciplina tarea que debemos cumplir con esfuerzo y con imaginación Por supuesto en este momento no faltan los problemas Actualmente se cuestionan las ideologías globales los grandes paradigmas las metahistorias más este cuestionamiento no debe hacernos olvidar lo que en aquellas había de pasión por las ideas de compromiso moral en las apuestas o de preocupación por el sentido de la evolución humana Se multiplican los matices de producción del discurso histórico las controversias metodológicas entre los historiadores o los debates sobre la enseñanza de la Historia Se renuevan sectores historiográficos clásicos y retornan con fuerza otros hasta hace poco olvidados Este es un momento en fin en el que la sociedad parece pedir a los historiadores no sólo que sean la memoria de la colectividad que cumplan la función de recordar sino que se constituyan como auténticos expertos en las materias que tratan A esta situación esperanzadora y compleja así como a otros problemas más específicos que afectan a la Historia Contemporánea en España se refieren los autores de este libro Al publicar ahora estos trabajos los editores miembros también del Comité Organizador del

Primer Congreso de Historia Contemporánea de España desean dejar constancia de su agradecimiento al Ministerio de Educación y Ciencia la Consejería de Cultura y Turismo de la Junta de Castilla y León y a Apple Computer España S.A. por la colaboración económica que prestaron a la organización de aquel Congreso. Por otra parte la compleja organización de aquella reunión tan numerosa tampoco habría sido posible sin el trabajo de los otros miembros del Comité organizador los profesores María Dolores de la Calle Velasco Tomás Pérez Delgado y José Miguel Sánchez Estévez y en especial del Secretario del mismo José Manuel Peláez Ropero. Quizá sea ocioso señalar por último que todos los méritos que pueda reunir este libro deben ser atribuidos a los autores de los diferentes trabajos que los editores de esta obra han reunido en este volumen seguro de su interés para nuestra comunidad científica.

ANTONIO MORALES MOYA MARIANO ESTEBAN DE VEGA Eds *Pensar las crisis políticas en la España contemporánea* Antonio Robles Egea, Manuel Menéndez Alzamora, Jediael Álvarez de Dompablo, Carlos Alberto Bueno Fernández, Emilio Daniel Villarreal, Santiago Delgado Fernández, Alec Dinnin, Katia Esteve Mallent, José Ferrándiz Lozano, Gregorio de la Fuente Monge, David García Pérez, José Francisco Jiménez-Díaz, Álvaro López Osuna, Francisco Javier Luque Castillo, Yesurún Moreno Gallardo, Manuela Ortega Ruiz, 2024-05-23 En las páginas de este libro se trata de indagar sobre el pensamiento generado en torno a la constante sucesión de crisis que la historia contemporánea de España compendia. Diversas crisis asociadas a pérdidas coloniales problemas económicos y sociales revoluciones fallidas golpes de Estado guerras internas y externas revueltas violentas transiciones de regímenes y modelos de gobierno son estudiadas a través de las ideas expuestas por intelectuales y políticos. Blanco White Ramón de la Sagra Donoso Cortés Unamuno Maeztu Azorín Ganivet Rafael Altamira Ortega y Gasset Adolfo Posada Fernando de los Ríos Marcelino Domingo Villar Mir ideólogos republicano regeneracionismo totalitarismo y franquismo tendencias políticas inmovilismo aperturismo y rupturismo en el marco de la Transición terrorismo y crisis intelectual o partidos Podemos y su discurso sobre la nación. El elenco de autores y crisis políticas seleccionadas para su estudio representa un conjunto de ejemplos que permite calibrar los elementos que eran tenidos en consideración por los pensadores de crisis para explicar y comprender el sentido de los cambios y proporciona conocimientos sobre las claves epistemológicas y metodológicas desde las que estos autores opinaban sobre su realidad más cercana.

Estudios sobre nacionalismo y nación en la España contemporánea Ferran Archilés, 2011-05-23 Los estudios dedicados al análisis del nacionalismo y la nación en la España contemporánea y especialmente a partir de inicios de la década de los noventa se caracterizan por la paradoja de una aparente abundancia mientras que aspectos decisivos siguen sin ser explorados. La importancia que en la esfera pública española han cobrado los debates identitarios no puede ocultar sin embargo los vacíos historiográficos que siguen afectando a nuestro conocimiento. El presente volumen aporta nueve estudios que abarcan desde principios del siglo XIX hasta nuestros días y giran desde una perspectiva renovadora en torno a tres ejes temáticos: las culturas políticas y los discursos nacionalistas los imaginarios nacionales en literatura cine y televisión y los debates historiográficos.
