

## Holidays and Ideal Vacation

My ideal vacation would have to start with the weather being nice and warm. The place I would like my ideal vacation to be on a sandy beach with no parents to be annoying and boss me around. I would take a couple of my really good friends that I hang out with all the time. It wouldn't have to plan anything on this trip or have to book anything it would all be ready to go. The food and everything we need would not cost a penny. The hotel we would be staying at would be a five star resort and the best around. We would have the best room in the whole hotel and it was be amazing.

In our room would be an indoor pool to begin with. The hotel room would be the size of a house and it would have flat screen televisions, cable, laptops, and high-speed internet and a hot tub in every bathroom. There would be a huge kitchen so we could cook and it would be stocked with all the great food we like. Next, to our huge room would be a spa that is open to us all day and night. That day we could go to it whenever we wanted. The spa people would treat us like royalty and they would wait on my friends and I hand and foot. We would go to the beach and tan and relax because it only allows my friends and I.

The beach also would have a huge snack bar and board walk. The second floor of our hotel would have a huge mall with lots of cool stores that we like. We would be able to get any shoes, clothes, and anything else we wanted for free. We would stay as long as we want and do whatever we want and have no rule. That is what my ideal vacation would be and yes it will never happen. My ideal vacation was to explore, and see Alaska's greatness, for the first time. The glaciers are real floating pieces of ice, the mountains are majestic, and the ocean is ice deep dark blue.

There are waterfalls, and don't miss the much talked about Northern Lights. There is also a lot of preserved undomesticated land with wild horses and habitat. Nothing could be further from the truth when you think of all the things people say about it coming true. Everything is wondrous; the air is very fresh. You can't help but absorb the mountain fresh air through your body. Stepping into Alaska is like stepping into an internal spa unit. All great vibes surround you. Now that's a worthy vacation to me, one where you feel the difference inside and out.

What makes these things so great is that they are a permanent fixture of this earth. There is beauty enough to last through one's life. The glaciers and mountains will last longer than any brick building or house. When I was in the eighth grade, I remember walking to school during the winter, and it was so cold I developed icicles on my eyelashes. It was not cold enough for the schools to close. And snowshoes were not needed because I walked on a path, but having actual icicles on my eyelashes was more fun than having a snowball fight, and cool

## Essay About My Holiday:

*A Message to the Children* Jim Williams, 2021 Those who come after us will want to know we really lived and loved as intensely as they do Tell them WHO ARE YOU WHY DO YOU ACT THE WAY THAT YOU DO These questions capture the essential things we want to know about ourselves and explain to others Yet so often we fail to do so Instead many of us spend a great deal of effort researching the history of our ancestors to discover no more than the fact that they were workmen servants and grocers of whom we can learn next to nothing If only they had written the story of their lives *A Message to the Children* is a book with a difference an account of the author's life a memoir to his children a love letter to his wife and a guide to how you too can write about your own life Written in an easy and amusing style it explains for the benefit of the non writer such subjects as how to break the task down into manageable sections how to exploit photographs and scrapbooks for materials and what themes to write about Then it applies those lessons in a way that will both touch and entertain you Jim Williams is a Booker nominated author of thirteen novels and two works of non fiction *Professor Pook* Peter Pook, 2014-02-11 Peter Pook has graced many professions in his time and has escaped from many difficult situations In this latest adventure he takes up the task of teaching bringing to his duties that unique blend of dedicated hilarity and profound near scholarship which his thousands of readers find so hard to do without The reader is taken right into the staffroom and classrooms of Cudford Secondary Modern School to meet the very people we knew in the happiest days of our lives the fat boy who sat next to us the cutie who passed us inky love notes as well as the fiery Headmaster Gym Mistress and Fr ulein Naturally Pook's own extra curricular activities involve him with the female teachers but he does what passes for his best to conceal these affairs from his pupils who lap up anything to do with S E X as eagerly as the staff themselves Educationalists will be intrigued by Pook's unorthodox approach to teaching in the Pop Age when he strives to impart a knowledge of English to the D stream who often find difficulty in using even their mother tongue The N U T and N A S will be delighted by this shrewd appraisal of their problems while the ordinary reader Pook addict or fresher will revel in this lesson in laughter

Prüfungsvorbereitung: Better use of English Anette Ruberg-Neuser, 2021 *The Literary Digest* Edward Jewitt Wheeler, Isaac Kaufman Funk, William Seaver Woods, Arthur Stimson Draper, Wilfred John Funk, 1916 **Literary Digest**, 1916 Maybe It's Because I'm a Londoner Bernard Lockett, 2005 A story of a boy born in London in 1945 which describes the boy's love of London particularly the East End This story describes family treats such as seeing the sites of London trips to the theatre and Southend and cruises along the river Thames The story contains light hearted humour and descriptions of London **Visual Writing** Alex Baratta, 2010-07-12 Considering the fact that the academic essay continues to be widely used as an assessment tool within education there is a need for students to develop their skills in this area However it is often the case that students perceive instruction in academic writing if it is offered at all as boring This book addresses these two issues First the book can be used by students themselves even in the absence of academic writing classes as a self help

guide from which they can develop their knowledge of academic writing and subsequent proficiency Second by discussing the components of academic writing in terms such as film which are familiar to today's generation students are enabled to relate to the material better and see what might have been perceived as dull from a brand new perspective Visual learners in particular will enjoy the analogous link between films and essays and students today are arguably more visually literate than previous generations being exposed to visuals on a daily basis through text message iconography computer games and the Internet The visual instruction provided in turn helps to facilitate mental visuals in students minds from which their knowledge of essay writing can start to develop
