*Communication Competence* Annegret F. Hannawa, Brian H. Spitzberg, 2015-10-16 Almost everything that matters to humans is derived from and through communication Just because people communicate every day however does not mean that they are communicating competently In fact evidence indicates that there is a substantial need for better interpersonal skills among a significant proportion of the populace Furthermore dark side experiences in everyday life abound and features of modern society pose new challenges that make the concept of communication competence increasingly complex The *Handbook of Communication Competence* brings together scholars from across the globe to examine these various facets of communication competence including its history its essential components and its applications in interpersonal group institutional and societal contexts The book provides a state of the art review for scholars and graduate students as well as practitioners in counseling developmental health care educational intercultural and human resource management contexts illustrating that communication competence is vital to health relationships and all collective human endeavors Learning in Work Raymond Smith, 2018-04-11 This book explores and progresses the concept of negotiation as a means of describing and explaining individuals learning in work It challenges the undertheorised and generic use of the concept in contemporary work learning research where the concept of negotiation is most often deployed as a taken for granted synonym for interaction co participation and collaboration and hence used to unproblematically account for workers learning as engagement in social activity Through a focus on workers personal practice and based on extensive longitudinal empirical research the book advances a conceptual framework The Three Dimensions of Negotiation to propose a more rigorous and work learning specific understanding of the concept of negotiation This framework enables workers personal work practices and their contributions to the personal organisational and occupational changes that evidence learning to be viewed as negotiations enacted and managed within contexts that are in turn sets of premeditated and concurrent negotiations that frame the transformations on and from which on going negotiations of learning and practice ensue The book does not seek to supplant understandings of the rich and valuable concept of negotiation Rather it seeks to develop and promote a more explicit use of the concept as a socio personal learning concept at the same time as it opens alternative perspectives on its deployment as a metaphor for individual s learning in work Negotiation: Readings, Exercises, and Cases Roy Lewicki, Bruce Barry, David Saunders, 2007 Negotiation is a critical skill needed for effective management NEGOTIATION READINGS EXERCISES AND CASES 5 e takes an experiential approach and explores the major concepts and theories of the
