Economic Democracy Through Pro Poor Growth:

Economic Democracy Through Pro-poor Growth, 2009 This volume addresses a central dilemma of our times from a perspective based on lessons from the ground persistence of structural poverty after sixty years of independence amidst rapid economic growth widening social anomie political crisis and failing policy The collection presents an alternative school of thought which has been evolved by scholars and activists over decades in which the poor are presented not as the problem but as an essential resource Among this volume s distinguishing ideas are a new role for the poor raising mass consciousness a core methodology for transformat

Economic Democracy through Pro Poor Growth Ponna Wignaraja, Susil Sirivardana, Akmal Hussain, 2009-02-09 This volume addresses a central dilemma of our times from a perspective based on lessons from the ground persistence of structural poverty after sixty years of independence amidst rapid economic growth widening social anomie political crisis and failing policy The collection presents an alternative school of thought which has been evolved by scholars and activists over decades in which the poor are presented not as the problem but as an essential resource Among this volume s distinguishing ideas are a new role for the poor raising mass consciousness a core methodology for transformation restructuring the state pro poor partnerships for all social constituencies insistence on holism and values learning from the poor and new social movements and eschewing a priori thinking This perspective powerfully argues the validity and feasibility of sustainable and transformative societal change The compilation is rich in lucidly presented case studies and illustrative examples The strategies advocated would catalyse the process of achieving political and economic democracy at the grassroots and facilitate sustainable development They would also help in the democratization of the phase of transition and growth This work is an excellent reference source for development economists and students researchers and faculty studying governance poverty and human rights and issues of security and human rights

Development Challenges and Solutions After the Arab Spring Ali Kadri, 2016-01-26 Since the events of 2011 most Arab countries have slipped into a state of war and living conditions for the majority of the working population have not changed for the better This edited collection examines the socioeconomic conditions and contests the received policy framework to demonstrate that workable alternatives do exist

The Wealth of the Commons David Bollier, Silke Helfrich, 2014-05-23 We are poised between an old world that no longer works and a new one struggling to be born Surrounded by centralized hierarchies on the one hand and predatory markets on the other people around the world are searching for alternatives The Wealth of the Commons explains how millions of commoners have organized to defend their forests and fisheries reinvent local food systems organize productive online communities reclaim public spaces improve environmental stewardship and re imagine the very meaning of progress and governance In short how they ve built their commons In 73 timely essays by a remarkable international roster of activists academics and project leaders this book chronicles ongoing struggles against the private com moditization of shared resources often known as market enclosures

while documenting the immense generative power of the commons *The Wealth of the Commons* is about history political change public policy and cultural transformation on a global scale but most of all it's about individual commoners taking charge of their lives and their endangered resources This fine collection makes clear that the idea of the Commons is fully international and increasingly fully worked out If you find yourself wondering what Occupy wants or if some other world is possible this pragmatic down to earth and unsentimental book will provide many of the answers Bill McKibben author of *Deep Economy The Wealth of Communities and The Durable Future* *Local Politics in Jordan and Morocco* Janine A. Clark, 2018-04-03 In recent years authoritarian states in the Middle East and North Africa have faced increasing international pressure to decentralize political power Decentralization is presented as a panacea that will foster good governance and civil society helping citizens procure basic services and fight corruption Two of these states Jordan and Morocco are monarchies with elected parliaments and recent experiences of liberalization Morocco began devolving certain responsibilities to municipal councils decades ago while Jordan has consistently followed a path of greater centralization Their experiences test such assumptions about the benefits of localism Janine A Clark examines why Morocco decentralized while Jordan did not and evaluates the impact of their divergent paths ultimately explaining how authoritarian regimes can use decentralization reforms to consolidate power *Local Politics in Jordan and Morocco* argues that decentralization is a tactic authoritarian regimes employ based on their coalition strategies to expand their base of support and strengthen patron client ties Clark analyzes the opportunities that decentralization presents to local actors to pursue their interests and lays out how municipal level figures find ways to use reforms to their advantage In Morocco decentralization has resulted not in greater political inclusivity or improved services but rather in the entrenchment of pro regime elites in power The main Islamist political party has also taken advantage of these reforms In Jordan decentralization would undermine the networks that benefit elites and their supporters Based on extensive fieldwork *Local Politics in Jordan and Morocco* is an important contribution to Middle East studies and political science that challenges our understanding of authoritarian regimes survival strategies and resilience **Infrastructure Redux** N. Anwar, 2014-12-07 The focus of this book is on industrial infrastructures of production and circulation from power distribution and roads to dry ports and airports It looks at how these infrastructures underpin visions of progress and mediate relations between the state and capitalist firms in industrializing districts in Punjab Pakistan **Sustainable Development in a Globalized World** Björn Hettne, 2008-01-15 This book offers a highly original approach to the analysis of globalization and global governance Focusing on important global issues such as development peace and security the international authors present a true multicultural perspective on the impact of globalization on development and peace *Poverty Alleviation through Tourism Development* Robertico Croes, Manuel Rivera, 2015-12-23 The book offers a comprehensive and integrated approach to the topic of tourism development and its contribution to the fight against poverty Tourism development is credited to be a powerful source of regional development and improvement in

developing countries and the focus of the book is on the world's poorest areas and how tourism connects to **Pakistan Development Review**, 2005 **Commonwealth Ministers Reference Book 2003** Cheryl Dorall, 2004-05 The Commonwealth Ministers Reference Book is an indispensable source of information on key aspects of policy issues for all Commonwealth Ministers from trade to transport. It includes articles, case studies, partnership initiatives, interviews, and reports that inform and educate ministers regarding opportunity and potential in the Commonwealth. Furthermore, CMRB includes contact information for all of the Commonwealth Ministries with over 1,000 Minister and relevant Ministry contact details listed. This is an essential publication for ministries, government officials, and libraries. A more recent version of this title is available Annual Report India. Ministry of Culture, 2009 *Bibliographie Mensuelle* United Nations Library (Geneva, Switzerland), 2009-07 *SAPANA: Poverty in South Asia* Imtiaz Alam, 2006 **Human Development Report**, 2002 Policy and Governance in Post-Conflict Settings Puthsodary Tat, 2019-08-13 Post-conflict societies are commonly constructed as weak, fragile, and failed states. Economic recovery, risks of renewed violent conflict, natural resource degradation, and poverty alleviation become prioritized agendas of donor countries and international institutions. Billions of dollars on development policy and governance reform have been invested. However, misapplication, ineffectiveness, and foreign aid dependency have become a controversial debate on whose policy, whose governance, and whose outcomes. To understand the problems, the author employs a blend of social constructionism and discourse theory to establish a platform for understanding and discussing hegemonic aid conditionality on recipient governments. The theories also help analyze how the meanings of post-conflict governance are socially, economically, and politically constructed and used in state building, state apparatuses, institutional building, and policy making process. He reveals that the philosophical and theoretical knowledge that underlies the interface between the mode of governance and policy design creates the consensus of values, norms, and indicators between experts, public servants, donors, and communities in post-conflict settings. The author also shares illuminating case studies by way of his considerable wealth of experience leading reconstructive efforts in Afghanistan and Cambodia. **Readings on Pro-poor Planning Through Social Mobilisation in South Asia: The strategic option for poverty eradication** Ponna Wignaraja, Susil Sirivardana, 1998 Forum for Development Studies, 2002 **The Commonwealth Yearbook 2005** Richard Green, 2005-09 The Commonwealth Yearbook 2005 is an essential guide to the 53 member countries of the Commonwealth and the many organizations that work to promote international cooperation among the governments, professions, and cultures of nearly two billion people. *Towards Political and Economic Integration in Southern Africa : Proceedings of the 2007 FOPRISA Annual Conference* Gavin Cawthra, Jonathan Mayuyuka Kaunda, 2008 Indian National Bibliography B. S. Kesavan, 2009-07
