proposes to compare Catholicism with Liberalism and Socialism and his work is not as might appear at first sight a simple comparison of the truth with the great errors of the present time it is more it is much more it is incomparably more than what he proposes It is history like the City of God it is theology like the Summa of St Thomas it is the portrait of Catholic civilisation like the Divine Comedy it is a profound knowledge of the miseries of the heart of the errors of the intellect and of the defects of human institutions like the work of Cervantes Saavedra and it is a philosophy of history much more profound than that of Bossuet and all other historians for without the philosophy of these Essays history is an enigma impossible to decipher Spain may well be proud of producing the illustrious author of these Essays a work which without a controversial character is the most glorious and sublime apology of religion and the victorious refutation of Liberalism Rationalism and Socialism Essays on Catholicism, Liberalism and Socialism John Donoso Cortes,1874 *Essays on Catholicism, Liberalism and Socialism* Juan Donoso Cortés (marqués de Valdegamas),1879 **Essays on Catholicism, Liberalism and Socialism** John Donoso Cortes,2015-07-17 Excerpt from Essays on Catholicism Liberalism and Socialism Considered in Their Fundamental Principles The Catholic Church has triumphed over Society in spite of the same obstacles and through the same supernatural means About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works **Essays On Catholicism, Liberalism And Socialism** Juan Donoso Cortés (Marqués de Valdega,2022-10-26 This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it This work is in the public domain in the United States of America and possibly other nations Within the United States you may freely copy and distribute this work as no entity individual or corporate has a copyright on the body of the work Scholars believe and we concur that this work is important enough to be preserved reproduced and made generally available to the public We appreciate your support of the preservation process and thank you for being an important part of keeping this knowledge alive and relevant **Essay on Catholicism, Liberalism and Socialism Considered in Their Fundamental Principles ... does not necessarily cripple but certainly misleads the human mind God who is both compassionate and just denies truth to guilty souls but does not deprive them of life He condemns them to error but not to death As an evidence of this every one has witnessed those periods of prodigious incredulity and Of highest culture that have shone in history with a phosphorescent light leaving more of a burning than a luminous track behind them If we carefully contemplate these ages we Shall see that their Splendor is only the in amed glare of the lightning s ash It is evident that their brightness is the sudden explosion of their obscure but combustible materials rather than the calm light pro ceeding from purest regions and serenely Spread over heaven s vault by the divine pencil of the sovereign painter About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works

On Divine Revelation: The Teaching of the Catholic Faith Vol. One Fr. Reginald Garrigou-Lagrange,2022-05-27 In On Divine Revelation one of Garrigou Lagrange s most significant works here available in English for the very first time he offers a classic treatment of this foundational topic It is an organized and thorough defense of both the rationality and supernaturality of divine revelation He presents a careful yet stimulating account of the scientific character of theology the nature of revelation itself mystery dogma the grace of faith the powers of human reason false interpretations thereof rationalism naturalism agnosticism and pantheism the motives of credibility and much more Though

written a century ago *On Divine Revelation* will restore confidence in theology as a distinct and unified science and return focus to the fundamental questions of the doctrine of revelation It also serves as a salutary corrective to contemporary theology's anthropocentrism and concern with what is relative in revelation and religious experience by reorienting our theological attention to what is most certain central and sure in our knowledge of divine revelation the Triune God who has revealed his inner life and salvific will Readers will see the great splendor of the gift of divine revelation radiant with credibility before the gaze of reason and drawing our supernatural assent to the mysteries through the gift of faith As Fr Cajetan Cuddy O P observes *On Divine Revelation* is a stunning work of inestimable value No other subsequent work on this topic has come close to meeting it much less surpassing it
