DuBrin,2000 Information 5th ed Includes bibliographical references and index People Management ,2003 *Marketing Library Services* ,1995 **Global Networking '97: Technology, Economics** Philip H. Enslow,Pete Desrochers,Irene Bonifacio,1997 **Forbes ASAP.** ,1998 **Forthcoming Books** Rose Army,1999 **Jeune Afrique L'intelligent** ,2003 *2016 Intranet and Digital Workplace Showcase* ,2016 The Intranet and Digital Workplace Awards are global awards that recognise outstanding contributions to the fields of intranets and digital workplaces The awards uncover remarkable solutions that deliver business value and then share them with the wider community We also shine a light on the talented teams behind this work and the agencies that have supported them Now in their tenth year the awards have been renamed from the Intranet Innovation Awards in recognition of the broader scope and impact of enterprise projects P 1 **The Intranet Portal Guide** David Viney,2005-07 An intranet portal project

may well be the first and last project in your organisation that truly touches everyone from the office of your CEO to the newest recruit. It may well be the most significant investment that you ever make in your people, their processes and their systems and has the power and potential to transform your organisation. However, it can be a tough project to deliver, bringing great exposure to its participants. All your customers will be only a small march away down the corridor and will all know where you live. Considering the 1.5 billion market for intranet portal technology worldwide, there are surprisingly few books on the topic and those typically either very technical or very theoretical. **The Intranet Portal Guide** is a deliberately practical handbook for the stressed middle manager seeking to make things happen in their organisation. The book is divided into three sections: before, during and after, and 31 chapters addressing everything from the key issue of how to make the business case through to ongoing performance enhancement and benefit realisation. It is packed full of tools, templates, plans and processes for successful delivery based on real life experience of implementation at two major UK companies.

Managing and Developing Intranets for Business Value Edward Barnfield, Melcrum Research, 2001-06-01

Intranet Strategy Joanna Goodman, 2006 **The Human Side of Intranets** Jerry W. Koehler, Thom Dupper, Marvin D. Scaff, Fred Reitberger, Patti Paxson, 1997-10-27. Intranets have changed the way organizations around the world communicate. Many business people are intimidated by this technological revolution but they need not be. **The Human Side of Intranets** guides you through the daunting task of transforming communication within your business. This book is for every non-technical person charged with the task of creating or contributing to a company intranet system. It goes through the process step by step from initial concept to launch and beyond. **The Human Side of Intranets** avoids information overload, addressing three critical dimensions of creating an effective and valuable intranet: content, style and politics. It demonstrates how intranets are not about technology but about people and the way they communicate. Real world examples and proven tactics for problem solving are given to show you the way. This book makes taking your company into the 21st century a manageable feat.

2017 Intranet and Digital Workplace Showcase, 2017. The Intranet and Digital Workplace Awards are global awards that recognise outstanding contributions to the fields of intranets and digital workplaces. The awards uncover remarkable solutions that deliver business value and then share them with the wider community. We also shine a light on the talented teams behind this work and the agencies that have supported them. Now in their eleventh year, the awards have consistently attracted high quality entries from around the world. P 1

Intranet Business Strategies Mellanie Hills, 1997. A total blueprint for planning and implementing a state of the art intranet in your organization. Intranets are an economical, easy to use and secure way to bring the many benefits of the World Wide Web to your company. They have been proven to save cost and significantly increase productivity in major companies around the world. Yet selling upper management on the idea of an intranet isn't always easy. **Intranet Business Strategies** is for business and IT managers interested in helping their companies profit from the many advantages of a private Web based network. It's also a complete step by step guide for all

those involved in planning and implementing their organization's intranet. With the help of case studies from 13 leading companies including JCPenney, Bell Atlantic, EDS, Texas Instruments, and Turner Broadcasting, intranet expert Mellanie Hills analyzes the advantages, disadvantages, costs, and benefits of an intranet. Demonstrates what an intranet can do for your company. Explores what intranets look like, who uses them, and many other practical strategic issues. Helps you determine whether your company is ready for an intranet. Provides you with a step-by-step plan for implementing an intranet along with detailed checklists. Shows you how to determine and develop your infrastructure needs. Describes the tools you'll need and how to select and acquire them. Offers a complete plan for selling an intranet to your company, including a sample presentation with web pages. Shows how to involve all areas of your company to develop your intranet. Highlights the lessons learned from 13 companies that have been there. Demonstrates how to create an intranet team and includes actual meeting agendas.

Intranets James D. Cimino, 1997. Companies now realize that the Internet is an essential business tool for communicating within the privacy of their own corporate networks. This book focuses on the hardware, software, and personnel requirements for establishing an intranet. It discusses Web servers, appropriate Java and Shockwave applications, page design, and the logistics of setting up and maintaining the site.

Designing Intranets James Robertson, 2010. The definitive textbook for intranet teams on how to design intranets that work for staff. In 275 pages, this book walks through a practical, user-centred approach to the design process, richly illustrating each step with full-colour screenshots from organisations across the globe.

Essential Intranets Inspiring Sites That Deliver Business Value Introduction

In today's digital age, the availability of Essential Intranets Inspiring Sites That Deliver Business Value books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Essential Intranets Inspiring Sites That Deliver Business Value books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Essential Intranets Inspiring Sites That Deliver Business Value books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Essential Intranets Inspiring Sites That Deliver Business Value versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Essential Intranets Inspiring Sites That Deliver Business Value books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Essential Intranets Inspiring Sites That Deliver Business Value books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Essential Intranets Inspiring Sites That Deliver Business Value books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit

organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Essential Intranets Inspiring Sites That Deliver Business Value books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Essential Intranets Inspiring Sites That Deliver Business Value books and manuals for download and embark on your journey of knowledge?
