[Essentials in International Relations](#) Karen Mingst, 1999-03-01 **Neoclassical realism in European politics** Asle Toje, Barbara Kunz, 2024-07-30 Realism is making a comeback in Europe. This book brings together a new generation of realist scholars. It provides a rigorous survey for specialists seeking to understand the dynamics of international relations in a time of change. The volume thus seeks to explore the European dimension to neoclassical realism. The hope with this book is that it will spark a debate that in time might lead to the re-emergence of a distinctly European realist school which draws on the roots of the historical non-American realist tradition, benefiting from insights in the liberal constructivist paradigm. Through detailed case studies, the book illustrates that power and influence remain fruitful, even indispensable, variables through which to understand the formation of foreign policy.
