The new edition also adds an extensive annotated list of editorial tools and references and includes a bit of light entertainment for language lovers such as a brief history of punctuation marks that didn't make the grade, the strange case of *razbliuto* and a few Easter eggs awaiting discovery by keen-eyed readers. The fourth edition features updates on the transformation of editorial roles in today's publishing environment; new applications, processes and protocols for on-screen editing; major changes in editorial resources such as online dictionaries and language corpora; new grammar and usage authorities; online editorial communities; and web-based research tools. When you're ready to test your mettle, pick up *The Copyeditor's Workbook: Exercises and Tips for Honing Your Editorial Judgment*, the essential new companion to the handbook.
