Finland A Question And Answer Book Questions And Answers Countries:

Finland Donald B. Lemke, 2005-08 Describes the geography history economy and culture of Finland in a question and answer format Provided by publisher American Book Publishing Record ,2005 Handbook of Survey Methodology for the Social Sciences Lior Gideon, 2012-06-21 Surveys enjoy great ubiquity among data collection methods in social research they are flexible in questioning techniques in the amount of questions asked in the topics covered and in the various ways of interactions with respondents Surveys are also the preferred method by many researchers in the social sciences due to their ability to provide quick profiles and results Because they are so commonly used and fairly easy to administer surveys are often thought to be easily thrown together But designing an effective survey that yields reliable and valid results takes more than merely asking questions and waiting for the answers to arrive Geared to the non statistician the Handbook of Survey Methodology in Social Sciences addresses issues throughout all phases of survey design and implementation Chapters examine the major survey methods of data collection providing expert guidelines for asking targeted questions improving accuracy and quality of responses while reducing sampling and non sampling bias Relying on the Total Survey Error theory various issues of both sampling and non sampling sources of error are explored and discussed By covering all aspects of the topic the Handbook is suited to readers taking their first steps in survey methodology as well as to those already involved in survey design and execution and to those currently in training Featured in the Handbook The Total Survey Error sampling and non sampling errors Survey sampling techniques The art of question phrasing Techniques for increasing response rates A question of ethics what is allowed in survey research Survey design face to face phone mail e mail online computer assisted Dealing with sensitive issues in surveys Demographics of respondents implications for future survey research Dealing with nonresponse and nonresponse bias The Handbook of Survey Methodology in Social Sciences offers how to clarity for researchers in the social and behavioral sciences and related disciplines including sociology criminology criminal justice social psychology education public health political science management and many other disciplines relying on survey methodology as one of their main data collection tools Guide to Secondary School-leaving Certificates in European Countries Sergij Gabršček, 1996 **Doing Women's Studies** Gabriele Griffin, 2013-07-04 With the expansion of the EU in 2004 and its inclusion now of 25 European countries the movement of workers across the Continent will affect the employment opportunities of women But as this up to date investigation across nine countries shows there remain significant differences amongst specific European countries regarding women s education and employment opportunities Taking 1945 as its historical starting point this sociological study based on some 900 questionnaire responses and more than 300 in depth interviews explores the complex inter relationship between women s employment the institutionalization of equal opportunities and Women s Studies training This volume is the first to explore what happens to women who have undertaken Women s Studies training in the labour market Factors influencing their actual employment experiences include employment

opportunities for women in each country their expectations of the labour market and gender norms informing those expectations how far equal opportunities are actually enforced and the strength of local women s movements Doing Women s Studies provides unique information about and insightful analyses of the changing patterns of women s employment in Europe equal opportunities in a cross European perspective educational migration gender race ethnicity and nationality and the uneven prevalence and impact of Women s Studies on the lifestyles and everyday practices of those women who have experienced it The contributors are prominent feminist researchers from nine European countries Their findings will be of interest to sociologists and gender studies experts working in the areas of gender employment equal opportunities and the impact of education on employment **Constitutionality of Law without a Constitutional Court** Miroslaw

Granat,2023-09-01 This book analyses the problem of the possibility of guaranteeing the constitutionality of law in cases when a constitutional court either has been weakened or does not exist A starting point of the research is the emergence of the so called illiberal constitutionalism in several states namely Poland Hungary and Turkey as this phenomenon gravely affects the functioning of constitutional courts The work is divided into three parts The first contains contributions of a theoretical nature dedicated to the current shape of constitutional review in particular in the light of the emergence of illiberal constitutionalism This part of the book also deals with the collapse of the centralised constitutional review in Poland and the attempts to resolve the constitutional crisis The second is focused on discussing specific current problems with constitutional review on the basis of states such as Hungary Romania Turkey and Poland The third relates to other forms of constitutional review that is the so called dispersed model and the parliamentary one executed in the course of the legislative process The contributions discuss such forms of constitutional review in the Netherlands and Finland The book will be a valuable resource for students academics and policy makers working in the areas of constitutional law and politics
